Integration Partner Exchanges

The following list of partner-specific exchanges is only a guideline and can vary based on the needs of individual counties.

All Integration Partners	WSDLs and Schemas
Executive Summary ISB and CCMS-V4 Data Exchanges Overview CCMS Data Exchange Traceability, June 2010 Data Exchange Functional Design Guidelines Some or all of following appendixes may be referenced in the data exchange documents. Appendix A – References Appendix B – Acronyms Appendix C – List of Open Issues Appendix D - CCMS-V4 Data Exchange Mapping to DES, CCMS-V4 Core and Post-JAD Use Cases. Appendix E – Mapping to CCMS-V4 Data Exchanges Appendix F – CCMS-V4 Data Exchanges Mapping to CCMS-V4 Core FA and Batch Jobs Appendix G – CCMS-V4 Data Exchange Web Services List Appendix H – CCMS-V4 Data Exchange Requirements Traceability Matrix Appendix I - Statement of Work Requirements Traceability Matrix Appendix J – CCMS-V4 Data Exchange Non-Functional Requirements Appendix K – CCMS-V4 Data Exchange Errors Appendix L - CCMS-V4 Data Exchange Data Mapping Reference Appendix M – Order After Hearing (OAH) Forms Appendix N - Clerk Review Data Exchange Mapping to Common Element Blocks	Not applicable
Receive Case Calendar Information Query CCMS-V4-CAL805 This data exchange will be used by the Trial Court to receive a request for case calendar query from an Integration Partner (IP). The following are possible situations when an Integration Partner may wish to use this data exchange: ▪ IP wishes to know the next scheduled hearing for a specific case ▪ IP wishes to know the list of hearings calendared on a specific case	CAL805 WSDLs and Schemas

All Integration Partners	WSDLs and Schemas
Receive Case Notice List Query CCMS-V4-CAS807 This data exchange will be used by the Trial Court to receive a request for the notice list on a case from an Integration Partner (IP). The following is a possible situation when an Integration Partner may wish to use this data exchange: ▪ IP wishes to receive the list of participants that are on the notice list for a case in the Trial Court.	CAS807 WSDLs and Schemas
Receive Minute Order Notification CCMS-V4-DSP822 This data exchange will be used by the Trial Court to receive from an Integration Partner (IP), a set of minute codes to create a draft minute order associated with a future hearing on a case. This applies to all the CCMS-V4 case categories. The following are possible situations when an Integration Partner may wish to use this data exchange: ▪ IP wishes to send in MOCS codes for proposed orders on probation violation. ▪ IP wishes to send in MOCS codes on probation recommendations.	DSP822 WSDLs and Schemas
Receive Accounting Reconciliation Report from EFSPs Notification CCMS-V4-EFL801 This data exchange will be used by the Trial Court to receive payment information from an Integration Partner (IP). The Trial Court will use this information to reconcile payment data recorded in CCMS-V4 with the payments forwarded by the Integration Partner on electronically filed cases. The following is a possible situation when an Integration Partner may wish to use this data exchange: ▪ IP wishes to send payment reconciliation information on electronically filed cases to the Trial Court.	EFL801 WSDLs and Schemas
Send Clerk Review Rejection Notification CCMS-V4-EFL902 This data exchange will be used by the Trial Court to send a rejection response to an inbound request received via a data exchange subject to clerk review.	EFL902 WSDLs and Schemas

All Integration Partners	WSDLs and Schemas
Receive Exhibits List Notification CCMS-V4-EXB801 This data exchange will be used by the Trial Court to receive a case hearing exhibit list in electronic format, which gets imported into CCMS-V4. The following is a possible situation when an Integration Partner may wish to use this data exchange: ▪ IP wishes to submit an exhibit list prior to the case hearing on behalf of an attorney.	EXB801 WSDLs and Schemas
Receive Case Initiation Filing - Small Claims CCMS-V4-INI804 This data exchange will be used by the Trial Court to receive a case initiating filing document from an Integration Partner (IP) to initiate a small claims case. The following is a possible situation when an Integration Partner may wish to use this data exchange: ▪ IP submits a small claims case initiating filing document for a client for a jurisdictional amount of less than or equal to $7,500.	INI804 WSDLs and Schemas
Receive Case Initiation Filing - Civil Limited Unlimited CCMS-V4-INI805 This data exchange will be used by the Trial Court to receive a case initiating filing document from an Integration Partner (IP) to initiate a civil limited or a civil unlimited case for any case type. The following are possible situations when an Integration Partner may wish to use this data exchange: ▪ IP submits a harassment filing document for a client. ▪ IP submits a petition for name change filing document for a client.	INI805 WSDLs and Schemas
Receive Case Initiation Filing – Mental Health CCMS-V4-INI819 This data exchange will be used by the Trial Court to receive a case initiating filing document from an Integration Partner (IP) to initiate a mental health case. The following are possible situations when an Integration Partner may wish to use this data exchange: ▪ IP submits a Certification case on behalf of a client. ▪ IP submits an LPS Conservatorship case on behalf of a client.	INI819 WSDLs and Schemas

All Integration Partners	WSDLs and Schemas
Receive Case Initiation Filing – Probate CCMS-V4-INI820 This data exchange will be used by the Trial Court to receive a case initiating filing document from an Integration Partner (IP) to initiate a probate case. The following are possible situations when an Integration Partner may wish to use this data exchange: ▪ IP submits a Petition for Change of Name on behalf of a client. ▪ IP submits a Spousal Property petition on behalf of a client. ▪ IP submits a Guardianship of Person and Estate petition on behalf of a client.	INI820 WSDLs and Schemas
Send Case Initiation Filing – Small Claims Confirmation Notification CCMS-V4-INI923 This data exchange will be used by the Trial Court to send an acceptance response to the case initiation request received via the *CCMS-V4-INI804 Receive Case Initiation Filing – Small Claims* data exchange.	INI923 WSDLs and Schemas
Send Case Initiation Filing – Civil Limited/Unlimited Confirmation Notification CCMS-V4-INI924 This data exchange will be used by the Trial Court to send an acceptance response to the case initiation request received via the *CCMS-V4-INI805 Receive Case Initiation Filing – Civil Limited/Unlimited* data exchange.	INI924 WSDLs and Schemas
Send Case Initiation Filing – Mental Health Confirmation Notification CCMS-V4-INI935 This data exchange will be used by the Trial Court to send an acceptance response to the case initiation request received via the *CCMS-V4-INI819 Receive Case Initiation Filing – Mental Health* data exchange.	INI935 WSDLs and Schemas
Send Case Initiation Filing – Probate Confirmation Notification CCMS-V4-INI936 This data exchange will be used by the Trial Court to send an acceptance response to the case initiation request received via the *CCMS-V4-INI820 Receive Case Initiation Filing – Probate* data exchange.	INI936 WSDLs and Schemas

All Integration Partners	WSDLs and Schemas
Receive Civil Issuances Query CCMS-V4-ISS806 This data exchange will be used by the Trial Court to receive a request for writ and civil warrants information from an Integration Partner (IP). The following is a possible situation when an Integration Partner may wish to use this data exchange: ▪ IP wishes to query Trial Court records for a specific civil warrant or writ.	ISS806 WSDLs and Schemas
Receive Family Unit Update Request CCMS-V4-PF807 This data exchange will be used by the Trial Court to receive a request from an Integration Partner (IP) to add or remove members or add, modify or remove relationships for existing members, for an existing family unit in the CCMS-V4 system. The following are possible situations when an Integration Partner may wish to use this data exchange: ▪ Remove a member from an existing family unit ▪ Update the relationships for members in an existing family unit ▪ Add a member or a new relationship to an existing family unit	PF807 WSDLs and Schemas
Send Family Unit Update Confirmation Notification CCMS-V4-PF908 This data exchange will be used by the Trial Court to send an acceptance response to the family unit update request received via the *CCMS-V4-PF807 Send Family Unit Update Request* data exchange.	PF908 WSDLs and Schemas

Integration Partner: Appellate Court Case Management System (ACCMS)	**WSDLs and Schemas**
Receive Order, Disposition Order, Opinion Notification (ACCMS) CCMS-V4-APL802 This data exchange will be used by the Trial Court to receive an order, disposition order, or opinion notification from an Integration Partner (IP) to notify the Trial Court to take specific action on a case. The following are possible situations when an Integration Partner may wish to use this data exchange: ▪ IP wishes to notify the Trial Court of an interim order related to a case. ▪ IP wishes to notify the Trial Court of a final order related to a case. ▪ IP wishes to notify the Trial Court of an opinion related to a case.	APL802 WSDLs and Schemas
Receive Remittitur Notification (ACCMS) CCMS-V4-APL803 This data exchange will be used by the Trial Court to receive a remittitur from an Integration Partner (IP) to notify the Trial Court that the case is being transferred back to the Trial Court. The following is a possible situation when an Integration Partner may wish to use this data exchange: ▪ IP wishes to transfer a case back to the Trial Court	APL803 WSDLs and Schemas
Send Case Transfer to ACCMS Notification CCMS-V4-APL901 This data exchange will be used by the Trial Court to send a case transfer or subsequent document to an Integration Partner (IP). Some examples include: ▪ Case participant files an appeal. ▪ Case participant is found guilty on a death sentence. ▪ IP request additional documentation from the Trial Court.	APL901 WSDLs and Schemas

Integration Partner: AOC – Phoenix System	**WSDLs and Schemas**
Receive Disbursement Update Notification CCMS-V4-PHX802 This data exchange will be used by the Trial Court to receive a disbursement update notification from an Integration Partner (IP). The following are possible situations when an Integration Partner may wish to use this data exchange: ▪ IP notifies the Trial Court that a disbursement check has been printed and mailed. ▪ IP notifies the Trial Court that a disbursement check request has been rejected. ▪ IP notifies the Trial Court that a disbursement check has cleared. ▪ IP notifies the Trial Court that a disbursement check has been returned un-cashed, (e.g., incorrect address, lost check). ▪ IP notifies the Trial Court that a disbursement check has been voided.	PHX802 WSDLs and Schemas
Receive Bad Check Notification CCMS-V4-PHX806 This data exchange will be used by the Trial Court to receive a bad check notification from an Integration Partner (IP) when the IP receives a returned check. The following are possible situations when an Integration Partner may wish to use this data exchange: ▪ IP receives a returned check from their bank, where the check's funds were originally sent to the Trial Court for a case payment. ▪ IP wishes to reverse a previous case payment due to a returned NSF check.	PHX806 WSDLs and Schemas
Send Disbursement Request CCMS-V4-PHX901 This data exchange will be used by the Trial Court to send disbursement requests to an Integration Partner (IP) when the *V4-BAT-PHX04 Send Disbursement Requests* batch job is executed by the Trial Court.	PHX901 WSDLs and Schemas

Integration Partner: AOC – Phoenix System	**WSDLs and Schemas**
Send Monthly Fund Distribution Aggregate Summary Notification CCMS-V4-PHX903 This data exchange will be used by the Trial Court to send a monthly fund distribution summary notification to an Integration Partner (IP) when the *V4-BAT-PHX03 Send Monthly Distribution Summary* batch job is executed by the Trial Court.	PHX903 WSDLs and Schemas
Send Daily Receipts Deposit Not ification CCMS-V4-PHX904 This data exchange will be used by the Trial Court to send daily receipts notification to an Integration Partner (IP) when the *V4-BAT-PHX01 Send Daily Receipts* batch job is executed by the Trial Court.	PHX904 WSDLs and Schemas

Integration Partner: Attorney General	**WSDLs and Schemas**
Receive Victim Restitution Establishment Request CCMS-V4-ACC801 This data exchange will be used by the Trial Court to receive a victim restitution establishment request from an Integration Partner (IP) to create a victim restitution account in CCMS-V4. The following is a possible situation when an Integration Partner may wish to use this data exchange: ▪ IP researches and determines victim restitution information.	ACC801 WSDLs and Schemas
Send Victim Restitution Establishment Confirmation Notification CCMS-V4-ACC904 This data exchange will be used by the Trial Court to send an acceptance response to the case initiation request *V4-ACC801 Receive Victim Restitution Establishment Request* data exchange.	ACC904 WSDLs and Schemas
Receive Calendar Event Request CCMS-V4-CAL801 This data exchange will be used by the Trial Court to receive a request to schedule a calendar event from an Integration Partner (IP). The following are possible situations when an Integration Partner may wish to use this data exchange: ▪ IP wishes to schedule a hearing for a defendant or minor in probation. ▪ IP wishes to obtain a calendar date, time, and location prior to releasing a defendant on an own recognizance. ▪ IP wishes to schedule a hearing for a probation client seeking modification to probation terms and conditions.	CAL801 WSDLs and Schemas
Send Calendar Event Request Confirmation Notification CCMS-V4-CAL904 This data exchange will be used by the Trial Court to send an acceptance response to the case initiation request received via the *CCMS-V4- CAL801 Receive Calendar Event Request* data exchange.	CAL904 WSDLs and Schemas

Integration Partner: Attorney General	**WSDLs and Schemas**
Receive Case Summary Query CCMS-V4-CAS801 This data exchange will be used by the Trial Court to receive a request for case summary information from an Integration Partner (IP). The following are possible situations when an Integration Partner may wish to use this data exchange: ▪ IP wishes to know the next scheduled hearing for a specific case. ▪ IP wishes to know the current case status for a specific case.	CAS801 WSDLs and Schemas
Send Case Summary Notification CCMS-V4-CAS902 This data exchange will be used by the Trial Court to send case summary details to an Integration Partner (IP) when the *V4-BAT-CSM10 Generate Daily Case Summary* batch job is executed by the Trial Court.	CAS902 WSDLs and Schemas
Send Case Consolidation - De-Consolidation Notification CCMS-V4-CAS903 This data exchange will be used by the Trial Court to send a case consolidation or case de-consolidation notification to an Integration Partner (IP) when any of the following actions are ordered by the Trial Court: ▪ Case consolidation notification: The Trial Court consolidates more than one case, (e.g., same minor with two cases) into a lead case. ▪ Case de-consolidation notification: The Trial Court de-consolidates previously consolidated cases either due to a clerical error or judicial order.	CAS903 WSDLs and Schemas
Send Public Defender Case Assignment Notification CCMS-V4-CAS904 This data exchange will be used by the Trial Court to send a public defender or alternate public defender case assignment notification to an Integration Partner (IP) when the public defender has been assigned to a case as a case resource by the Trial Court. Hereafter, when public defender is referenced, it equates to the Public Defender, the Alternate Public Defender, or an Entity Panel.	CAS904 WSDLs and Schemas

Integration Partner: Attorney General	**WSDLs and Schemas**
Send Courtroom Order Notification CCMS-V4-CRT901 This data exchange will be used by the Trial Court to send a finalized original or amended minute order to an Integration Partner (IP) when a minute order is finalized either inside or outside the courtroom by the Trial Court.	CRT901 WSDLs and Schemas
Receive Probation Violations Update Notification CCMS-V4-DSP821 This data exchange will be used by the Trial Court to receive notice of a probation violation from an Integration Partner (IP). The following is a possible situation when an Integration Partner may wish to use this data exchange: ▪ IP wishes to notify the courts of probation conditions that have been violated.	DSP821 WSDLs and Schemas
Send Seal Juvenile Record Order Notification CCMS-V4-DSP908 This data exchange will be used by the Trial Court to send an order to seal a juvenile case to an Integration Partner (IP) when this action is ordered by the Trial Court.	DSP908 WSDLs and Schemas
Send Order After Hearing Notification CCMS-V4-DSP913 This data exchange will be used by the Trial Court to send finalized Order After Hearing (OAH) forms and associated data (MOCS codes and text) to an Integration Partner (IP) when a family law or juvenile proposed order is finalized and issued either inside or outside the courtroom by the Trial Court.	DSP913 WSDLs and Schemas
Send True Finding on Juvenile 602 Case Order Notification CCMS-V4-DSP915 This data exchange will be used by the Trial Court to send an order of true finding on a juvenile delinquency case to an Integration Partner (IP) when this action has been ordered by the Trial Court.	DSP915 WSDLs and Schemas

Integration Partner: Attorney General	**WSDLs and Schemas**
Send Restraining Order Issuance-Cancel-Update Notification CCMS-V4-DSP917 This data exchange will be used by the Trial Court to send restraining order issuances, modifications, and removals to an Integration Partner (IP) when any of the following actions are ordered by the Trial Court: ▪ Restraining order is issued. ▪ Restraining order is modified. ▪ Restraining order is removed.	DSP917 WSDLs and Schemas
Send Juvenile Commit Abstract Notification CCMS-V4-DSP919 This data exchange will be used by the Trial Court to send a juvenile abstract of judgment – commitment form to an Integration Partner (IP). Some examples include: ▪ A juvenile is committed to the Division of Juvenile Justice for acceptance. ▪ A juvenile is committed to the Division of Juvenile Justice for a 90-day period of observation and diagnosis.	DSP919 WSDLs and Schemas
Send Probation Violations Update Confirmation Notification CCMS-V4-DSP923 This data exchange will be used by the Trial Court to send an acceptance response to the case initiation request received via the *CCMS-V4-DSP821 Receive Probation Violations Update Notification* data exchange.	DSP923 WSDLs and Schemas
Send Violation and Bail Schedule Update Notification CCMS-V4-FSC901 This data exchange will be used by the Trial Court to send violation and bail schedule updates to an Integration Partner (IP) when updates have been processed by the Trial Court.	FSC901 WSDLs and Schemas

Integration Partner: Attorney General	**WSDLs and Schemas**
Receive Case Initiation Filing - Felony, Misdemeanor and Infraction (FMI) CCMS-V4-INI802 This data exchange will be used by the Trial Court to receive a case initiating filing document or amended initiating filing document from an Integration Partner (IP) to initiate an FMI case for any case type. All amended case filings for FMI are received by the Trial Court using this data exchange. The following is a possible situation when an IP may wish to use this data exchange: ▪ IP charges a defendant with a violation.	INI802 WSDLs and Schemas
Receive Case Initiation Filing – Juvenile CCMS-V4-INI803 This data exchange will be used by the Trial Court to receive a case initiating filing document from an Integration Partner (IP) to initiate a juvenile case for any case type. All amended case filings for Juvenile are received by the Trial Court using this data exchange. The following are a selective list of possible situations when an Integration Partner may wish to use this data exchange: ▪ IP charges a juvenile with a delinquency violation. ▪ IP charges a juvenile with a truancy violation. ▪ IP processes a juvenile (may be dependent child or delinquent child) with an extradition to another state. ▪ IP files on behalf of alleged dependent child. ▪ IP requests modification order. ▪ IP removes child from home for abuse or neglect and files a petition	INI803 WSDLs and Schemas

Integration Partner: Attorney General	**WSDLs and Schemas**
Receive Case Initiation Filing - No Complaint Filed (NCF) CCMS-V4-INI814 This data exchange will be used by the Trial Court to receive a case initiating filing document from an Integration Partner (IP) to initiate an NCF case The following are possible situations when an Integration Partner may wish to use this data exchange: ▪ IP makes an arrest. ▪ IP wishes to notify the Trial Court of a cash bail, bail bond, OR release form, or a request to schedule a hearing.	INI814 WSDLs and Schemas
Receive Subsequent Case Filing CCMS-V4-INI816 This data exchange will be used by the Trial Court to receive a subsequent case filing from an Integration Partner (IP) to add a subsequent filing document associated with numerous filing types described in the associated documentation.	INI816 WSDLs and Schemas
Send Case Initiation Filing – Felony, Misdemeanor, and Infraction (FMI) Confirmation Notification CCMS-V4-INI921 This data exchange will be used by the Trial Court to send an acceptance response to the case initiation request received via the *CCMS-V4-INI802 Receive Case Initiation Filing – Felony, Misdemeanor, and Infraction (FMI)* data exchange.	INI921 WSDLs and Schemas
Send Case Initiation Filing – Juvenile Confirmation Notification CCMS-V4-INI922 This data exchange will be used by the Trial Court to send an acceptance response to the case initiation request received via the *CCMS-V4-INI803 Receive Case Initiation Filing – Juvenile* data exchange.	INI922 WSDLs and Schemas
Send Case Initiation Filing – No Complaint Filed (NCF) Confirmation Notification CCMS-V4-INI933 This data exchange will be used by the Trial Court to send an acceptance response to the case initiation request received via the *CCMS-V4-INI814 Receive Case Initiation Filing – No Complaint Filed (NCF)* data exchange.	INI933 WSDLs and Schemas

Integration Partner: Attorney General	**WSDLs and Schemas**
Send Subsequent Case Filing Confirmation Notification CCMS-V4-INI934 This data exchange will be used by the Trial Court to send an acceptance response to the case initiation request received via the *CCMS-V4-INI816 Receive Subsequent Case Filing* data exchange.	INI934 WSDLs and Schemas
Send Warrant Issuance-Recall Notification CCMS-V4-ISS901 This data exchange will be used by the Trial Court to send warrant issuances and recalls to an Integration Partner (IP) when any of the following actions are ordered by the Trial Court: ▪ A warrant is issued. ▪ A warrant is recalled.	ISS901 WSDLs and Schemas
Send Case Participant Demographic Information Notification CCMS-V4-PF901 This data exchange will be used by the Trial Court to send case participant demographic information to an Integration Partner (IP). Some examples include: ▪ Trial Court adds, updates, or removes a DBA or AKA name to a case participant. ▪ Trial Court adds, updates, or removes a mailing address to a case participant. ▪ Trial Court adds, updates, or removes a phone number to a case participant. ▪ Trial Court adds, updates, or removes a family relationship for a case participant.	PF901 WSDLs and Schemas

Integration Partner: Bureau of Indian Affairs	**WSDLs and Schemas**
Send Calendar Event Notification CCMS-V4-CAL902 This data exchange will be used by the Trial Court to send a calendar event notification to an Integration Partner (IP). Some examples include: ▪ A hearing is scheduled. ▪ A hearing is vacated. ▪ A hearing is deleted. ▪ A previously vacated hearing is restored. ▪ A hearing is modified, (e.g., reassigned to another courtroom, rescheduled to a different day). ▪ A hearing is stayed.	CAL902 WSDLs and Schemas
Send Calendar Event Request Confirmation Notification CCMS-V4-CAL904 This data exchange will be used by the Trial Court to send an acceptance response to the case initiation request received via the *CCMS-V4- CAL801 Receive Calendar Event Request* data exchange.	CAL904 WSDLs and Schemas
Send Courtroom Order Notification CCMS-V4-CRT901 This data exchange will be used by the Trial Court to send a finalized original or amended minute order to an Integration Partner (IP) when a minute order is finalized either inside or outside the courtroom by the Trial Court.	CRT901 WSDLs and Schemas
Send Order After Hearing Notification CCMS-V4-DSP913 This data exchange will be used by the Trial Court to send finalized Order After Hearing (OAH) forms and associated data (MOCS codes and text) to an Integration Partner (IP) when a family law or juvenile proposed order is finalized and issued either inside or outside the courtroom by the Trial Court.	DSP913 WSDLs and Schemas

Integration Partner: City Attorney	**WSDLs and Schemas**
Receive Victim Restitution Establishment Request CCMS-V4-ACC801 This data exchange will be used by the Trial Court to receive a victim restitution establishment request from an Integration Partner (IP) to create a victim restitution account in CCMS-V4. The following is a possible situation when an Integration Partner may wish to use this data exchange: ▪ IP researches and determines victim restitution information.	ACC801 WSDLs and Schemas
Send Victim Restitution Establishment Confirmation Notification CCMS-V4-ACC904 This data exchange will be used by the Trial Court to send an acceptance response to the case initiation request *V4-ACC801 Receive Victim Restitution Establishment Request* data exchange.	ACC904 WSDLs and Schemas
Receive Case Search Query CCMS-V4-APP801 This data exchange will be used by the Trial Court to receive a request for case listing information from an Integration Partner (IP). The following is a possible situation when an Integration Partner may wish to use this data exchange: ▪ IP wishes to search Trial Court records for any additional cases for a specific case participant.	APP801 WSDLs and Schemas
Receive Calendar Event Request CCMS-V4-CAL801 This data exchange will be used by the Trial Court to receive a request to schedule a calendar event from an Integration Partner (IP). The following are possible situations when an Integration Partner may wish to use this data exchange: ▪ IP wishes to schedule a hearing for a defendant or minor in probation. ▪ IP wishes to obtain a calendar date, time, and location prior to releasing a defendant on an own recognizance. ▪ IP wishes to schedule a hearing for a probation client seeking modification to probation terms and conditions.	CAL801 WSDLs and Schemas

Integration Partner: City Attorney	**WSDLs and Schemas**
Send Calendar Event Notification CCMS-V4-CAL902 This data exchange will be used by the Trial Court to send a calendar event notification to an Integration Partner (IP). Some examples include: ▪ A hearing is scheduled. ▪ A hearing is vacated. ▪ A hearing is deleted. ▪ A previously vacated hearing is restored. ▪ A hearing is modified, (e.g., reassigned to another courtroom, rescheduled to a different day). ▪ A hearing is stayed.	CAL902 WSDLs and Schemas
Send Calendar Event Request Confirmation Notification CCMS-V4-CAL904 This data exchange will be used by the Trial Court to send an acceptance response to the case initiation request received via the *CCMS-V4-CAL801 Receive Calendar Event Request* data exchange.	CAL904 WSDLs and Schemas
Send Case Summary Notification CCMS-V4-CAS902 This data exchange will be used by the Trial Court to send case summary details to an Integration Partner (IP) when the *V4-BAT-CSM10 Generate Daily Case Summary* batch job is executed by the Trial Court.	CAS902 WSDLs and Schemas
Send Case Consolidation - De-Consolidation Notification CCMS-V4-CAS903 This data exchange will be used by the Trial Court to send a case consolidation or case de-consolidation notification to an Integration Partner (IP) when any of the following actions are ordered by the Trial Court: ▪ Case consolidation notification: The Trial Court consolidates more than one case, (e.g., same minor with two cases) into a lead case. ▪ Case de-consolidation notification: The Trial Court de-consolidates previously consolidated cases either due to a clerical error or judicial order.	CAS903 WSDLs and Schemas

Integration Partner: City Attorney	**WSDLs and Schemas**
Send Public Defender Case Assignment Notification CCMS-V4-CAS904 This data exchange will be used by the Trial Court to send a public defender or alternate public defender case assignment notification to an Integration Partner (IP) when the public defender has been assigned to a case as a case resource by the Trial Court. Hereafter, when public defender is referenced, it equates to the Public Defender, the Alternate Public Defender, or an Entity Panel.	CAS904 WSDLs and Schemas
Send Courtroom Order Notification CCMS-V4-CRT901 This data exchange will be used by the Trial Court to send a finalized original or amended minute order to an Integration Partner (IP) when a minute order is finalized either inside or outside the courtroom by the Trial Court.	CRT901 WSDLs and Schemas
Receive Probation Violations Update Notification CCMS-V4-DSP821 This data exchange will be used by the Trial Court to receive notice of a probation violation from an Integration Partner (IP). The following is a possible situation when an Integration Partner may wish to use this data exchange: ▪ IP wishes to notify the courts of probation conditions that have been violated.	DSP821 WSDLs and Schemas
Send Seal Juvenile Record Order Notification CCMS-V4-DSP908 This data exchange will be used by the Trial Court to send an order to seal a juvenile case to an Integration Partner (IP) when this action is ordered by the Trial Court.	DSP908 WSDLs and Schemas
Send Order After Hearing Notification CCMS-V4-DSP913 This data exchange will be used by the Trial Court to send finalized Order After Hearing (OAH) forms and associated data (MOCS codes and text) to an Integration Partner (IP) when a family law or juvenile proposed order is finalized and issued either inside or outside the courtroom by the Trial Court.	DSP913 WSDLs and Schemas

Integration Partner: City Attorney	**WSDLs and Schemas**
Send Restraining Order Issuance-Cancel-Update Notification CCMS-V4-DSP917 This data exchange will be used by the Trial Court to send restraining order issuances, modifications, and removals to an Integration Partner (IP) when any of the following actions are ordered by the Trial Court: ▪ Restraining order is issued. ▪ Restraining order is modified. ▪ Restraining order is removed.	DSP917 WSDLs and Schemas
Send Juvenile Commit Abstract Notification CCMS-V4-DSP919 This data exchange will be used by the Trial Court to send a juvenile abstract of judgment – commitment form to an Integration Partner (IP). Some examples include: ▪ A juvenile is committed to the Division of Juvenile Justice for acceptance. ▪ A juvenile is committed to the Division of Juvenile Justice for a 90-day period of observation and diagnosis.	DSP919 WSDLs and Schemas
Send Probation Violations Update Confirmation Notification CCMS-V4-DSP923 This data exchange will be used by the Trial Court to send an acceptance response to the case initiation request received via the *CCMS-V4-DSP821 Receive Probation Violations Update Notification* data exchange.	DSP923 WSDLs and Schemas
Send Violation and Bail Schedule Update Notification CCMS-V4-FSC901 This data exchange will be used by the Trial Court to send violation and bail schedule updates to an Integration Partner (IP) when updates have been processed by the Trial Court.	FSC901 WSDLs and Schemas

Integration Partner: City Attorney	**WSDLs and Schemas**
Receive Case Initiation Filing - Felony, Misdemeanor and Infraction (FMI) CCMS-V4-INI802 This data exchange will be used by the Trial Court to receive a case initiating filing document or amended initiating filing document from an Integration Partner (IP) to initiate an FMI case for any case type. All amended case filings for FMI are received by the Trial Court using this data exchange. The following is a possible situation when an IP may wish to use this data exchange: ▪ IP charges a defendant with a violation.	INI802 WSDLs and Schemas
Receive Case Initiation Filing – Juvenile CCMS-V4-INI803 This data exchange will be used by the Trial Court to receive a case initiating filing document from an Integration Partner (IP) to initiate a juvenile case for any case type. All amended case filings for Juvenile are received by the Trial Court using this data exchange. The following are a selective list of possible situations when an Integration Partner may wish to use this data exchange: ▪ IP charges a juvenile with a delinquency violation. ▪ IP charges a juvenile with a truancy violation. ▪ IP processes a juvenile (may be dependent child or delinquent child) with an extradition to another state. ▪ IP files on behalf of alleged dependent child. ▪ IP requests modification order. ▪ IP removes child from home for abuse or neglect and files a petition	INI803 WSDLs and Schemas

Integration Partner: City Attorney	**WSDLs and Schemas**
Receive Case Initiation Filing - No Complaint Filed (NCF) CCMS-V4-INI814 This data exchange will be used by the Trial Court to receive a case initiating filing document from an Integration Partner (IP) to initiate an NCF case The following are possible situations when an Integration Partner may wish to use this data exchange: ▪ IP makes an arrest. ▪ IP wishes to notify the Trial Court of a cash bail, bail bond, OR release form, or a request to schedule a hearing.	INI814 WSDLs and Schemas
Receive Subsequent Case Filing CCMS-V4-INI816 This data exchange will be used by the Trial Court to receive a subsequent case filing from an Integration Partner (IP) to add a subsequent filing document associated with numerous filing types described in the associated documentation.	INI816 WSDLs and Schemas
Send Case Initiation Filing – Felony, Misdemeanor, and Infraction (FMI) Confirmation Notification CCMS-V4-INI921 This data exchange will be used by the Trial Court to send an acceptance response to the case initiation request received via the *CCMS-V4-INI802 Receive Case Initiation Filing – Felony, Misdemeanor, and Infraction (FMI)* data exchange.	INI921 WSDLs and Schemas
Send Case Initiation Filing – Juvenile Confirmation Notification CCMS-V4-INI922 This data exchange will be used by the Trial Court to send an acceptance response to the case initiation request received via the *CCMS-V4-INI803 Receive Case Initiation Filing – Juvenile* data exchange.	INI922 WSDLs and Schemas
Send Case Initiation Filing – No Complaint Filed (NCF) Confirmation Notification CCMS-V4-INI933 This data exchange will be used by the Trial Court to send an acceptance response to the case initiation request received via the *CCMS-V4-INI814 Receive Case Initiation Filing – No Complaint Filed (NCF)* data exchange.	INI933 WSDLs and Schemas

Integration Partner: City Attorney	**WSDLs and Schemas**
Send Subsequent Case Filing Confirmation Notification CCMS-V4-INI934 This data exchange will be used by the Trial Court to send an acceptance response to the case initiation request received via the *CCMS-V4-INI816 Receive Subsequent Case Filing* data exchange.	INI934 WSDLs and Schemas
Send Warrant Issuance-Recall Notification CCMS-V4-ISS901 This data exchange will be used by the Trial Court to send warrant issuances and recalls to an Integration Partner (IP) when any of the following actions are ordered by the Trial Court: ▪ A warrant is issued. ▪ A warrant is recalled.	ISS901 WSDLs and Schemas
Send Case Participant Demographic Information Notification CCMS-V4-PF901 This data exchange will be used by the Trial Court to send case participant demographic information to an Integration Partner (IP). Some examples include: ▪ Trial Court adds, updates, or removes a DBA or AKA name to a case participant. ▪ Trial Court adds, updates, or removes a mailing address to a case participant. ▪ Trial Court adds, updates, or removes a phone number to a case participant. ▪ Trial Court adds, updates, or removes a family relationship for a case participant.	PF901 WSDLs and Schemas

Integration Partner: Collection Agency Vendor	**WSDLs and Schemas**
Receive Collections Franchise Tax Board (FTB) Case Return Notification CCMS-V4-COL805 This data exchange will be used by the Trial Court to receive a collections fee return/update notification from an Integration Partner (IP). Please note this data exchange will be used by the Trial Court to receive any fee return/update notifications, including case balances. The following are possible situations when an Integration Partner may wish to use this data exchange: ▪ IP wishes to remove their agency as the assigned collection agency for a specific fee. ▪ IP wishes to no longer pursue collection activities on a specific fee. ▪ IP wishes to send information updates on the assigned fee.	COL805 WSDLs and Schemas
Send Collections Case Referral Notification CCMS-V4-COL901 This data exchange will be used by the Trial Court to send collection referrals to an Integration Partner (IP) when the *V4-BAT-COL05 Generate Placement File* batch job is executed by the Trial Court. Please note this data exchange will be used by the Trial Court to refer any fee to collections, including case balances.	COL901 WSDLs and Schemas
Send Collection Balance Update Notification CCMS-V4-COL903 This data exchange will be used by the Trial Court to send collection balance update notifications to an Integration Partner (IP) when the *V4-BAT-COL06 Generate Transaction File* batch job is executed by the Trial Court. Please note this data exchange will be used by the Trial Court to send any collection balance update notifications for fees, including case balances.	COL903 WSDLs and Schemas
Send Collections Recall Notification CCMS-V4-COL904 This data exchange will be used by the Trial Court to send collection recall notifications to an Integration Partner (IP) when the *V4-BAT-COL07 Generate Recall Request File* batch job is executed by the Trial Court, to notify them to no longer pursue collection activities on the fee. Please note this data exchange will be used by the Trial Court to recall any fee from collections, including case balances.	COL904 WSDLs and Schemas

Integration Partner: Collection Agency Vendor	**WSDLs and Schemas**
Receive Payment Notification CCMS-V4-FCC806 This data exchange is used solely to create the case payment records in CCMS-V4 and does not affect the actual transfer of funds. Funds will continue being transferred in the same manner as they currently are by each IP, (e.g., check, ACH). The following are possible situations when an Integration Partner may wish to use this data exchange: ▪ IP submits collection case payment information. ▪ IP submits victim restitution payments collected from participants. ▪ A case participant submits weekly payment-plan information.	FCC806 WSDLs and Schemas
Receive Additional Demographic Information Notification CCMS-V4-PF802 This data exchange will be used by the Trial Court to receive additional demographic information from an Integration Partner (IP) to update the participant's person/entity record in CCMS-V4. The following are possible situations when an Integration Partner may wish to use this data exchange: ▪ IP learns of a new address for a participant. ▪ IP learns of a new phone number for a participant. ▪ IP wishes to update hold status information for a participant.	PF802 WSDLs and Schemas
Send Case Participant Demographic Information Notification CCMS-V4-PF901 This data exchange will be used by the Trial Court to send case participant demographic information to an Integration Partner (IP). Some examples include: ▪ Trial Court adds, updates, or removes a DBA or AKA name to a case participant. ▪ Trial Court adds, updates, or removes a mailing address to a case participant. ▪ Trial Court adds, updates, or removes a phone number to a case participant. ▪ Trial Court adds, updates, or removes a family relationship for a case participant.	PF901 WSDLs and Schemas

Integration Partner: County Counsel	**WSDLs and Schemas**
Send Calendar Event Notification CCMS-V4-CAL902 This data exchange will be used by the Trial Court to send a calendar event notification to an Integration Partner (IP). Some examples include: ▪ A hearing is scheduled. ▪ A hearing is vacated. ▪ A hearing is deleted. ▪ A previously vacated hearing is restored. ▪ A hearing is modified, (e.g., reassigned to another courtroom, rescheduled to a different day). ▪ A hearing is stayed.	CAL902 WSDLs and Schemas
Send Calendar Event Request Confirmation Notification CCMS-V4-CAL904 This data exchange will be used by the Trial Court to send an acceptance response to the case initiation request received via the *CCMS-V4- CAL801 Receive Calendar Event Request* data exchange.	CAL904 WSDLs and Schemas
Send Courtroom Order Notification CCMS-V4-CRT901 This data exchange will be used by the Trial Court to send a finalized original or amended minute order to an Integration Partner (IP) when a minute order is finalized either inside or outside the courtroom by the Trial Court.	CRT901 WSDLs and Schemas
Send Order After Hearing Notification CCMS-V4-DSP913 This data exchange will be used by the Trial Court to send finalized Order After Hearing (OAH) forms and associated data (MOCS codes and text) to an Integration Partner (IP) when a family law or juvenile proposed order is finalized and issued either inside or outside the courtroom by the Trial Court.	DSP913 WSDLs and Schemas

Integration Partner: County Counsel	**WSDLs and Schemas**
Receive Subsequent Case Filing CCMS-V4-INI816 This data exchange will be used by the Trial Court to receive a subsequent case filing from an Integration Partner (IP) to add a subsequent filing document associated with numerous filing types described in the associated documentation.	INI816 WSDLs and Schemas
Send Subsequent Case Filing Confirmation Notification CCMS-V4-INI934 This data exchange will be used by the Trial Court to send an acceptance response to the case initiation request received via the *CCMS-V4-INI816 Receive Subsequent Case Filing* data exchange.	INI934 WSDLs and Schemas
Send Case Participant Demographic Information Notification CCMS-V4-PF901 This data exchange will be used by the Trial Court to send case participant demographic information to an Integration Partner (IP). Some examples include: ▪ Trial Court adds, updates, or removes a DBA or AKA name to a case participant. ▪ Trial Court adds, updates, or removes a mailing address to a case participant. ▪ Trial Court adds, updates, or removes a phone number to a case participant. ▪ Trial Court adds, updates, or removes a family relationship for a case participant.	PF901 WSDLs and Schemas

Integration Partner: County Jails	**WSDLs and Schemas**
Receive Cash Bail Notification CCMS-V4-ACC802 This data exchange will be used by the Trial Court to receive a cash payment request from an Integration Partner (IP). This data exchange is used to track a defendant's booking number and to create a case payment record in CCMS-V4. It does not affect the actual transfer of funds. Funds will continue being transferred in the same manner as they currently are by each IP (e.g., check, ACH). The following are possible situations when an Integration Partner may wish to use this data exchange: ▪ IP arrests a defendant on an active warrant and defendant posts a cash bail. ▪ IP receives cash bail on an out of custody warrant of arrest (not in custody). ▪ IP receives cash bail on a remand (where bail has been established by a judicial officer) (in custody)	ACC802 WSDLs and Schemas
Receive Bail Bond Notification CCMS-V4-ACC803 This data exchange is used to create a bail bond record in CCMS-V4. It does not affect the actual transfer of funds. Funds will continue being transferred in the same manner as they currently are by each IP, (e.g., check, ACH). The following are possible situations when an Integration Partner may wish to use this data exchange: ▪ IP arrests a defendant on an active warrant and defendant secures a bail bond. ▪ IP receives bail bond on an out of custody warrant of arrest (not in custody). ▪ IP receives bail bond on a remand (where bail has been established by a judicial officer) (in custody)	ACC803 WSDLs and Schemas
Send Cash Bail Confirmation Notification CCMS-V4-ACC905 This data exchange will be used by the Trial Court to send an acceptance response to the case initiation request received via the *CCMS-V4-ACC802 Receive Cash Bail Notification* data exchange.	ACC905 WSDLs and Schemas

Integration Partner: County Jails	**WSDLs and Schemas**
Send Bail Bond Confirmation Notification CCMS-V4-ACC906 This data exchange will be used by the Trial Court to send an acceptance response to the case initiation request received via the *CCMS-V4-ACC803 Receive Bail Bond Notification* data exchange.	ACC906 WSDLs and Schemas
Receive Calendar Event Request CCMS-V4-CAL801 This data exchange will be used by the Trial Court to receive a request to schedule a calendar event from an Integration Partner (IP). The following are possible situations when an Integration Partner may wish to use this data exchange: ▪ IP wishes to schedule a hearing for a defendant or minor in probation. ▪ IP wishes to obtain a calendar date, time, and location prior to releasing a defendant on an own recognizance. ▪ IP wishes to schedule a hearing for a probation client seeking modification to probation terms and conditions.	CAL801 WSDLs and Schemas
Send Calendar Event Notification CCMS-V4-CAL902 This data exchange will be used by the Trial Court to send a calendar event notification to an Integration Partner (IP). Some examples include: ▪ A hearing is scheduled. ▪ A hearing is vacated. ▪ A hearing is deleted. ▪ A previously vacated hearing is restored. ▪ A hearing is modified, (e.g., reassigned to another courtroom, rescheduled to a different day). ▪ A hearing is stayed.	CAL902 WSDLs and Schemas
Send Calendar Event Request Confirmation Notification CCMS-V4-CAL904 This data exchange will be used by the Trial Court to send an acceptance response to the case initiation request received via the *CCMS-V4- CAL801 Receive Calendar Event Request* data exchange.	CAL904 WSDLs and Schemas

Integration Partner: County Jails	WSDLs and Schemas
Send Case Consolidation - De-Consolidation Notification CCMS-V4-CAS903 This data exchange will be used by the Trial Court to send a case consolidation or case de-consolidation notification to an Integration Partner (IP) when any of the following actions are ordered by the Trial Court: ▪ Case consolidation notification: The Trial Court consolidates more than one case, (e.g., same minor with two cases) into a lead case. ▪ Case de-consolidation notification: The Trial Court de-consolidates previously consolidated cases either due to a clerical error or judicial order.	CAS903 WSDLs and Schemas
Send Booking Required Notification CCMS-V4-CAS905 This data exchange will be used by the Trial Court to send a notification that a defendant must be booked to an Integration Partner (IP) when this action is ordered by the Trial Court.	CAS905 WSDLs and Schemas
Send Courtroom Order Notification CCMS-V4-CRT901 This data exchange will be used by the Trial Court to send a finalized original or amended minute order to an Integration Partner (IP) when a minute order is finalized either inside or outside the courtroom by the Trial Court.	CRT901 WSDLs and Schemas
Send Order After Hearing Notification CCMS-V4-DSP913 This data exchange will be used by the Trial Court to send finalized Order After Hearing (OAH) forms and associated data (MOCS codes and text) to an Integration Partner (IP) when a family law or juvenile proposed order is finalized and issued either inside or outside the courtroom by the Trial Court.	DSP913 WSDLs and Schemas
Send Adult Commit Abstract Notification CCMS-V4-DSP918 This data exchange will be used by the Trial Court to send an adult abstract of judgment – prison commitment form to an Integration Partner (IP) when a defendant is sentenced to a state correctional facility by the Trial Court.	DSP918 WSDLs and Schemas

Integration Partner: County Jails	WSDLs and Schemas
Send Juvenile Commit Abstract Notification CCMS-V4-DSP919 This data exchange will be used by the Trial Court to send a juvenile abstract of judgment – commitment form to an Integration Partner (IP). Some examples include: ▪ A juvenile is committed to the Division of Juvenile Justice for acceptance. ▪ A juvenile is committed to the Division of Juvenile Justice for a 90-day period of observation and diagnosis.	DSP919 WSDLs and Schemas
Send Violation and Bail Schedule Update Notification CCMS-V4-FSC901 This data exchange will be used by the Trial Court to send violation and bail schedule updates to an Integration Partner (IP) when updates have been processed by the Trial Court.	FSC901 WSDLs and Schemas
Receive Case Initiation Filing - No Complaint Filed (NCF) CCMS-V4-INI814 This data exchange will be used by the Trial Court to receive a case initiating filing document from an Integration Partner (IP) to initiate an NCF case The following are possible situations when an Integration Partner may wish to use this data exchange: ▪ IP makes an arrest. ▪ IP wishes to notify the Trial Court of a cash bail, bail bond, OR release form, or a request to schedule a hearing.	INI814 WSDLs and Schemas
Receive Subsequent Case Filing CCMS-V4-INI816 This data exchange will be used by the Trial Court to receive a subsequent case filing from an Integration Partner (IP) to add a subsequent filing document associated with numerous filing types described in the associated documentation.	INI816 WSDLs and Schemas

Integration Partner: County Jails	**WSDLs and Schemas**
Send Case Initiation Filing – No Complaint Filed (NCF) Confirmation Notification CCMS-V4-INI933 This data exchange will be used by the Trial Court to send an acceptance response to the case initiation request received via the *CCMS-V4-INI814 Receive Case Initiation Filing – No Complaint Filed (NCF)* data exchange.	INI933 WSDLs and Schemas
Send Subsequent Case Filing Confirmation Notification CCMS-V4-INI934 This data exchange will be used by the Trial Court to send an acceptance response to the case initiation request received via the *CCMS-V4-INI816 Receive Subsequent Case Filing* data exchange.	INI934 WSDLs and Schemas
Receive Case Participant In-Custody Indicator Notification CCMS-V4-PF804 This data exchange will be used by the Trial Court to receive a case participant's in-custody indicator notification from an Integration Partner (IP) to update the participant's person/entity record in CCMS-V4. The following are possible situations when an Integration Partner may wish to use this data exchange: ▪ IP wishes to notify the Trial Court when a defendant is taken into custody. ▪ IP wishes to notify the Trial Court when a defendant is released from custody.	PF804 WSDLs and Schemas

Integration Partner: Credit Card Agency Vendor	WSDLs and Schemas
Send Credit Card Payment Authorization CCMS-V4-FCC905 This data exchange will be used by the Trial Court to send a credit card payment authorization request to an Integration Partner (IP) when a payment with a payment type of Credit Card is processed by the Trial Court.	FCC905 WSDLs and Schemas

Integration Partner: Department of Child Support Services (DCSS)	**WSDLs and Schemas**
Receive Calendar Event Request CCMS-V4-CAL801 This data exchange will be used by the Trial Court to receive a request to schedule a calendar event from an Integration Partner (IP). The following are possible situations when an Integration Partner may wish to use this data exchange: ▪ IP wishes to schedule a hearing for a defendant or minor in probation. ▪ IP wishes to obtain a calendar date, time, and location prior to releasing a defendant on an own recognizance. ▪ IP wishes to schedule a hearing for a probation client seeking modification to probation terms and conditions.	CAL801 WSDLs and Schemas
Send Calendar Event Notification CCMS-V4-CAL902 This data exchange will be used by the Trial Court to send a calendar event notification to an Integration Partner (IP). Some examples include: ▪ A hearing is scheduled. ▪ A hearing is vacated. ▪ A hearing is deleted. ▪ A previously vacated hearing is restored. ▪ A hearing is modified, (e.g., reassigned to another courtroom, rescheduled to a different day). ▪ A hearing is stayed.	CAL902 WSDLs and Schemas

Integration Partner: Department of Child Support Services (DCSS)	WSDLs and Schemas
Send Case Initiation Filing – Family Law (Domestic Violence Prevention (DVP) with/without Child) CCMS-V4-INI930 This data exchange will be used by the Trial Court to send an acceptance response to the case initiation request received via the *CCMS-V4-INI811 Receive Case Initiation Filing – Family Law (Domestic Violence Prevention (DVP) with/without Child)* data exchange.	INI930 WSDLs and Schemas
Send Case Initiation Filing – Family Law (Registration of Judgment or Order) Confirmation CCMS-V4-INI931 This data exchange will be used by the Trial Court to send an acceptance response to the case initiation request received via the *CCMS-V4-INI812 Receive Case Initiation Filing – Family Law (Registration of Judgment or Order)* data exchange.	INI931 WSDLs and Schemas
Send Case Initiation Filing – Family Law (Miscellaneous) Confirmation Notification CCMS-V4-INI932 This data exchange will be used by the Trial Court to send an acceptance response to the case initiation request received via the *CCMS-V4-INI813 Receive Case Initiation Filing – Family Law (Miscellaneous)* data exchange.	INI932 WSDLs and Schemas
Send Subsequent Case Filing Confirmation Notification CCMS-V4-INI934 This data exchange will be used by the Trial Court to send an acceptance response to the case initiation request received via the *CCMS-V4-INI816 Receive Subsequent Case Filing* data exchange.	INI934 WSDLs and Schemas

Integration Partner: Department of Corrections and Rehabilitation (CDCR)	WSDLs and Schemas
Send Courtroom Order Notification CCMS-V4-CRT901 This data exchange will be used by the Trial Court to send a finalized original or amended minute order to an Integration Partner (IP) when a minute order is finalized either inside or outside the courtroom by the Trial Court.	CRT901 WSDLs and Schemas

Integration Partner: Department of Corrections and Rehabilitation (CDCR)	**WSDLs and Schemas**
Send Adult Commit Abstract Notification CCMS-V4-DSP918 This data exchange will be used by the Trial Court to send an adult abstract of judgment – prison commitment form to an Integration Partner (IP) when a defendant is sentenced to a state correctional facility by the Trial Court.	DSP918 WSDLs and Schemas
Send Juvenile Commit Abstract Notification CCMS-V4-DSP919 This data exchange will be used by the Trial Court to send a juvenile abstract of judgment – commitment form to an Integration Partner (IP). Some examples include: ▪ A juvenile is committed to the Division of Juvenile Justice for acceptance. ▪ A juvenile is committed to the Division of Juvenile Justice for a 90-day period of observation and diagnosis.	DSP919 WSDLs and Schemas
Receive Payment Notification CCMS-V4-FCC806 This data exchange is used solely to create the case payment records in CCMS-V4 and does not affect the actual transfer of funds. Funds will continue being transferred in the same manner as they currently are by each IP, (e.g., check, ACH). The following are possible situations when an Integration Partner may wish to use this data exchange: ▪ IP submits collection case payment information. ▪ IP submits victim restitution payments collected from participants. ▪ A case participant submits weekly payment-plan information.	FCC806 WSDLs and Schemas
Receive Subsequent Case Filing CCMS-V4-INI816 This data exchange will be used by the Trial Court to receive a subsequent case filing from an Integration Partner (IP) to add a subsequent filing document associated with numerous filing types described in the associated documentation.	INI816 WSDLs and Schemas

Integration Partner: Department of Corrections and Rehabilitation (CDCR)	**WSDLs and Schemas**
Send Subsequent Case Filing Confirmation Notification CCMS-V4-INI934 This data exchange will be used by the Trial Court to send an acceptance response to the case initiation request received via the *CCMS-V4-INI816 Receive Subsequent Case Filing* data exchange.	INI934 WSDLs and Schemas

Integration Partner: Department of Justice (DOJ)	**WSDLs and Schemas**
Send Booking Required Notification CCMS-V4-CAS905 This data exchange will be used by the Trial Court to send a notification that a defendant must be booked to an Integration Partner (IP) when this action is ordered by the Trial Court.	CAS905 WSDLs and Schemas
Receive Disposition Error Report Notification CCMS-V4-DOJ802 This data exchange will be used by the Trial Court to receive a disposition error report notification from an Integration Partner (IP). The following is a possible situation when an Integration Partner may wish to use this data exchange: ▪ IP wishes to notify Trial Court of one or more errors from a previously submitted initial or amended disposition.	DOJ802 WSDLs and Schemas
Send Initial, Subsequent Disposition Notification CCMS-V4-DOJ901 This data exchange will be used by the Trial Court to send an initial or amended disposition notification to an Integration Partner (IP). For example: ▪ A disposition is entered or modified on an adult or juvenile case in the CCMS-V4 system.	DOJ901 WSDLs and Schemas
Send Seal Juvenile Record Order Notification CCMS-V4-DSP908 This data exchange will be used by the Trial Court to send an order to seal a juvenile case to an Integration Partner (IP) when this action is ordered by the Trial Court.	DSP908 WSDLs and Schemas
Send Restraining Order Issuance-Cancel-Update Notification CCMS-V4-DSP917 This data exchange will be used by the Trial Court to send restraining order issuances, modifications, and removals to an Integration Partner (IP) when any of the following actions are ordered by the Trial Court: ▪ Restraining order is issued. ▪ Restraining order is modified. ▪ Restraining order is removed.	DSP917 WSDLs and Schemas

Integration Partner: Department of Justice (DOJ)	**WSDLs and Schemas**
Send Restraining Order POS Issuance-Cancel Notification CCMS-V4-INI918 This data exchange will be used by the Trial Court to send a restraining order proof of service or a cancellation to a previously submitted restraining order proof of service to an Integration Partner (IP) when any of the following actions are ordered by the Trial Court: ▪ Restraining order proof of service is issued. ▪ Restraining order proof of service is cancelled.	INI918 WSDLs and Schemas
Receive Warrant Status Update Notification CCMS-V4-ISS802 This data exchange will be used by the Trial Court to receive warrant status updates in batch from an Integration Partner (IP). The following are possible situations when an Integration Partner may wish to use this data exchange: ▪ IP wishes to notify Trial Court of the status of a specific warrant. ▪ IP wishes to reconcile the warrant statuses between the LEA, DOJ, and Trial Courts. ▪ Trial Court requests that the IP submit their warrant statuses in order to reconcile.	ISS802 WSDLs and Schemas

Integration Partner: Department of Motor Vehicles (DMV)	WSDLs and Schemas
Send DMV Priors Query CCMS-V4-DMV901 This data exchange will be used by the Trial Court to send a request for DMV priors to an Integration Partner (IP) when a citation is saved.	DMV901 WSDLs and Schemas
Send Abstract of Conviction Notification CCMS-V4-DMV902 This data exchange will be used by the Trial Court to send an original or amended DMV abstract of conviction (DD1) to an Integration Partner (IP). For example: ▪ A case with reportable violations is adjudicated and/or a disposition is subsequently entered or amended on an adjudicated case.	DMV902 WSDLs and Schemas
Send Failure to Appear Release Notification CCMS-V4-DMV903 This data exchange will be used by the Trial Court to send a failure to appear release abstract (DD2) to an Integration Partner (IP). For example: ▪ A case participant, with a failure to appear hold on their license, subsequently appears in court.	DMV903 WSDLs and Schemas
Send Failure to Pay Hold Notification CCMS-V4-DMV904 This data exchange will be used by the Trial Court to send a failure to pay hold abstract (DD3) to an Integration Partner (IP). For example: ▪ A case participant is flagged for failure to pay as an outcome of the CCMS-V4 Failure to Pay (FTP) enforcement process.	DMV904 WSDLs and Schemas
Send Failure to Pay Release Notification CCMS-V4-DMV905 This data exchange will be used by the Trial Court to send a failure to pay release abstract (DD4) to an Integration Partner (IP). For example: ▪ A case participant, with a failure to pay hold on their license, subsequently pays the case in full.	DMV905 WSDLs and Schemas

Integration Partner: Department of Motor Vehicles (DMV)	**WSDLs and Schemas**
Send Failure to Appear Hold Notification CCMS-V4-DMV906 This data exchange will be used by the Trial Court to send a failure to appear hold abstract (DD5) to an Integration Partner (IP). For example: ▪ A case participant is flagged for failure to appear as an outcome of the CCMS-V4 Failure to Appear (FTA) enforcement process.	DMV906 WSDLs and Schemas
Send Failure to Comply Notification CCMS-V4-DMV907 This data exchange will be used by the Trial Court to send a failure to comply hold or release abstract (FTC) to an Integration Partner (IP). For example: ▪ A request for an FTC hold or release abstract is issued by the Trial Court against a case participant.	DMV907 WSDLs and Schemas
Send Seal Juvenile Record Order Notification CCMS-V4-DSP908 This data exchange will be used by the Trial Court to send an order to seal a juvenile case to an Integration Partner (IP) when this action is ordered by the Trial Court.	DSP908 WSDLs and Schemas
Receive Payment Notification CCMS-V4-FCC806 This data exchange is used solely to create the case payment records in CCMS-V4 and does not affect the actual transfer of funds. Funds will continue being transferred in the same manner as they currently are by each IP, (e.g., check, ACH). The following are possible situations when an Integration Partner may wish to use this data exchange: ▪ IP submits collection case payment information. ▪ IP submits victim restitution payments collected from participants. ▪ A case participant submits weekly payment-plan information.	FCC806 WSDLs and Schemas

Integration Partner: Department of Revenue and Recovery	**WSDLs and Schemas**
Receive Victim Restitution Establishment Request CCMS-V4-ACC801 This data exchange will be used by the Trial Court to receive a victim restitution establishment request from an Integration Partner (IP) to create a victim restitution account in CCMS-V4. The following is a possible situation when an Integration Partner may wish to use this data exchange: ▪ IP researches and determines victim restitution information.	ACC801 WSDLs and Schemas
Send Victim Restitution Establishment Confirmation Notification CCMS-V4-ACC904 This data exchange will be used by the Trial Court to send an acceptance response to the case initiation request *V4-ACC801 Receive Victim Restitution Establishment Request* data exchange.	ACC904 WSDLs and Schemas
Receive Public Defender Assignment Notification CCMS-V4-CAS806 This data exchange will be used by the Trial Court to receive an updated attorney assignment from an Integration Partner (IP) when the public defender or alternate public defender assigns or removes an attorney from the defendant's case. Hereafter, when public defender is referenced, it equates to the Public Defender, the Alternate Public Defender or an Entity Panel. The following are possible situations when an Integration Partner may wish to use this data exchange: ▪ IP assigns a new public defender or alternate public defender to a case. ▪ IP removes a public defender or alternate public defender from a case	CAS806 WSDLs and Schemas
Send Case Summary Notification CCMS-V4-CAS902 This data exchange will be used by the Trial Court to send case summary details to an Integration Partner (IP) when the *V4-BAT-CSM10 Generate Daily Case Summary* batch job is executed by the Trial Court.	CAS902 WSDLs and Schemas

Integration Partner: Department of Revenue and Recovery	**WSDLs and Schemas**
Send Case Consolidation - De-Consolidation Notification CCMS-V4-CAS903 This data exchange will be used by the Trial Court to send a case consolidation or case de-consolidation notification to an Integration Partner (IP) when any of the following actions are ordered by the Trial Court: ▪ Case consolidation notification: The Trial Court consolidates more than one case, (e.g., same minor with two cases) into a lead case. ▪ Case de-consolidation notification: The Trial Court de-consolidates previously consolidated cases either due to a clerical error or judicial order.	CAS903 WSDLs and Schemas
Send Public Defender Assignment Confirmation Notification CCMS-V4-CAS908 This data exchange will be used by the Trial Court to send an acceptance response to the case initiation request received via the *CCMS- V4-CAS806 Receive Public Defender Assignment Notification* data exchange.	CAS908 WSDLs and Schemas
Receive Collections Franchise Tax Board (FTB) Case Return Notification CCMS-V4-COL805 This data exchange will be used by the Trial Court to receive a collections fee return/update notification from an Integration Partner (IP). Please note this data exchange will be used by the Trial Court to receive any fee return/update notifications, including case balances. The following are possible situations when an Integration Partner may wish to use this data exchange: ▪ IP wishes to remove their agency as the assigned collection agency for a specific fee. ▪ IP wishes to no longer pursue collection activities on a specific fee. ▪ IP wishes to send information updates on the assigned fee.	COL805 WSDLs and Schemas
Send Collections Case Referral Notification CCMS-V4-COL901 This data exchange will be used by the Trial Court to send collection referrals to an Integration Partner (IP) when the *V4-BAT-COL05 Generate Placement File* batch job is executed by the Trial Court. Please note this data exchange will be used by the Trial Court to refer any fee to collections, including case balances.	COL901 WSDLs and Schemas

Integration Partner: Department of Revenue and Recovery	**WSDLs and Schemas**
Send Collection Balance Update Notification CCMS-V4-COL903 This data exchange will be used by the Trial Court to send collection balance update notifications to an Integration Partner (IP) when the *V4-BAT-COL06 Generate Transaction File* batch job is executed by the Trial Court. Please note this data exchange will be used by the Trial Court to send any collection balance update notifications for fees, including case balances.	COL903 WSDLs and Schemas
Send Collections Recall Notification CCMS-V4-COL904 This data exchange will be used by the Trial Court to send collection recall notifications to an Integration Partner (IP) when the *V4-BAT-COL07 Generate Recall Request File* batch job is executed by the Trial Court, to notify them to no longer pursue collection activities on the fee. Please note this data exchange will be used by the Trial Court to recall any fee from collections, including case balances.	COL904 WSDLs and Schemas
Send Courtroom Order Notification CCMS-V4-CRT901 This data exchange will be used by the Trial Court to send a finalized original or amended minute order to an Integration Partner (IP) when a minute order is finalized either inside or outside the courtroom by the Trial Court.	CRT901 WSDLs and Schemas
Send Sentencing Report Order Notification CCMS-V4-DSP911 This data exchange will be used by the Trial Court to send an order to complete a sentencing report to an Integration Partner (IP). Some examples include: ▪ Provide the Trial Court a criminal history of the defendant. ▪ Provide the Trial Court a report of family details or circumstances of the offense. ▪ Provide the Trial Court a recommendation for a sentence; months and/or restitution. ▪ Provide the Trial Court a recommendation of motion to expunge. ▪ Provide the Trial Court a fitness report. ▪ Provide the Trial Court a community detention report if minor is placed on CDP (Community detention program).	DSP911 WSDLs and Schemas

Integration Partner: Department of Revenue and Recovery	**WSDLs and Schemas**
Send Order After Hearing Notification CCMS-V4-DSP913 This data exchange will be used by the Trial Court to send finalized Order After Hearing (OAH) forms and associated data (MOCS codes and text) to an Integration Partner (IP) when a family law or juvenile proposed order is finalized and issued either inside or outside the courtroom by the Trial Court.	DSP913 WSDLs and Schemas
Send Juvenile Commit Abstract Notification CCMS-V4-DSP919 This data exchange will be used by the Trial Court to send a juvenile abstract of judgment – commitment form to an Integration Partner (IP). Some examples include: ▪ A juvenile is committed to the Division of Juvenile Justice for acceptance. ▪ A juvenile is committed to the Division of Juvenile Justice for a 90-day period of observation and diagnosis.	DSP919 WSDLs and Schemas
Receive Payment Notification CCMS-V4-FCC806 This data exchange is used solely to create the case payment records in CCMS-V4 and does not affect the actual transfer of funds. Funds will continue being transferred in the same manner as they currently are by each IP, (e.g., check, ACH). The following are possible situations when an Integration Partner may wish to use this data exchange: ▪ IP submits collection case payment information. ▪ IP submits victim restitution payments collected from participants. ▪ A case participant submits weekly payment-plan information.	FCC806 WSDLs and Schemas
Send Warrant Issuance-Recall Notification CCMS-V4-ISS901 This data exchange will be used by the Trial Court to send warrant issuances and recalls to an Integration Partner (IP) when any of the following actions are ordered by the Trial Court: ▪ A warrant is issued. ▪ A warrant is recalled.	ISS901 WSDLs and Schemas

Integration Partner: Department of Revenue and Recovery	**WSDLs and Schemas**
Receive Additional Demographic Information Notification CCMS-V4-PF802 This data exchange will be used by the Trial Court to receive additional demographic information from an Integration Partner (IP) to update the participant's person/entity record in CCMS-V4. The following are possible situations when an Integration Partner may wish to use this data exchange: ▪ IP learns of a new address for a participant. ▪ IP learns of a new phone number for a participant. ▪ IP wishes to update hold status information for a participant.	PF802 WSDLs and Schemas
Send Case Participant Demographic Information Notification CCMS-V4-PF901 This data exchange will be used by the Trial Court to send case participant demographic information to an Integration Partner (IP). Some examples include: ▪ Trial Court adds, updates, or removes a DBA or AKA name to a case participant. ▪ Trial Court adds, updates, or removes a mailing address to a case participant. ▪ Trial Court adds, updates, or removes a phone number to a case participant. ▪ Trial Court adds, updates, or removes a family relationship for a case participant.	PF901 WSDLs and Schemas
Receive Bad Check Notification CCMS-V4-PHX806 This data exchange will be used by the Trial Court to receive a bad check notification from an Integration Partner (IP) when the IP receives a returned check. The following are possible situations when an Integration Partner may wish to use this data exchange: ▪ IP receives a returned check from their bank, where the check's funds were originally sent to the Trial Court for a case payment. ▪ IP wishes to reverse a previous case payment due to a returned NSF check.	PHX806 WSDLs and Schemas

Integration Partner: Department of Social Services (DSS)	**WSDLs and Schemas**
Receive Calendar Event Request CCMS-V4-CAL801 This data exchange will be used by the Trial Court to receive a request to schedule a calendar event from an Integration Partner (IP). The following are possible situations when an Integration Partner may wish to use this data exchange: ▪ IP wishes to schedule a hearing for a defendant or minor in probation. ▪ IP wishes to obtain a calendar date, time, and location prior to releasing a defendant on an own recognizance. ▪ IP wishes to schedule a hearing for a probation client seeking modification to probation terms and conditions.	CAL801 WSDLs and Schemas
Send Calendar Event Notification CCMS-V4-CAL902 This data exchange will be used by the Trial Court to send a calendar event notification to an Integration Partner (IP). Some examples include: ▪ A hearing is scheduled. ▪ A hearing is vacated. ▪ A hearing is deleted. ▪ A previously vacated hearing is restored. ▪ A hearing is modified, (e.g., reassigned to another courtroom, rescheduled to a different day). ▪ A hearing is stayed.	CAL902 WSDLs and Schemas
Send Calendar Event Request Confirmation Notification CCMS-V4-CAL904 This data exchange will be used by the Trial Court to send an acceptance response to the case initiation request received via the *CCMS-V4- CAL801 Receive Calendar Event Request* data exchange.	CAL904 WSDLs and Schemas

Integration Partner: Department of Social Services (DSS)	**WSDLs and Schemas**
Send Case Consolidation - De-Consolidation Notification CCMS-V4-CAS903 This data exchange will be used by the Trial Court to send a case consolidation or case de-consolidation notification to an Integration Partner (IP) when any of the following actions are ordered by the Trial Court: ▪ Case consolidation notification: The Trial Court consolidates more than one case, (e.g., same minor with two cases) into a lead case. ▪ Case de-consolidation notification: The Trial Court de-consolidates previously consolidated cases either due to a clerical error or judicial order.	CAS903 WSDLs and Schemas
Send Courtroom Order Notification CCMS-V4-CRT901 This data exchange will be used by the Trial Court to send a finalized original or amended minute order to an Integration Partner (IP) when a minute order is finalized either inside or outside the courtroom by the Trial Court.	CRT901 WSDLs and Schemas
Receive Proposed Recommendation Filing (MOCS Codes) CCMS-V4-DSP816 This data exchange will be used by the Trial Court to receive a proposed order from an Integration Partner (IP) in preparation of ordering and issuing order after hearing forms for any of the following case categories: ▪ Family Law (all case types). ▪ Juvenile (all case types). The following are possible situations when an Integration Partner may wish to use this data exchange: ▪ IP proposes paternity orders for a family law case. ▪ IP proposes a child support order for a family law case. ▪ IP enforces a spousal support order for a family law case. ▪ IP proposes an initial order for a juvenile dependency case hearing. ▪ IP proposes paternity orders for a family law case. ▪ IP proposes order(s) for a juvenile delinquency case hearing.	DSP816 WSDLs and Schemas

Integration Partner: Department of Social Services (DSS)	**WSDLs and Schemas**
Send Seal Juvenile Record Order Notification CCMS-V4-DSP908 This data exchange will be used by the Trial Court to send an order to seal a juvenile case to an Integration Partner (IP) when this action is ordered by the Trial Court.	DSP908 WSDLs and Schemas
Send Order After Hearing Notification CCMS-V4-DSP913 This data exchange will be used by the Trial Court to send finalized Order After Hearing (OAH) forms and associated data (MOCS codes and text) to an Integration Partner (IP) when a family law or juvenile proposed order is finalized and issued either inside or outside the courtroom by the Trial Court.	DSP913 WSDLs and Schemas
Send Proposed Recommendation Filing (MOCS Codes) Confirmation Notification CCMS-V4-DSP920 This data exchange will be used by the Trial Court to send an acceptance response to the case initiation request received via the *CCMS-V4-DSP816 Receive Proposed Recommendation Filing (MOCS Codes)* data exchange.	DSP920 WSDLs and Schemas
Receive Case Initiation Filing – Juvenile CCMS-V4-INI803 This data exchange will be used by the Trial Court to receive a case initiating filing document from an Integration Partner (IP) to initiate a juvenile case for any case type. All amended case filings for Juvenile are received by the Trial Court using this data exchange. The following are a selective list of possible situations when an Integration Partner may wish to use this data exchange: ▪ IP charges a juvenile with a delinquency violation. ▪ IP charges a juvenile with a truancy violation. ▪ IP processes a juvenile (may be dependent child or delinquent child) with an extradition to another state. ▪ IP files on behalf of alleged dependent child. ▪ IP requests modification order. ▪ IP removes child from home for abuse or neglect and files a petition	INI803 WSDLs and Schemas

Integration Partner: Department of Social Services (DSS)	**WSDLs and Schemas**
Receive Case Initiation Filing - No Complaint Filed (NCF) CCMS-V4-INI814 This data exchange will be used by the Trial Court to receive a case initiating filing document from an Integration Partner (IP) to initiate an NCF case The following are possible situations when an Integration Partner may wish to use this data exchange: ▪ IP makes an arrest. ▪ IP wishes to notify the Trial Court of a cash bail, bail bond, OR release form, or a request to schedule a hearing.	INI814 WSDLs and Schemas
Receive Subsequent Case Filing CCMS-V4-INI816 This data exchange will be used by the Trial Court to receive a subsequent case filing from an Integration Partner (IP) to add a subsequent filing document associated with numerous filing types described in the associated documentation.	INI816 WSDLs and Schemas
Send Case Initiation Filing – Juvenile Confirmation Notification CCMS-V4-INI922 This data exchange will be used by the Trial Court to send an acceptance response to the case initiation request received via the *CCMS-V4-INI803 Receive Case Initiation Filing – Juvenile* data exchange.	INI922 WSDLs and Schemas
Send Case Initiation Filing – No Complaint Filed (NCF) Confirmation Notification CCMS-V4-INI933 This data exchange will be used by the Trial Court to send an acceptance response to the case initiation request received via the *CCMS-V4-INI814 Receive Case Initiation Filing – No Complaint Filed (NCF)* data exchange.	INI933 WSDLs and Schemas
Send Subsequent Case Filing Confirmation Notification CCMS-V4-INI934 This data exchange will be used by the Trial Court to send an acceptance response to the case initiation request received via the *CCMS-V4-INI816 Receive Subsequent Case Filing* data exchange.	INI934 WSDLs and Schemas

Integration Partner: Department of Social Services (DSS)	**WSDLs and Schemas**
Receive Additional Demographic Information Notification CCMS-V4-PF802 This data exchange will be used by the Trial Court to receive additional demographic information from an Integration Partner (IP) to update the participant's person/entity record in CCMS-V4. The following are possible situations when an Integration Partner may wish to use this data exchange: ▪ IP learns of a new address for a participant. ▪ IP learns of a new phone number for a participant. ▪ IP wishes to update hold status information for a participant.	PF802 WSDLs and Schemas
Send Case Participant Demographic Information Notification CCMS-V4-PF901 This data exchange will be used by the Trial Court to send case participant demographic information to an Integration Partner (IP). Some examples include: ▪ Trial Court adds, updates, or removes a DBA or AKA name to a case participant. ▪ Trial Court adds, updates, or removes a mailing address to a case participant. ▪ Trial Court adds, updates, or removes a phone number to a case participant. ▪ Trial Court adds, updates, or removes a family relationship for a case participant.	PF901 WSDLs and Schemas

Integration Partner: District Attorney – Adult	**WSDLs and Schemas**
Receive Victim Restitution Establishment Request CCMS-V4-ACC801 This data exchange will be used by the Trial Court to receive a victim restitution establishment request from an Integration Partner (IP) to create a victim restitution account in CCMS-V4. The following is a possible situation when an Integration Partner may wish to use this data exchange: ▪ IP researches and determines victim restitution information.	ACC801 WSDLs and Schemas
Send Victim Restitution Establishment Confirmation Notification CCMS-V4-ACC904 This data exchange will be used by the Trial Court to send an acceptance response to the case initiation request *V4-ACC801 Receive Victim Restitution Establishment Request* data exchange.	ACC904 WSDLs and Schemas
Receive Case Search Query CCMS-V4-APP801 This data exchange will be used by the Trial Court to receive a request for case listing information from an Integration Partner (IP). The following is a possible situation when an Integration Partner may wish to use this data exchange: ▪ IP wishes to search Trial Court records for any additional cases for a specific case participant.	APP801 WSDLs and Schemas
Receive Calendar Event Request CCMS-V4-CAL801 This data exchange will be used by the Trial Court to receive a request to schedule a calendar event from an Integration Partner (IP). The following are possible situations when an Integration Partner may wish to use this data exchange: ▪ IP wishes to schedule a hearing for a defendant or minor in probation. ▪ IP wishes to obtain a calendar date, time, and location prior to releasing a defendant on an own recognizance. ▪ IP wishes to schedule a hearing for a probation client seeking modification to probation terms and conditions.	CAL801 WSDLs and Schemas

Integration Partner: District Attorney – Adult	**WSDLs and Schemas**
Send Calendar Event Notification CCMS-V4-CAL902 This data exchange will be used by the Trial Court to send a calendar event notification to an Integration Partner (IP). Some examples include: ▪ A hearing is scheduled. ▪ A hearing is vacated. ▪ A hearing is deleted. ▪ A previously vacated hearing is restored. ▪ A hearing is modified, (e.g., reassigned to another courtroom, rescheduled to a different day). ▪ A hearing is stayed.	CAL902 WSDLs and Schemas
Send Calendar Event Request Confirmation Notification CCMS-V4-CAL904 This data exchange will be used by the Trial Court to send an acceptance response to the case initiation request received via the *CCMS-V4- CAL801 Receive Calendar Event Request* data exchange.	CAL904 WSDLs and Schemas
Send Case Summary Notification CCMS-V4-CAS902 This data exchange will be used by the Trial Court to send case summary details to an Integration Partner (IP) when the *V4-BAT-CSM10 Generate Daily Case Summary* batch job is executed by the Trial Court.	CAS902 WSDLs and Schemas
Send Case Consolidation - De-Consolidation Notification CCMS-V4-CAS903 This data exchange will be used by the Trial Court to send a case consolidation or case de-consolidation notification to an Integration Partner (IP) when any of the following actions are ordered by the Trial Court: ▪ Case consolidation notification: The Trial Court consolidates more than one case, (e.g., same minor with two cases) into a lead case. ▪ Case de-consolidation notification: The Trial Court de-consolidates previously consolidated cases either due to a clerical error or judicial order.	CAS903 WSDLs and Schemas

Integration Partner: District Attorney – Adult	**WSDLs and Schemas**
Send Public Defender Case Assignment Notification CCMS-V4-CAS904 This data exchange will be used by the Trial Court to send a public defender or alternate public defender case assignment notification to an Integration Partner (IP) when the public defender has been assigned to a case as a case resource by the Trial Court. Hereafter, when public defender is referenced, it equates to the Public Defender, the Alternate Public Defender, or an Entity Panel.	CAS904 WSDLs and Schemas
Send Courtroom Order Notification CCMS-V4-CRT901 This data exchange will be used by the Trial Court to send a finalized original or amended minute order to an Integration Partner (IP) when a minute order is finalized either inside or outside the courtroom by the Trial Court.	CRT901 WSDLs and Schemas
Receive Probation Violations Update Notification CCMS-V4-DSP821 This data exchange will be used by the Trial Court to receive notice of a probation violation from an Integration Partner (IP). The following is a possible situation when an Integration Partner may wish to use this data exchange: ▪ IP wishes to notify the courts of probation conditions that have been violated.	DSP821 WSDLs and Schemas
Send Seal Juvenile Record Order Notification CCMS-V4-DSP908 This data exchange will be used by the Trial Court to send an order to seal a juvenile case to an Integration Partner (IP) when this action is ordered by the Trial Court.	DSP908 WSDLs and Schemas
Send Order After Hearing Notification CCMS-V4-DSP913 This data exchange will be used by the Trial Court to send finalized Order After Hearing (OAH) forms and associated data (MOCS codes and text) to an Integration Partner (IP) when a family law or juvenile proposed order is finalized and issued either inside or outside the courtroom by the Trial Court.	DSP913 WSDLs and Schemas

Integration Partner: District Attorney – Adult	**WSDLs and Schemas**
Send True Finding on Juvenile 602 Case Order Notification CCMS-V4-DSP915 This data exchange will be used by the Trial Court to send an order of true finding on a juvenile delinquency case to an Integration Partner (IP) when this action has been ordered by the Trial Court.	DSP915 WSDLs and Schemas
Send Restraining Order Issuance-Cancel-Update Notification CCMS-V4-DSP917 This data exchange will be used by the Trial Court to send restraining order issuances, modifications, and removals to an Integration Partner (IP) when any of the following actions are ordered by the Trial Court: ▪ Restraining order is issued. ▪ Restraining order is modified. ▪ Restraining order is removed.	DSP917 WSDLs and Schemas
Send Probation Violations Update Confirmation Notification CCMS-V4-DSP923 This data exchange will be used by the Trial Court to send an acceptance response to the case initiation request received via the *CCMS-V4-DSP821 Receive Probation Violations Update Notification* data exchange.	DSP923 WSDLs and Schemas
Send Violation and Bail Schedule Update Notification CCMS-V4-FSC901 This data exchange will be used by the Trial Court to send violation and bail schedule updates to an Integration Partner (IP) when updates have been processed by the Trial Court.	FSC901 WSDLs and Schemas
Receive Case Initiation Filing - Felony, Misdemeanor and Infraction (FMI) CCMS-V4-INI802 This data exchange will be used by the Trial Court to receive a case initiating filing document or amended initiating filing document from an Integration Partner (IP) to initiate an FMI case for any case type. All amended case filings for FMI are received by the Trial Court using this data exchange. The following is a possible situation when an IP may wish to use this data exchange: ▪ IP charges a defendant with a violation.	INI802 WSDLs and Schemas

Integration Partner: District Attorney – Adult	**WSDLs and Schemas**
Receive Case Initiation Filing - No Complaint Filed (NCF) CCMS-V4-INI814 This data exchange will be used by the Trial Court to receive a case initiating filing document from an Integration Partner (IP) to initiate an NCF case. The following are possible situations when an Integration Partner may wish to use this data exchange: ▪ IP makes an arrest. ▪ IP wishes to notify the Trial Court of a cash bail, bail bond, OR release form, or a request to schedule a hearing.	INI814 WSDLs and Schemas
Receive Subsequent Case Filing CCMS-V4-INI816 This data exchange will be used by the Trial Court to receive a subsequent case filing from an Integration Partner (IP) to add a subsequent filing document associated with numerous filing types described in the associated documentation.	INI816 WSDLs and Schemas
Send Case Initiation Filing – Felony, Misdemeanor, and Infraction (FMI) Confirmation Notification CCMS-V4-INI921 This data exchange will be used by the Trial Court to send an acceptance response to the case initiation request received via the *CCMS-V4-INI802 Receive Case Initiation Filing – Felony, Misdemeanor, and Infraction (FMI)* data exchange.	INI921 WSDLs and Schemas
Send Case Initiation Filing – No Complaint Filed (NCF) Confirmation Notification CCMS-V4-INI933 This data exchange will be used by the Trial Court to send an acceptance response to the case initiation request received via the *CCMS-V4-INI814 Receive Case Initiation Filing – No Complaint Filed (NCF)* data exchange.	INI933 WSDLs and Schemas
Send Subsequent Case Filing Confirmation Notification CCMS-V4-INI934 This data exchange will be used by the Trial Court to send an acceptance response to the case initiation request received via the *CCMS-V4-INI816 Receive Subsequent Case Filing* data exchange.	INI934 WSDLs and Schemas

Integration Partner: District Attorney – Adult	**WSDLs and Schemas**
Send Warrant Issuance-Recall Notification CCMS-V4-ISS901 This data exchange will be used by the Trial Court to send warrant issuances and recalls to an Integration Partner (IP) when any of the following actions are ordered by the Trial Court: ▪ A warrant is issued. ▪ A warrant is recalled.	ISS901 WSDLs and Schemas
Send Case Participant Demographic Information Notification CCMS-V4-PF901 This data exchange will be used by the Trial Court to send case participant demographic information to an Integration Partner (IP). Some examples include: ▪ Trial Court adds, updates, or removes a DBA or AKA name to a case participant. ▪ Trial Court adds, updates, or removes a mailing address to a case participant. ▪ Trial Court adds, updates, or removes a phone number to a case participant. ▪ Trial Court adds, updates, or removes a family relationship for a case participant.	PF901 WSDLs and Schemas

Integration Partner: District Attorney – Delinquent	**WSDLs and Schemas**
Receive Victim Restitution Establishment Request CCMS-V4-ACC801 This data exchange will be used by the Trial Court to receive a victim restitution establishment request from an Integration Partner (IP) to create a victim restitution account in CCMS-V4. The following is a possible situation when an Integration Partner may wish to use this data exchange: ▪ IP researches and determines victim restitution information.	ACC801 WSDLs and Schemas
Send Victim Restitution Establishment Confirmation Notification CCMS-V4-ACC904 This data exchange will be used by the Trial Court to send an acceptance response to the case initiation request *V4-ACC801 Receive Victim Restitution Establishment Request* data exchange.	ACC904 WSDLs and Schemas
Receive Case Search Query CCMS-V4-APP801 This data exchange will be used by the Trial Court to receive a request for case listing information from an Integration Partner (IP). The following is a possible situation when an Integration Partner may wish to use this data exchange: ▪ IP wishes to search Trial Court records for any additional cases for a specific case participant.	APP801 WSDLs and Schemas
Receive Calendar Event Request CCMS-V4-CAL801 This data exchange will be used by the Trial Court to receive a request to schedule a calendar event from an Integration Partner (IP). The following are possible situations when an Integration Partner may wish to use this data exchange: ▪ IP wishes to schedule a hearing for a defendant or minor in probation. ▪ IP wishes to obtain a calendar date, time, and location prior to releasing a defendant on an own recognizance. ▪ IP wishes to schedule a hearing for a probation client seeking modification to probation terms and conditions.	CAL801 WSDLs and Schemas

Integration Partner: District Attorney – Delinquent	**WSDLs and Schemas**
Send Calendar Event Notification CCMS-V4-CAL902 This data exchange will be used by the Trial Court to send a calendar event notification to an Integration Partner (IP). Some examples include: ▪ A hearing is scheduled. ▪ A hearing is vacated. ▪ A hearing is deleted. ▪ A previously vacated hearing is restored. ▪ A hearing is modified, (e.g., reassigned to another courtroom, rescheduled to a different day). ▪ A hearing is stayed.	CAL902 WSDLs and Schemas
Send Calendar Event Request Confirmation Notification CCMS-V4-CAL904 This data exchange will be used by the Trial Court to send an acceptance response to the case initiation request received via the *CCMS-V4-CAL801 Receive Calendar Event Request* data exchange.	CAL904 WSDLs and Schemas
Send Case Summary Notification CCMS-V4-CAS902 This data exchange will be used by the Trial Court to send case summary details to an Integration Partner (IP) when the *V4-BAT-CSM10 Generate Daily Case Summary* batch job is executed by the Trial Court.	CAS902 WSDLs and Schemas
Send Case Consolidation - De-Consolidation Notification CCMS-V4-CAS903 This data exchange will be used by the Trial Court to send a case consolidation or case de-consolidation notification to an Integration Partner (IP) when any of the following actions are ordered by the Trial Court: ▪ Case consolidation notification: The Trial Court consolidates more than one case, (e.g., same minor with two cases) into a lead case. ▪ Case de-consolidation notification: The Trial Court de-consolidates previously consolidated cases either due to a clerical error or judicial order.	CAS903 WSDLs and Schemas

Integration Partner: District Attorney – Delinquent	**WSDLs and Schemas**
Send Public Defender Case Assignment Notification CCMS-V4-CAS904 This data exchange will be used by the Trial Court to send a public defender or alternate public defender case assignment notification to an Integration Partner (IP) when the public defender has been assigned to a case as a case resource by the Trial Court. Hereafter, when public defender is referenced, it equates to the Public Defender, the Alternate Public Defender, or an Entity Panel.	CAS904 WSDLs and Schemas
Send Courtroom Order Notification CCMS-V4-CRT901 This data exchange will be used by the Trial Court to send a finalized original or amended minute order to an Integration Partner (IP) when a minute order is finalized either inside or outside the courtroom by the Trial Court.	CRT901 WSDLs and Schemas
Receive Probation Violations Update Notification CCMS-V4-DSP821 This data exchange will be used by the Trial Court to receive notice of a probation violation from an Integration Partner (IP). The following is a possible situation when an Integration Partner may wish to use this data exchange: ▪ IP wishes to notify the courts of probation conditions that have been violated.	DSP821 WSDLs and Schemas
Send Seal Juvenile Record Order Notification CCMS-V4-DSP908 This data exchange will be used by the Trial Court to send an order to seal a juvenile case to an Integration Partner (IP) when this action is ordered by the Trial Court.	DSP908 WSDLs and Schemas
Send Order After Hearing Notification CCMS-V4-DSP913 This data exchange will be used by the Trial Court to send finalized Order After Hearing (OAH) forms and associated data (MOCS codes and text) to an Integration Partner (IP) when a family law or juvenile proposed order is finalized and issued either inside or outside the courtroom by the Trial Court.	DSP913 WSDLs and Schemas

Integration Partner: District Attorney – Delinquent	**WSDLs and Schemas**
Send True Finding on Juvenile 602 Case Order Notification CCMS-V4-DSP915 This data exchange will be used by the Trial Court to send an order of true finding on a juvenile delinquency case to an Integration Partner (IP) when this action has been ordered by the Trial Court.	DSP915 WSDLs and Schemas
Send Restraining Order Issuance-Cancel-Update Notification CCMS-V4-DSP917 This data exchange will be used by the Trial Court to send restraining order issuances, modifications, and removals to an Integration Partner (IP) when any of the following actions are ordered by the Trial Court: ▪ Restraining order is issued. ▪ Restraining order is modified. ▪ Restraining order is removed.	DSP917 WSDLs and Schemas
Send Juvenile Commit Abstract Notification CCMS-V4-DSP919 This data exchange will be used by the Trial Court to send a juvenile abstract of judgment – commitment form to an Integration Partner (IP). Some examples include: ▪ A juvenile is committed to the Division of Juvenile Justice for acceptance. ▪ A juvenile is committed to the Division of Juvenile Justice for a 90-day period of observation and diagnosis.	DSP919 WSDLs and Schemas
Send Probation Violations Update Confirmation Notification CCMS-V4-DSP923 This data exchange will be used by the Trial Court to send an acceptance response to the case initiation request received via the *CCMS-V4-DSP821 Receive Probation Violations Update Notification* data exchange.	DSP923 WSDLs and Schemas
Send Violation and Bail Schedule Update Notification CCMS-V4-FSC901 This data exchange will be used by the Trial Court to send violation and bail schedule updates to an Integration Partner (IP) when updates have been processed by the Trial Court.	FSC901 WSDLs and Schemas

Integration Partner: District Attorney – Delinquent	**WSDLs and Schemas**
Receive Case Initiation Filing - Felony, Misdemeanor and Infraction (FMI) CCMS-V4-INI802 This data exchange will be used by the Trial Court to receive a case initiating filing document or amended initiating filing document from an Integration Partner (IP) to initiate an FMI case for any case type. All amended case filings for FMI are received by the Trial Court using this data exchange. The following is a possible situation when an IP may wish to use this data exchange: ▪ IP charges a defendant with a violation.	INI802 WSDLs and Schemas
Receive Case Initiation Filing – Juvenile CCMS-V4-INI803 This data exchange will be used by the Trial Court to receive a case initiating filing document from an Integration Partner (IP) to initiate a juvenile case for any case type. All amended case filings for Juvenile are received by the Trial Court using this data exchange. The following are a selective list of possible situations when an Integration Partner may wish to use this data exchange: ▪ IP charges a juvenile with a delinquency violation. ▪ IP charges a juvenile with a truancy violation. ▪ IP processes a juvenile (may be dependent child or delinquent child) with an extradition to another state. ▪ IP files on behalf of alleged dependent child. ▪ IP requests modification order. ▪ IP removes child from home for abuse or neglect and files a petition	INI803 WSDLs and Schemas

Integration Partner: District Attorney – Delinquent	**WSDLs and Schemas**
Receive Case Initiation Filing - No Complaint Filed (NCF) CCMS-V4-INI814 This data exchange will be used by the Trial Court to receive a case initiating filing document from an Integration Partner (IP) to initiate an NCF case. The following are possible situations when an Integration Partner may wish to use this data exchange: ▪ IP makes an arrest. ▪ IP wishes to notify the Trial Court of a cash bail, bail bond, OR release form, or a request to schedule a hearing.	INI814 WSDLs and Schemas
Receive Subsequent Case Filing CCMS-V4-INI816 This data exchange will be used by the Trial Court to receive a subsequent case filing from an Integration Partner (IP) to add a subsequent filing document associated with numerous filing types described in the associated documentation.	INI816 WSDLs and Schemas
Send Case Initiation Filing – Juvenile Confirmation Notification CCMS-V4-INI922 This data exchange will be used by the Trial Court to send an acceptance response to the case initiation request received via the *CCMS-V4-INI803 Receive Case Initiation Filing – Juvenile* data exchange.	INI922 WSDLs and Schemas
Send Case Initiation Filing – No Complaint Filed (NCF) Confirmation Notification CCMS-V4-INI933 This data exchange will be used by the Trial Court to send an acceptance response to the case initiation request received via the *CCMS-V4-INI814 Receive Case Initiation Filing – No Complaint Filed (NCF)* data exchange.	INI933 WSDLs and Schemas
Send Subsequent Case Filing Confirmation Notification CCMS-V4-INI934 This data exchange will be used by the Trial Court to send an acceptance response to the case initiation request received via the *CCMS-V4-INI816 Receive Subsequent Case Filing* data exchange.	INI934 WSDLs and Schemas

Integration Partner: District Attorney – Delinquent	**WSDLs and Schemas**
Send Warrant Issuance-Recall Notification CCMS-V4-ISS901 This data exchange will be used by the Trial Court to send warrant issuances and recalls to an Integration Partner (IP) when any of the following actions are ordered by the Trial Court: ▪ A warrant is issued. ▪ A warrant is recalled.	ISS901 WSDLs and Schemas
Send Case Participant Demographic Information Notification CCMS-V4-PF901 This data exchange will be used by the Trial Court to send case participant demographic information to an Integration Partner (IP). Some examples include: ▪ Trial Court adds, updates, or removes a DBA or AKA name to a case participant. ▪ Trial Court adds, updates, or removes a mailing address to a case participant. ▪ Trial Court adds, updates, or removes a phone number to a case participant. ▪ Trial Court adds, updates, or removes a family relationship for a case participant.	PF901 WSDLs and Schemas

Integration Partner: District Court of Appeals/Supreme Court	**WSDLs and Schemas**
Send Case Transfer to ACCMS Notification CCMS-V4-APL901 This data exchange will be used by the Trial Court to send a case transfer or subsequent document to an Integration Partner (IP). Some examples include: ▪ Case participant files an appeal. ▪ Case participant is found guilty on a death sentence. ▪ IP request additional documentation from the Trial Court.	APL901 WSDLs and Schemas

Integration Partner: Electronic Filing Service Provider (EFSP)	**WSDLs and Schemas**
Receive Case Search Query CCMS-V4-APP801 This data exchange will be used by the Trial Court to receive a request for case listing information from an Integration Partner (IP). The following is a possible situation when an Integration Partner may wish to use this data exchange: ▪ IP wishes to search Trial Court records for any additional cases for a specific case participant.	APP801 WSDLs and Schemas
Receive Calendar Event Request CCMS-V4-CAL801 This data exchange will be used by the Trial Court to receive a request to schedule a calendar event from an Integration Partner (IP). The following are possible situations when an Integration Partner may wish to use this data exchange: ▪ IP wishes to schedule a hearing for a defendant or minor in probation. ▪ IP wishes to obtain a calendar date, time, and location prior to releasing a defendant on an own recognizance. ▪ IP wishes to schedule a hearing for a probation client seeking modification to probation terms and conditions.	CAL801 WSDLs and Schemas
Receive Case Calendar Information Query CCMS-V4-CAL805 This data exchange will be used by the Trial Court to receive a request for case calendar query from an Integration Partner (IP). The following are possible situations when an Integration Partner may wish to use this data exchange: ▪ IP wishes to know the next scheduled hearing for a specific case ▪ IP wishes to know the list of hearings calendared on a specific case	CAL805 WSDLs and Schemas

Integration Partner: Electronic Filing Service Provider (EFSP)	**WSDLs and Schemas**
Send Calendar Event Notification CCMS-V4-CAL902 This data exchange will be used by the Trial Court to send a calendar event notification to an Integration Partner (IP). Some examples include: ▪ A hearing is scheduled. ▪ A hearing is vacated. ▪ A hearing is deleted. ▪ A previously vacated hearing is restored. ▪ A hearing is modified, (e.g., reassigned to another courtroom, rescheduled to a different day). ▪ A hearing is stayed.	CAL902 WSDLs and Schemas
Send Calendar Event Request Confirmation Notification CCMS-V4-CAL904 This data exchange will be used by the Trial Court to send an acceptance response to the case initiation request received via the *CCMS-V4- CAL801 Receive Calendar Event Request* data exchange.	CAL904 WSDLs and Schemas
Receive Case Summary Query CCMS-V4-CAS801 This data exchange will be used by the Trial Court to receive a request for case summary information from an Integration Partner (IP). The following are possible situations when an Integration Partner may wish to use this data exchange: ▪ IP wishes to know the next scheduled hearing for a specific case. ▪ IP wishes to know the current case status for a specific case.	CAS801 WSDLs and Schemas
Receive Case Notice List Query CCMS-V4-CAS807 This data exchange will be used by the Trial Court to receive a request for the notice list on a case from an Integration Partner (IP). The following is a possible situation when an Integration Partner may wish to use this data exchange: ▪ IP wishes to receive the list of participants that are on the notice list for a case in the Trial Court.	CAS807 WSDLs and Schemas

Integration Partner: Electronic Filing Service Provider (EFSP)	**WSDLs and Schemas**
Send Case Summary Notification CCMS-V4-CAS902 This data exchange will be used by the Trial Court to send case summary details to an Integration Partner (IP) when the *V4-BAT-CSM10 Generate Daily Case Summary* batch job is executed by the Trial Court.	CAS902 WSDLs and Schemas
Send Courtroom Order Notification CCMS-V4-CRT901 This data exchange will be used by the Trial Court to send a finalized original or amended minute order to an Integration Partner (IP) when a minute order is finalized either inside or outside the courtroom by the Trial Court.	CRT901 WSDLs and Schemas
Receive Proposed Recommendation Filing (MOCS Codes) CCMS-V4-DSP816 This data exchange will be used by the Trial Court to receive a proposed order from an Integration Partner (IP) in preparation of ordering and issuing order after hearing forms for any of the following case categories: ▪ Family Law (all case types). ▪ Juvenile (all case types). The following are possible situations when an Integration Partner may wish to use this data exchange: ▪ IP proposes paternity orders for a family law case. ▪ IP proposes a child support order for a family law case. ▪ IP enforces a spousal support order for a family law case. ▪ IP proposes an initial order for a juvenile dependency case hearing. ▪ IP proposes paternity orders for a family law case. ▪ IP proposes order(s) for a juvenile delinquency case hearing.	DSP816 WSDLs and Schemas
Send Proposed Recommendation Filing (MOCS Codes) Confirmation Notification CCMS-V4-DSP920 This data exchange will be used by the Trial Court to send an acceptance response to the case initiation request received via the *CCMS-V4-DSP816 Receive Proposed Recommendation Filing (MOCS Codes)* data exchange.	DSP920 WSDLs and Schemas

Integration Partner: Electronic Filing Service Provider (EFSP)	**WSDLs and Schemas**
Receive Accounting Reconciliation Report from EFSPs Notification CCMS-V4-EFL801 This data exchange will be used by the Trial Court to receive payment information from an Integration Partner (IP). The Trial Court will use this information to reconcile payment data recorded in CCMS-V4 with the payments forwarded by the Integration Partner on electronically filed cases. The following is a possible situation when an Integration Partner may wish to use this data exchange: ▪ IP wishes to send payment reconciliation information on electronically filed cases to the Trial Court.	EFL801 WSDLs and Schemas
Send Clerk Review Rejection Notification CCMS-V4-EFL902 This data exchange will be used by the Trial Court to send a rejection response to an inbound request received via a data exchange subject to clerk review.	EFL902 WSDLs and Schemas
Receive Exhibits List Notification CCMS-V4-EXB801 This data exchange will be used by the Trial Court to receive a case hearing exhibit list in electronic format, which gets imported into CCMS-V4. The following is a possible situation when an Integration Partner may wish to use this data exchange: ▪ IP wishes to submit an exhibit list prior to the case hearing on behalf of an attorney.	EXB801 WSDLs and Schemas
Send E-Service Notification CCMS-V4-FN903 This data exchange will be used by the Trial Court to send to an Integration Partner (IP) the list of case participants that have opted to receive electronic notification of forms and notices generated on a case. The Integration Partner (IP) receives this notification on behalf of the case participant(s) and forwards it on to them. Some examples include: ▪ Trial Court generates a Notice of Hearing with form recipients that have a web service address. ▪ Trial Court generates a Notice of Case Re-assignment with form recipients that have a web service address.	FN903 WSDLs and Schemas

Integration Partner: Electronic Filing Service Provider (EFSP)	**WSDLs and Schemas**
Receive Case Initiation Filing – Juvenile CCMS-V4-INI803 This data exchange will be used by the Trial Court to receive a case initiating filing document from an Integration Partner (IP) to initiate a juvenile case for any case type. All amended case filings for Juvenile are received by the Trial Court using this data exchange. The following are a selective list of possible situations when an Integration Partner may wish to use this data exchange: ▪ IP charges a juvenile with a delinquency violation. ▪ IP charges a juvenile with a truancy violation. ▪ IP processes a juvenile (may be dependent child or delinquent child) with an extradition to another state. ▪ IP files on behalf of alleged dependent child. ▪ IP requests modification order. ▪ IP removes child from home for abuse or neglect and files a petition	INI803 WSDLs and Schemas
Receive Case Initiation Filing - Small Claims CCMS-V4-INI804 This data exchange will be used by the Trial Court to receive a case initiating filing document from an Integration Partner (IP) to initiate a small claims case. The following is a possible situation when an Integration Partner may wish to use this data exchange: ▪ IP submits a small claims case initiating filing document for a client for a jurisdictional amount of less than or equal to $7,500.	INI804 WSDLs and Schemas
Receive Case Initiation Filing - Civil Limited Unlimited CCMS-V4-INI805 This data exchange will be used by the Trial Court to receive a case initiating filing document from an Integration Partner (IP) to initiate a civil limited or a civil unlimited case for any case type. The following are possible situations when an Integration Partner may wish to use this data exchange: ▪ IP submits a harassment filing document for a client. ▪ IP submits a petition for name change filing document for a client.	INI805 WSDLs and Schemas

Integration Partner: Electronic Filing Service Provider (EFSP)	**WSDLs and Schemas**
Receive Case Initiation Filing - Family Law (Adoption) CCMS-V4-INI806 This data exchange will be used by the Trial Court to receive a case initiating filing document from an Integration Partner (IP) to initiate a family law case for any of the following case types: ▪ Adoption The following are possible situations when an Integration Partner may wish to use this data exchange: ▪ IP wants to initiate an adoption case on behalf of a child. ▪ IP wants to initiate an adoption case with the ultimate desire to adopt the child from a new spouse's previous relationship. ▪ A new spouse's previous relationship.	INI806 WSDLs and Schemas
Receive Case Initiation Filing - Family Law (Marriage Domestic Partnership with without Child) CCMS-V4-INI807 This data exchange will be used by the Trial Court to receive a case initiating filing document from an Integration Partner (IP) to initiate a family law case for any of the following case types: ▪ Dissolution of Marriage with Minor Children ▪ Dissolution of Domestic Partnership with Minor Children ▪ Legal Separation of Marriage with Minor Children ▪ Legal Separation of Domestic Partnership with Minor Children ▪ Nullity of Marriage with Minor Children ▪ Nullity of Domestic Partnership with Minor Children ▪ Dissolution of Marriage without Children ▪ Dissolution of Domestic Partnership without Children ▪ Legal Separation of Marriage without Children ▪ Legal Separation of Domestic Partnership without Children ▪ Nullity of Marriage without Children ▪ Nullity of Domestic Partnership without Children ▪ Summary Dissolution of Marriage	INI807 WSDLs and Schemas

Integration Partner: Electronic Filing Service Provider (EFSP)	**WSDLs and Schemas**
Receive Case Initiation Filing - Family Law (Complaint Regarding Parental Obligation) CCMS-V4-INI808 This data exchange will be used by the Trial Court to receive a case initiating filing document from an Integration Partner (IP) to initiate a family law case for any of the following case types: ▪ Complaint Regarding Parental Obligation The following is a possible situation when an Integration Partner may wish to use this data exchange: ▪ Integration Partner files a summons and complaint with a proposed judgment for a child support award.	INI808 WSDLs and Schemas
Receive Case Initiation Filing - Family Law (Petition for Custody Support) CCMS-V4-INI810 This data exchange will be used by the Trial Court to receive a case initiating filing document from an Integration Partner (IP) to initiate a family law case for any of the following case types: ▪ Establish Parental Relationship ▪ Custody and Support of Minor Children The following are possible situations when an IP may wish to use this data exchange: ▪ A case participant wishes to establish legal custody of a child. ▪ A case participant wishes to establish physical custody of a child. ▪ A case participant wishes to establish visitation restrictions of a child for another participant. ▪ A case participant wishes to establish a parental relationship.	INI810 WSDLs and Schemas

Integration Partner: Electronic Filing Service Provider (EFSP)	**WSDLs and Schemas**
Receive Case Initiation Filing - Family Law ((DVP) with without Child) CCMS-V4-INI811 This data exchange will be used by the Trial Court to receive a case initiating filing document from an Integration Partner (IP) to initiate a family law case for any of the following case types: ▪ Domestic Violence Prevention with Minor Children ▪ Domestic Violence Prevention without Minor Children ▪ Request for Orders to Stop Elder or Dependent Adult Abuse The following are possible situations when an Integration Partner may wish to use this data exchange: ▪ A case participant wishes to request an order to stop domestic violence. ▪ A case participant wishes to request an order to stop elder abuse.	INI811 WSDLs and Schemas
Receive Case Initiation Filing - Family Law (Registration of Judgment or Order) CCMS-V4-INI812 This data exchange will be used by the Trial Court to receive a case initiating filing document from an Integration Partner (IP) to initiate a family law case for any of the following case types: ▪ Registration of Out-of-State Custody Order ▪ Registration of Out-of-State Judgment ▪ Registration of Out-of-State Restraining Order ▪ Registration of Out-of-State Support Order ▪ Statement for Registration of California Support Order ▪ Juvenile Custody Order The following is a possible situation when an IP may wish to use this data exchange: ▪ A case participant wishes that have an out-of-state order registered in California.	INI812 WSDLs and Schemas

Integration Partner: Electronic Filing Service Provider (EFSP)	**WSDLs and Schemas**
Receive Case Initiation Filing - Family Law (Miscellaneous) CCMS-V4-INI813 This data exchange will be used by the Trial Court to receive a case initiating filing document from an Integration Partner (IP) to initiate a family law case for any of the following case types: ▪ Approval of Child's Contract ▪ Hague ▪ Other ▪ Petition for Declaration of Emancipation of Minor ▪ Request for Marital Consent ▪ Surrogacy ▪ Summary Dissolution of Marriage ▪ Third Party Visitation The following is a possible situation when an IP may wish to use this data exchange: ▪ A participant wishes to establish a family law case for a case type not covered by any other family law case initiation data exchange.	INI813 WSDLs and Schemas
Receive Subsequent Case Filing CCMS-V4-INI816 This data exchange will be used by the Trial Court to receive a subsequent case filing from an Integration Partner (IP) to add a subsequent filing document associated with numerous filing types described in the associated documentation.	INI816 WSDLs and Schemas
Receive Case Initiation Filing – Mental Health CCMS-V4-INI819 This data exchange will be used by the Trial Court to receive a case initiating filing document from an Integration Partner (IP) to initiate a mental health case. The following are possible situations when an Integration Partner may wish to use this data exchange: ▪ IP submits a Certification case on behalf of a client. ▪ IP submits an LPS Conservatorship case on behalf of a client.	INI819 WSDLs and Schemas

Integration Partner: Electronic Filing Service Provider (EFSP)	**WSDLs and Schemas**
Receive Case Initiation Filing – Probate CCMS-V4-INI820 This data exchange will be used by the Trial Court to receive a case initiating filing document from an Integration Partner (IP) to initiate a probate case. The following are possible situations when an Integration Partner may wish to use this data exchange: ▪ IP submits a Petition for Change of Name on behalf of a client. ▪ IP submits a Spousal Property petition on behalf of a client. ▪ IP submits a Guardianship of Person and Estate petition on behalf of a client.	INI820 WSDLs and Schemas
Send Case Initiation Filing – Juvenile Confirmation Notification CCMS-V4-INI922 This data exchange will be used by the Trial Court to send an acceptance response to the case initiation request received via the *CCMS-V4-INI803 Receive Case Initiation Filing – Juvenile* data exchange.	INI922 WSDLs and Schemas
Send Case Initiation Filing – Small Claims Confirmation Notification CCMS-V4-INI923 This data exchange will be used by the Trial Court to send an acceptance response to the case initiation request received via the *CCMS-V4-INI804 Receive Case Initiation Filing – Small Claims* data exchange.	INI923 WSDLs and Schemas
Send Case Initiation Filing – Civil Limited/Unlimited Confirmation Notification CCMS-V4-INI924 This data exchange will be used by the Trial Court to send an acceptance response to the case initiation request received via the *CCMS-V4-INI805 Receive Case Initiation Filing – Civil Limited/Unlimited* data exchange.	INI924 WSDLs and Schemas
Send Case Initiation Filing – Family Law (Adoption) Confirmation Notification CCMS-V4-INI925 This data exchange will be used by the Trial Court to send an acceptance response to the case initiation request received via the *CCMS-V4-INI806 Receive Case Initiation Filing – Family Law (Adoption)* data exchange.	INI925 WSDLs and Schemas

Integration Partner: Electronic Filing Service Provider (EFSP)	**WSDLs and Schemas**
Send Case Initiation Filing – Family Law (Marriage/Domestic Partnership with/without Child) CCMS-V4-INI926 This data exchange will be used by the Trial Court to send an acceptance response to the case initiation request received via the *CCMS-V4-INI807 Receive Case Initiation Filing – Family Law (Marriage/Domestic Partnership with/without Child)* data exchange.	INI926 WSDLs and Schemas
Send Case Initiation Filing – Family Law (Complaint Regarding Parental Obligation) Confirmation CCMS-V4-INI927 This data exchange will be used by the Trial Court to send an acceptance response to the case initiation request received via the *CCMS-V4-INI808 Receive Case Initiation Filing – Family Law (Complaint Regarding Parental Obligation)* data exchange.	INI927 WSDLs and Schemas
Send Case Initiation Filing – Family Law (Uniform Interstate Family Support Act (UIFSA)) Confirmation Notification CCMS-V4-INI928 This data exchange will be used by the Trial Court to send an acceptance response to the case initiation request received via the *CCMS-V4-INI809 Receive Case Initiation Filing – Family Law (Uniform Interstate Family Support Act (UIFSA))* data exchange.	INI928 WSDLs and Schemas
Send Case Initiation Filing – Family Law (Petition for Custody/Support) Confirmation Notification CCMS-V4-INI929 This data exchange will be used by the Trial Court to send an acceptance response to the case initiation request received via the *CCMS-V4-INI810 Receive Case Initiation Filing – Family Law (Petition for Custody/Support)* data exchange.	INI929 WSDLs and Schemas
Send Case Initiation Filing – Family Law (Domestic Violence Prevention (DVP) with/without Child) CCMS-V4-INI930 This data exchange will be used by the Trial Court to send an acceptance response to the case initiation request received via the *CCMS-V4-INI811 Receive Case Initiation Filing – Family Law (Domestic Violence Prevention (DVP) with/without Child)* data exchange.	INI930 WSDLs and Schemas

Integration Partner: Electronic Filing Service Provider (EFSP)	**WSDLs and Schemas**
Send Case Initiation Filing – Family Law (Registration of Judgment or Order) Confirmation CCMS-V4-INI931 This data exchange will be used by the Trial Court to send an acceptance response to the case initiation request received via the *CCMS-V4-INI812 Receive Case Initiation Filing – Family Law (Registration of Judgment or Order)* data exchange.	INI931 WSDLs and Schemas
Send Case Initiation Filing – Family Law (Miscellaneous) Confirmation Notification CCMS-V4-INI932 This data exchange will be used by the Trial Court to send an acceptance response to the case initiation request received via the *CCMS-V4-INI813 Receive Case Initiation Filing – Family Law (Miscellaneous)* data exchange.	INI932 WSDLs and Schemas
Send Subsequent Case Filing Confirmation Notification CCMS-V4-INI934 This data exchange will be used by the Trial Court to send an acceptance response to the case initiation request received via the *CCMS-V4-INI816 Receive Subsequent Case Filing* data exchange.	INI934 WSDLs and Schemas
Send Case Initiation Filing – Mental Health Confirmation Notification CCMS-V4-INI935 This data exchange will be used by the Trial Court to send an acceptance response to the case initiation request received via the *CCMS-V4-INI819 Receive Case Initiation Filing – Mental Health* data exchange.	INI935 WSDLs and Schemas
Send Case Initiation Filing – Probate Confirmation Notification CCMS-V4-INI936 This data exchange will be used by the Trial Court to send an acceptance response to the case initiation request received via the *CCMS-V4-INI820 Receive Case Initiation Filing – Probate* data exchange.	INI936 WSDLs and Schemas

Integration Partner: Electronic Filing Service Provider (EFSP)	**WSDLs and Schemas**
Receive Attorney Details by Bar Number Query CCMS-V4-PF805 This data exchange will be used by the Trial Court to receive a request, by bar number, for attorney information from an Integration Partner (IP). The following is a possible situation when an Integration Partner may wish to use this data exchange: • The IP wishes to know the attorney CCMS-V4 participant ID (CMS ID), name and address information	PF805 WSDLs and Schemas
Receive Attorney Details by Name Query CCMS-V4-PF806 This data exchange will be used by the Trial Court to receive a request for attorney bar number from an Integration Partner (IP). The following is a possible situation when an Integration Partner may wish to use this data exchange: • IP wishes to know the bar number for a given attorney stored in the CCMS-V4 system	PF806 WSDLs and Schemas
Send State Bar Number Verification CCMS-V4-PF903 This data exchange will be used by the Trial Court to send all attorney records to an Integration Partner (IP) when the *V4-BAT-ATY01 Attorney State Bar Verification* batch job is executed by the Trial Court.	PF903 WSDLs and Schemas
Send Family Unit Update Confirmation Notification CCMS-V4-PF908 This data exchange will be used by the Trial Court to send an acceptance response to the family unit update request received via the *CCMS-V4-PF807 Send Family Unit Update Request* data exchange.	PF908 WSDLs and Schemas

Integration Partner: Electronic Filing Service Provider (EFSP)	**WSDLs and Schemas**
Receive Bad Check Notification CCMS-V4-PHX806 This data exchange will be used by the Trial Court to receive a bad check notification from an Integration Partner (IP) when the IP receives a returned check. The following are possible situations when an Integration Partner may wish to use this data exchange: ▪ IP receives a returned check from their bank, where the check's funds were originally sent to the Trial Court for a case payment. ▪ IP wishes to reverse a previous case payment due to a returned NSF check.	PHX806 WSDLs and Schemas

Integration Partner: Employment Development Department (EDD)	WSDLs and Schemas
Receive Employment Development Department (EDD) Case Upload CCMS-V4-INI815 This data exchange will be used by the Trial Court to receive a batch file from an Integration Partner (IP) to create post-judgment civil cases so that summons can be issued for defendants. The following is a possible situation when an Integration Partner may wish to use this data exchange: ▪ EDD sends post-judgment cases to the Trial Court to recoup overpayment of unemployment insurance.	INI815 WSDLs and Schemas

Integration Partner: Franchise Tax Board (FTB)	**WSDLs and Schemas**
Receive Collections Franchise Tax Board (FTB) Case Return Notification CCMS-V4-COL805 This data exchange will be used by the Trial Court to receive a collections fee return/update notification from an Integration Partner (IP). Please note this data exchange will be used by the Trial Court to receive any fee return/update notifications, including case balances. The following are possible situations when an Integration Partner may wish to use this data exchange: ▪ IP wishes to remove their agency as the assigned collection agency for a specific fee. ▪ IP wishes to no longer pursue collection activities on a specific fee. ▪ IP wishes to send information updates on the assigned fee.	COL805 WSDLs and Schemas
Send Collections Case Referral Notification CCMS-V4-COL901 This data exchange will be used by the Trial Court to send collection referrals to an Integration Partner (IP) when the *V4-BAT-COL05 Generate Placement File* batch job is executed by the Trial Court. Please note this data exchange will be used by the Trial Court to refer any fee to collections, including case balances.	COL901 WSDLs and Schemas
Send FTB-IIC Account Information Notification CCMS-V4-COL902 This data exchange will be used by the Trial Court to send tax refund intercept account information notifications to an Integration Partner (IP) when any of the following batch jobs are executed by the Trial Court: ▪ *V4-BAT-COL08 Generate FTB-IIC Placement File* – Creates the original fee referral file. ▪ *V4-BAT-COL09 Generate FTB-IIC Transaction File* – Creates the modified fee referral file which includes; additions, modifications, and removals from the original fee referral file.	COL902 WSDLs and Schemas

Integration Partner: Franchise Tax Board (FTB)	**WSDLs and Schemas**
Send Collection Balance Update Notification CCMS-V4-COL903 This data exchange will be used by the Trial Court to send collection balance update notifications to an Integration Partner (IP) when the *V4-BAT-COL06 Generate Transaction File* batch job is executed by the Trial Court. Please note this data exchange will be used by the Trial Court to send any collection balance update notifications for fees, including case balances.	COL903 WSDLs and Schemas
Receive Payment Notification CCMS-V4-FCC806 This data exchange is used solely to create the case payment records in CCMS-V4 and does not affect the actual transfer of funds. Funds will continue being transferred in the same manner as they currently are by each IP, (e.g., check, ACH). The following are possible situations when an Integration Partner may wish to use this data exchange: ▪ IP submits collection case payment information. ▪ IP submits victim restitution payments collected from participants. ▪ A case participant submits weekly payment-plan information.	FCC806 WSDLs and Schemas

Integration Partner: Law Enforcement Agency/Sheriff	**WSDLs and Schemas**
Receive Case Search Query CCMS-V4-APP801 This data exchange will be used by the Trial Court to receive a request for case listing information from an Integration Partner (IP). The following is a possible situation when an Integration Partner may wish to use this data exchange: ▪ IP wishes to search Trial Court records for any additional cases for a specific case participant.	APP801 WSDLs and Schemas
Receive Court Vacation Dates Notification CCMS-V4-CAL803 This data exchange will be used by the Trial Court to receive court resource vacation dates from an Integration Partner (IP). The following is a possible situation when an Integration Partner may wish to use this data exchange: ▪ IP wishes to notify the Trial Court of their employee's vacation dates.	CAL803 WSDLs and Schemas
Send Calendar Event Notification CCMS-V4-CAL902 This data exchange will be used by the Trial Court to send a calendar event notification to an Integration Partner (IP). Some examples include: ▪ A hearing is scheduled. ▪ A hearing is vacated. ▪ A hearing is deleted. ▪ A previously vacated hearing is restored. ▪ A hearing is modified, (e.g., reassigned to another courtroom, rescheduled to a different day). ▪ A hearing is stayed.	CAL902 WSDLs and Schemas
Send Calendar Event Request Confirmation Notification CCMS-V4-CAL904 This data exchange will be used by the Trial Court to send an acceptance response to the case initiation request received via the *CCMS-V4- CAL801 Receive Calendar Event Request* data exchange.	CAL904 WSDLs and Schemas

Integration Partner: Law Enforcement Agency/Sheriff	WSDLs and Schemas
Receive Case Summary Query CCMS-V4-CAS801 This data exchange will be used by the Trial Court to receive a request for case summary information from an Integration Partner (IP). The following are possible situations when an Integration Partner may wish to use this data exchange: ▪ IP wishes to know the next scheduled hearing for a specific case. ▪ IP wishes to know the current case status for a specific case.	CAS801 WSDLs and Schemas
Send Booking Required Notification CCMS-V4-CAS905 This data exchange will be used by the Trial Court to send a notification that a defendant must be booked to an Integration Partner (IP) when this action is ordered by the Trial Court.	CAS905 WSDLs and Schemas
Send Courtroom Order Notification CCMS-V4-CRT901 This data exchange will be used by the Trial Court to send a finalized original or amended minute order to an Integration Partner (IP) when a minute order is finalized either inside or outside the courtroom by the Trial Court.	CRT901 WSDLs and Schemas
Send Seal Juvenile Record Order Notification CCMS-V4-DSP908 This data exchange will be used by the Trial Court to send an order to seal a juvenile case to an Integration Partner (IP) when this action is ordered by the Trial Court.	DSP908 WSDLs and Schemas
Send Order After Hearing Notification CCMS-V4-DSP913 This data exchange will be used by the Trial Court to send finalized Order After Hearing (OAH) forms and associated data (MOCS codes and text) to an Integration Partner (IP) when a family law or juvenile proposed order is finalized and issued either inside or outside the courtroom by the Trial Court.	DSP913 WSDLs and Schemas

Integration Partner: Law Enforcement Agency/Sheriff	**WSDLs and Schemas**
Send True Finding on Juvenile 602 Case Order Notification CCMS-V4-DSP915 This data exchange will be used by the Trial Court to send an order of true finding on a juvenile delinquency case to an Integration Partner (IP) when this action has been ordered by the Trial Court.	DSP915 WSDLs and Schemas
Send Restraining Order Issuance-Cancel-Update Notification CCMS-V4-DSP917 This data exchange will be used by the Trial Court to send restraining order issuances, modifications, and removals to an Integration Partner (IP) when any of the following actions are ordered by the Trial Court: ▪ Restraining order is issued. ▪ Restraining order is modified. ▪ Restraining order is removed.	DSP917 WSDLs and Schemas
Receive Case Initiation Filing – Citations CCMS-V4-INI801 This data exchange will be used by the Trial Court to receive a case initiating filing document from an Integration Partner (IP) to initiate a citation case. The following are possible situations when an Integration Partner may wish to use this data exchange: ▪ IP issues automated red light camera citations. ▪ IP issues minor traffic infraction citations. ▪ IP issues minor non-traffic infraction citations. ▪ IP issues minor traffic misdemeanor citations. ▪ IP issues minor non-traffic misdemeanor citations.	INI801 WSDLs and Schemas

Integration Partner: Law Enforcement Agency/Sheriff	**WSDLs and Schemas**
Receive Warrant Re-issuance Purge Request CCMS-V4-ISS803 This data exchange will be used by the Trial Court to receive a request to either reissue or purge a warrant from an Integration Partner (IP). After reviewing the reissue or purge request, the judicial officer may approve or deny the request. When a reissue request is approved, the original warrant is recalled (if that warrant is still not cleared) and a new warrant is issued. When a purge request is approved, the original warrant is only recalled. In any case, the IP is notified of the action taken by the judicial officer. The following are possible situations when an Integration Partner may wish to use this data exchange: ▪ A warrant has expired. ▪ A warrant has been returned un-served. ▪ A warrant was inadvertently served against the wrong person.	ISS803 WSDLs and Schemas
Receive Warrant Proof of Service Notification CCMS-V4-ISS804 This data exchange will be used by the Trial Court to receive a warrant proof of service notification from an Integration Partner (IP) to update the warrant status to 'Served'. The following is a possible situation when an Integration Partner may wish to use this data exchange: ▪ IP arrests a defendant on an active warrant and notifies the Trial Court.	ISS804 WSDLs and Schemas
Send Warrant Issuance-Recall Notification CCMS-V4-ISS901 This data exchange will be used by the Trial Court to send warrant issuances and recalls to an Integration Partner (IP) when any of the following actions are ordered by the Trial Court: ▪ A warrant is issued. ▪ A warrant is recalled.	ISS901 WSDLs and Schemas

Integration Partner: Law Enforcement Agency/Sheriff	**WSDLs and Schemas**
Send Warrant Re-issuance/Purge Request Confirmation Notification CCMS-V4-ISS905 This data exchange will be used by the Trial Court to send an acceptance response to the case initiation request received via the *CCMS-V4-ISS803 Receive Warrant Re-issuance/Purge Request* data exchange.	ISS905 WSDLs and Schemas
Send Case File Destruction-Purge Notification CCMS-V4-TRK901 This data exchange will be used by the Trial Court to send a case file destruction/purge notification to an Integration Partner (IP) when any of the following actions have been performed by the Trial Court: ▪ Trial Court destroys the physical case file, thereby leaving the electronic case information in CCMS-V4. ▪ Trial Court purges the electronic case information from CCMS-V4, as well as destroys the physical case file.	TRK901 WSDLs and Schemas

Integration Partner: Print Service Provider Agency	**WSDLs and Schemas**
Send Courtesy Notice Print Request Notification CCMS-V4-FN901 This data exchange will be used by the Trial Court to send courtesy notices to an Integration Partner (IP) for printing when the *V4-BAT-FNR01 Courtesy Notice* batch job is executed by the Trial Court.	FN901 WSDLs and Schemas
Send Print Job Request Notification CCMS-V4-FN902 This data exchange will be used by the Trial Court to send print job requests to an Integration Partner (IP) for printing when the *V4-BAT-TPB01 Batch Printing Extract* batch job is executed by the Trial Court.	FN902 WSDLs and Schemas
Send E-Service Notification CCMS-V4-FN903 This data exchange will be used by the Trial Court to send to an Integration Partner (IP) the list of case participants that have opted to receive electronic notification of forms and notices generated on a case. The Integration Partner (IP) receives this notification on behalf of the case participant(s) and forwards it on to them. Some examples include: ▪ Trial Court generates a Notice of Hearing with form recipients that have a web service address. ▪ Trial Court generates a Notice of Case Re-assignment with form recipients that have a web service address.	FN903 WSDLs and Schemas

Integration Partner: Probation – Adult	**WSDLs and Schemas**
Receive Victim Restitution Establishment Request CCMS-V4-ACC801 This data exchange will be used by the Trial Court to receive a victim restitution establishment request from an Integration Partner (IP) to create a victim restitution account in CCMS-V4. The following is a possible situation when an Integration Partner may wish to use this data exchange: ▪ IP researches and determines victim restitution information.	ACC801 WSDLs and Schemas
Receive Collections Franchise Tax Board (FTB) Case Return Notification CCMS-V4-COL805 This data exchange will be used by the Trial Court to receive a collections fee return/update notification from an Integration Partner (IP). Please note this data exchange will be used by the Trial Court to receive any fee return/update notifications, including case balances. The following are possible situations when an Integration Partner may wish to use this data exchange: ▪ IP wishes to remove their agency as the assigned collection agency for a specific fee. ▪ IP wishes to no longer pursue collection activities on a specific fee. ▪ IP wishes to send information updates on the assigned fee.	COL805 WSDLs and Schemas
Receive Case Search Query CCMS-V4-APP801 This data exchange will be used by the Trial Court to receive a request for case listing information from an Integration Partner (IP). The following is a possible situation when an Integration Partner may wish to use this data exchange: ▪ IP wishes to search Trial Court records for any additional cases for a specific case participant.	APP801 WSDLs and Schemas

Integration Partner: Probation – Adult	**WSDLs and Schemas**
Receive Calendar Event Request CCMS-V4-CAL801 This data exchange will be used by the Trial Court to receive a request to schedule a calendar event from an Integration Partner (IP). The following are possible situations when an Integration Partner may wish to use this data exchange: ▪ IP wishes to schedule a hearing for a defendant or minor in probation. ▪ IP wishes to obtain a calendar date, time, and location prior to releasing a defendant on an own recognizance. ▪ IP wishes to schedule a hearing for a probation client seeking modification to probation terms and conditions.	CAL801 WSDLs and Schemas
Send Calendar Event Notification CCMS-V4-CAL902 This data exchange will be used by the Trial Court to send a calendar event notification to an Integration Partner (IP). Some examples include: ▪ A hearing is scheduled. ▪ A hearing is vacated. ▪ A hearing is deleted. ▪ A previously vacated hearing is restored. ▪ A hearing is modified, (e.g., reassigned to another courtroom, rescheduled to a different day). ▪ A hearing is stayed.	CAL902 WSDLs and Schemas
Send Calendar Event Request Confirmation Notification CCMS-V4-CAL904 This data exchange will be used by the Trial Court to send an acceptance response to the case initiation request received via the *CCMS-V4- CAL801 Receive Calendar Event Request* data exchange.	CAL904 WSDLs and Schemas

Integration Partner: Probation – Adult	**WSDLs and Schemas**
Send Case Consolidation - De-Consolidation Notification CCMS-V4-CAS903 This data exchange will be used by the Trial Court to send a case consolidation or case de-consolidation notification to an Integration Partner (IP) when any of the following actions are ordered by the Trial Court: ▪ Case consolidation notification: The Trial Court consolidates more than one case, (e.g., same minor with two cases) into a lead case. ▪ Case de-consolidation notification: The Trial Court de-consolidates previously consolidated cases either due to a clerical error or judicial order.	CAS903 WSDLs and Schemas
Send Public Defender Case Assignment Notification CCMS-V4-CAS904 This data exchange will be used by the Trial Court to send a public defender or alternate public defender case assignment notification to an Integration Partner (IP) when the public defender has been assigned to a case as a case resource by the Trial Court. Hereafter, when public defender is referenced, it equates to the Public Defender, the Alternate Public Defender, or an Entity Panel.	CAS904 WSDLs and Schemas
Send Courtroom Order Notification CCMS-V4-CRT901 This data exchange will be used by the Trial Court to send a finalized original or amended minute order to an Integration Partner (IP) when a minute order is finalized either inside or outside the courtroom by the Trial Court.	CRT901 WSDLs and Schemas

Integration Partner: Probation – Adult	**WSDLs and Schemas**
Receive Proposed Recommendation Filing (MOCS Codes) CCMS-V4-DSP816 This data exchange will be used by the Trial Court to receive a proposed order from an Integration Partner (IP) in preparation of ordering and issuing order after hearing forms for any of the following case categories: ▪ Family Law (all case types). ▪ Juvenile (all case types). The following are possible situations when an Integration Partner may wish to use this data exchange: ▪ IP proposes paternity orders for a family law case. ▪ IP proposes a child support order for a family law case. ▪ IP enforces a spousal support order for a family law case. ▪ IP proposes an initial order for a juvenile dependency case hearing. ▪ IP proposes paternity orders for a family law case. ▪ IP proposes order(s) for a juvenile delinquency case hearing.	DSP816 WSDLs and Schemas
Receive Probation Violations Update Notification CCMS-V4-DSP821 This data exchange will be used by the Trial Court to receive notice of a probation violation from an Integration Partner (IP). The following is a possible situation when an Integration Partner may wish to use this data exchange: ▪ IP wishes to notify the courts of probation conditions that have been violated.	DSP821 WSDLs and Schemas
Send Seal Juvenile Record Order Notification CCMS-V4-DSP908 This data exchange will be used by the Trial Court to send an order to seal a juvenile case to an Integration Partner (IP) when this action is ordered by the Trial Court.	DSP908 WSDLs and Schemas

Integration Partner: Probation – Adult	**WSDLs and Schemas**
Send Sentencing Report Order Notification CCMS-V4-DSP911 This data exchange will be used by the Trial Court to send an order to complete a sentencing report to an Integration Partner (IP). Some examples include: ▪ Provide the Trial Court a criminal history of the defendant. ▪ Provide the Trial Court a report of family details or circumstances of the offense. ▪ Provide the Trial Court a recommendation for a sentence; months and/or restitution. ▪ Provide the Trial Court a recommendation of motion to expunge. ▪ Provide the Trial Court a fitness report. ▪ Provide the Trial Court a community detention report if minor is placed on CDP (Community detention program).	DSP911 WSDLs and Schemas
Send Order After Hearing Notification CCMS-V4-DSP913 This data exchange will be used by the Trial Court to send finalized Order After Hearing (OAH) forms and associated data (MOCS codes and text) to an Integration Partner (IP) when a family law or juvenile proposed order is finalized and issued either inside or outside the courtroom by the Trial Court.	DSP913 WSDLs and Schemas
Send True Finding on Juvenile 602 Case Order Notification CCMS-V4-DSP915 This data exchange will be used by the Trial Court to send an order of true finding on a juvenile delinquency case to an Integration Partner (IP) when this action has been ordered by the Trial Court.	DSP915 WSDLs and Schemas
Send Restraining Order Issuance-Cancel-Update Notification CCMS-V4-DSP917 This data exchange will be used by the Trial Court to send restraining order issuances, modifications, and removals to an Integration Partner (IP) when any of the following actions are ordered by the Trial Court: ▪ Restraining order is issued. ▪ Restraining order is modified. ▪ Restraining order is removed.	DSP917 WSDLs and Schemas

Integration Partner: Probation – Adult	**WSDLs and Schemas**
Send Proposed Recommendation Filing (MOCS Codes) Confirmation Notification CCMS-V4-DSP920 This data exchange will be used by the Trial Court to send an acceptance response to the case initiation request received via the *CCMS-V4-DSP816 Receive Proposed Recommendation Filing (MOCS Codes)* data exchange.	DSP920 WSDLs and Schemas
Receive Case Participant Balance Query CCMS-V4-FCC807 This data exchange will be used by the Trial Court to receive a request for case participant balance information from an Integration Partner (IP). The following is a possible situation when an Integration Partner may wish to use this data exchange: ▪ IP wishes to request for the balance due for a specific case participant.	FCC807 WSDLs and Schemas
Receive Subsequent Case Filing CCMS-V4-INI816 This data exchange will be used by the Trial Court to receive a subsequent case filing from an Integration Partner (IP) to add a subsequent filing document associated with numerous filing types described in the associated documentation.	INI816 WSDLs and Schemas
Send Subsequent Case Filing Confirmation Notification CCMS-V4-INI934 This data exchange will be used by the Trial Court to send an acceptance response to the case initiation request received via the *CCMS-V4-INI816 Receive Subsequent Case Filing* data exchange.	INI934 WSDLs and Schemas
Send Warrant Issuance-Recall Notification CCMS-V4-ISS901 This data exchange will be used by the Trial Court to send warrant issuances and recalls to an Integration Partner (IP) when any of the following actions are ordered by the Trial Court: ▪ A warrant is issued. ▪ A warrant is recalled.	ISS901 WSDLs and Schemas

Integration Partner: Probation – Adult	**WSDLs and Schemas**
Send Case Participant Demographic Information Notification CCMS-V4-PF901 This data exchange will be used by the Trial Court to send case participant demographic information to an Integration Partner (IP). Some examples include: ▪ Trial Court adds, updates, or removes a DBA or AKA name to a case participant. ▪ Trial Court adds, updates, or removes a mailing address to a case participant. ▪ Trial Court adds, updates, or removes a phone number to a case participant. ▪ Trial Court adds, updates, or removes a family relationship for a case participant.	PF901 WSDLs and Schemas
Receive Disbursement Update Notification CCMS-V4-PHX802 This data exchange will be used by the Trial Court to receive a disbursement update notification from an Integration Partner (IP). The following are possible situations when an Integration Partner may wish to use this data exchange: ▪ IP notifies the Trial Court that a disbursement check has been printed and mailed. ▪ IP notifies the Trial Court that a disbursement check request has been rejected. ▪ IP notifies the Trial Court that a disbursement check has cleared. ▪ IP notifies the Trial Court that a disbursement check has been returned un-cashed, (e.g., incorrect address, lost check). ▪ IP notifies the Trial Court that a disbursement check has been voided.	PHX802 WSDLs and Schemas

Integration Partner: Probation – Adult	**WSDLs and Schemas**
Send Case File Destruction-Purge Notification CCMS-V4-TRK901 This data exchange will be used by the Trial Court to send a case file destruction/purge notification to an Integration Partner (IP) when any of the following actions have been performed by the Trial Court: ▪ Trial Court destroys the physical case file, thereby leaving the electronic case information in CCMS-V4. ▪ Trial Court purges the electronic case information from CCMS-V4, as well as destroys the physical case file.	TRK901 WSDLs and Schemas

Integration Partner: Probation – Delinquent	**WSDLs and Schemas**
Receive Victim Restitution Establishment Request CCMS-V4-ACC801 This data exchange will be used by the Trial Court to receive a victim restitution establishment request from an Integration Partner (IP) to create a victim restitution account in CCMS-V4. The following is a possible situation when an Integration Partner may wish to use this data exchange: ▪ IP researches and determines victim restitution information.	ACC801 WSDLs and Schemas
Send Victim Restitution Establishment Confirmation Notification CCMS-V4-ACC904 This data exchange will be used by the Trial Court to send an acceptance response to the case initiation request *V4-ACC801 Receive Victim Restitution Establishment Request* data exchange.	ACC904 WSDLs and Schemas
Receive Case Search Query CCMS-V4-APP801 This data exchange will be used by the Trial Court to receive a request for case listing information from an Integration Partner (IP). The following is a possible situation when an Integration Partner may wish to use this data exchange: ▪ IP wishes to search Trial Court records for any additional cases for a specific case participant.	APP801 WSDLs and Schemas
Receive Calendar Event Request CCMS-V4-CAL801 This data exchange will be used by the Trial Court to receive a request to schedule a calendar event from an Integration Partner (IP). The following are possible situations when an Integration Partner may wish to use this data exchange: ▪ IP wishes to schedule a hearing for a defendant or minor in probation. ▪ IP wishes to obtain a calendar date, time, and location prior to releasing a defendant on an own recognizance. ▪ IP wishes to schedule a hearing for a probation client seeking modification to probation terms and conditions.	CAL801 WSDLs and Schemas

Integration Partner: Probation – Delinquent	**WSDLs and Schemas**
Send Calendar Event Notification CCMS-V4-CAL902 This data exchange will be used by the Trial Court to send a calendar event notification to an Integration Partner (IP). Some examples include: ▪ A hearing is scheduled. ▪ A hearing is vacated. ▪ A hearing is deleted. ▪ A previously vacated hearing is restored. ▪ A hearing is modified, (e.g., reassigned to another courtroom, rescheduled to a different day). ▪ A hearing is stayed.	CAL902 WSDLs and Schemas
Send Calendar Event Request Confirmation Notification CCMS-V4-CAL904 This data exchange will be used by the Trial Court to send an acceptance response to the case initiation request received via the *CCMS-V4- CAL801 Receive Calendar Event Request* data exchange.	CAL904 WSDLs and Schemas
Send Case Consolidation - De-Consolidation Notification CCMS-V4-CAS903 This data exchange will be used by the Trial Court to send a case consolidation or case de-consolidation notification to an Integration Partner (IP) when any of the following actions are ordered by the Trial Court: ▪ Case consolidation notification: The Trial Court consolidates more than one case, (e.g., same minor with two cases) into a lead case. ▪ Case de-consolidation notification: The Trial Court de-consolidates previously consolidated cases either due to a clerical error or judicial order.	CAS903 WSDLs and Schemas

Integration Partner: Probation – Delinquent	**WSDLs and Schemas**
Send Public Defender Case Assignment Notification CCMS-V4-CAS904 This data exchange will be used by the Trial Court to send a public defender or alternate public defender case assignment notification to an Integration Partner (IP) when the public defender has been assigned to a case as a case resource by the Trial Court. Hereafter, when public defender is referenced, it equates to the Public Defender, the Alternate Public Defender, or an Entity Panel.	CAS904 WSDLs and Schemas
Send Courtroom Order Notification CCMS-V4-CRT901 This data exchange will be used by the Trial Court to send a finalized original or amended minute order to an Integration Partner (IP) when a minute order is finalized either inside or outside the courtroom by the Trial Court.	CRT901 WSDLs and Schemas
Receive Proposed Recommendation Filing (MOCS Codes) CCMS-V4-DSP816 This data exchange will be used by the Trial Court to receive a proposed order from an Integration Partner (IP) in preparation of ordering and issuing order after hearing forms for any of the following case categories: ▪ Family Law (all case types). ▪ Juvenile (all case types). The following are possible situations when an Integration Partner may wish to use this data exchange: ▪ IP proposes paternity orders for a family law case. ▪ IP proposes a child support order for a family law case. ▪ IP enforces a spousal support order for a family law case. ▪ IP proposes an initial order for a juvenile dependency case hearing. ▪ IP proposes paternity orders for a family law case. ▪ IP proposes order(s) for a juvenile delinquency case hearing.	DSP816 WSDLs and Schemas

Integration Partner: Probation – Delinquent	**WSDLs and Schemas**
Receive Probation Violations Update Notification CCMS-V4-DSP821 This data exchange will be used by the Trial Court to receive notice of a probation violation from an Integration Partner (IP). The following is a possible situation when an Integration Partner may wish to use this data exchange: ▪ IP wishes to notify the courts of probation conditions that have been violated.	DSP821 WSDLs and Schemas
Send Seal Juvenile Record Order Notification CCMS-V4-DSP908 This data exchange will be used by the Trial Court to send an order to seal a juvenile case to an Integration Partner (IP) when this action is ordered by the Trial Court.	DSP908 WSDLs and Schemas
Send Sentencing Report Order Notification CCMS-V4-DSP911 This data exchange will be used by the Trial Court to send an order to complete a sentencing report to an Integration Partner (IP). Some examples include: ▪ Provide the Trial Court a criminal history of the defendant. ▪ Provide the Trial Court a report of family details or circumstances of the offense. ▪ Provide the Trial Court a recommendation for a sentence; months and/or restitution. ▪ Provide the Trial Court a recommendation of motion to expunge. ▪ Provide the Trial Court a fitness report. ▪ Provide the Trial Court a community detention report if minor is placed on CDP (Community detention program).	DSP911 WSDLs and Schemas
Send Order After Hearing Notification CCMS-V4-DSP913 This data exchange will be used by the Trial Court to send finalized Order After Hearing (OAH) forms and associated data (MOCS codes and text) to an Integration Partner (IP) when a family law or juvenile proposed order is finalized and issued either inside or outside the courtroom by the Trial Court.	DSP913 WSDLs and Schemas

Integration Partner: Probation – Delinquent	**WSDLs and Schemas**
Send True Finding on Juvenile 602 Case Order Notification CCMS-V4-DSP915 This data exchange will be used by the Trial Court to send an order of true finding on a juvenile delinquency case to an Integration Partner (IP) when this action has been ordered by the Trial Court.	DSP915 WSDLs and Schemas
Send Restraining Order Issuance-Cancel-Update Notification CCMS-V4-DSP917 This data exchange will be used by the Trial Court to send restraining order issuances, modifications, and removals to an Integration Partner (IP) when any of the following actions are ordered by the Trial Court: ▪ Restraining order is issued. ▪ Restraining order is modified. ▪ Restraining order is removed.	DSP917 WSDLs and Schemas
Send Juvenile Commit Abstract Notification CCMS-V4-DSP919 This data exchange will be used by the Trial Court to send a juvenile abstract of judgment – commitment form to an Integration Partner (IP). Some examples include: ▪ A juvenile is committed to the Division of Juvenile Justice for acceptance. ▪ A juvenile is committed to the Division of Juvenile Justice for a 90-day period of observation and diagnosis.	DSP919 WSDLs and Schemas
Send Proposed Recommendation Filing (MOCS Codes) Confirmation Notification CCMS-V4-DSP920 This data exchange will be used by the Trial Court to send an acceptance response to the case initiation request received via the *CCMS-V4-DSP816 Receive Proposed Recommendation Filing (MOCS Codes)* data exchange.	DSP920 WSDLs and Schemas

Integration Partner: Probation – Delinquent	**WSDLs and Schemas**
Receive Case Participant Balance Query CCMS-V4-FCC807 This data exchange will be used by the Trial Court to receive a request for case participant balance information from an Integration Partner (IP). The following is a possible situation when an Integration Partner may wish to use this data exchange: ▪ IP wishes to request for the balance due for a specific case participant.	FCC807 WSDLs and Schemas
Receive Subsequent Case Filing CCMS-V4-INI816 This data exchange will be used by the Trial Court to receive a subsequent case filing from an Integration Partner (IP) to add a subsequent filing document associated with numerous filing types described in the associated documentation.	INI816 WSDLs and Schemas
Send Subsequent Case Filing Confirmation Notification CCMS-V4-INI934 This data exchange will be used by the Trial Court to send an acceptance response to the case initiation request received via the *CCMS-V4-INI816 Receive Subsequent Case Filing* data exchange.	INI934 WSDLs and Schemas
Send Warrant Issuance-Recall Notification CCMS-V4-ISS901 This data exchange will be used by the Trial Court to send warrant issuances and recalls to an Integration Partner (IP) when any of the following actions are ordered by the Trial Court: ▪ A warrant is issued. ▪ A warrant is recalled.	ISS901 WSDLs and Schemas

Integration Partner: Probation – Delinquent	**WSDLs and Schemas**
Send Case Participant Demographic Information Notification CCMS-V4-PF901 This data exchange will be used by the Trial Court to send case participant demographic information to an Integration Partner (IP). Some examples include: ▪ Trial Court adds, updates, or removes a DBA or AKA name to a case participant. ▪ Trial Court adds, updates, or removes a mailing address to a case participant. ▪ Trial Court adds, updates, or removes a phone number to a case participant. ▪ Trial Court adds, updates, or removes a family relationship for a case participant.
