Case Study #1. Scenario 2: "prior" added *only* to moving violations

VII. Prior Convictions

A. The base fine for one Vehicle Code moving violation that is assessed "points" on a current arrest or citation may be enhanced by \$10 for each "prior" conviction within 36 months of the new alleged offense. For calculating the enhancement, both the current and "prior" offense must be a moving violation for which a "point" has been assigned per Vehicle Code section 12810 or 12810.2. A confidential conviction after completion of traffic violator school is not assigned a point or counted as a prior offense for purposes of enhancing the fine of a subsequent offense. Regardless of the number of moving violation convictions on a citation, only one "prior" per citation shall be counted in determining the enhancement on the current offense.
