Updates on Recent Legislation

Court-Related Legislation 2019

November 2019

During the first year of the 2019–2020 Legislative Session, the Legislature and Governor enacted numerous bills that affect the courts or are of general interest to the legal community. Brief descriptions of the measures of greatest interest follow, arranged according to subject matter. Also included is a table summarizing new laws that create new crimes or expand existing crimes, as well as an index listing all the bills and the page numbers on which their descriptions can be found.

The effective date of legislation is stated with each measure. Urgency and budget measures normally take effect immediately upon enactment, and some other measures have delayed operative dates.

This Summary is intended to serve only as a guide to identify bills of interest; the bill descriptions are not a complete statement of statutory changes. Code section references are to the sections most directly affected by the bill; not all sections are necessarily cited.

Until the annual pocket parts are issued, bill texts can be examined in their chaptered form in West's California Legislative Service or California Deering's Advance Legislative Service, where they are published by chapter number. In addition, chaptered bills and legislative committee analyses can be accessed on the internet at http://leginfo.legislature.ca.gov. Individual chapters may be ordered directly from the Legislative Bill Room, State Capitol, 10th Street, Room B32, Sacramento, California 95814, 916-445-2323.

What is bail?

"Regular" bail:

- Defendants generally have a right to be released from custody before trial.
- Cash bail or a secured bail bond is used to ensure that the defendant appears in court on their case.

Changes to the bail system?

August 2018 SB 10 November 2020 SB 10 Referendum

- SB 10 would change pretrial system to base release on assessment of risk rather than on bail
- Focus on public safety and appropriate pretrial release

 Legislation is on hold until November 2020 when voters will decide whether new risk-based system will go into effect

Judicial Council's Action

FTWG: Charge

REPORT TO THE CHIEF JUSTICE COMMISSION

ON THE

FUTURE OF

CALIFORNIA'S

COURT

SYSTEM

2017

Recommended changes to:

"improve access to justice, increase criminal court efficiency and effectiveness, and address the potentially disproportionate negative consequences of minor criminal violations."

FTWG: Charge, cont.

The Chief formed FTWG to develop a proposal to implement and evaluate a <u>civil model</u> for adjudication of <u>minor vehicle infractions</u>.

FTWG: Charge, cont.

- Pursuant to the charge, the FTWG developed a comprehensive legislative proposal for a model of civil adjudication of traffic infractions.
- It went out for public comment in the summer of 2019.

FTWG: Charge, cont.

 Based on feedback received, the current suggestion is to revise draft legislation, keeping infractions criminal, but utilizing parts of the proposal that received support.

FTWG: Timeline

 A new, revised proposal may circulate in the spring of 2020, making reforms within the existing criminal system.

DISCHARGE

from accountability, NOT liability

What is discharge from accountability?

- Recognizes that some debt is uncollectible.
- Responsible collecting entity is relieved from any further responsibility for collecting the discharged debt.
- However, the individual is still liable for payment of any amount owed to the court.

Why discharge debt?

To provide the courts, counties and Legislature an accurate accounting of how much collectible court-ordered debt is outstanding.

To stop devoting resources to pursuing bad, uncollectible debt.

Who can discharge debt?

Government Code sections <u>25257</u> and <u>25259.7</u> authorize the collecting entity, whether county or court, to apply for a discharge for accountability of debt in certain circumstances.

When should debt be discharged?

- The balance is too small to justify the cost of collection; or
- The likelihood of collection does not warrant the expense involved.
- For example, when the debt is too old and/or the debtor is deceased.

How is debt discharged?

On authority of the presiding judge; the board of supervisors; or both.

Depending on which entity collects the debt.

Application

- Total amount owing;
- Names of individuals liable for debt;
- Estimated cost of collection or a statement if the likelihood of collection does not warrant expense involved; and
- Other relevant information that justifies the discharge.

Discharge Report

Within 45 days of discharge, court and county inform each other:

- Case number;
- Case type;
- Amount discharged; and
- Number of years since the debt became delinquent.

Recap

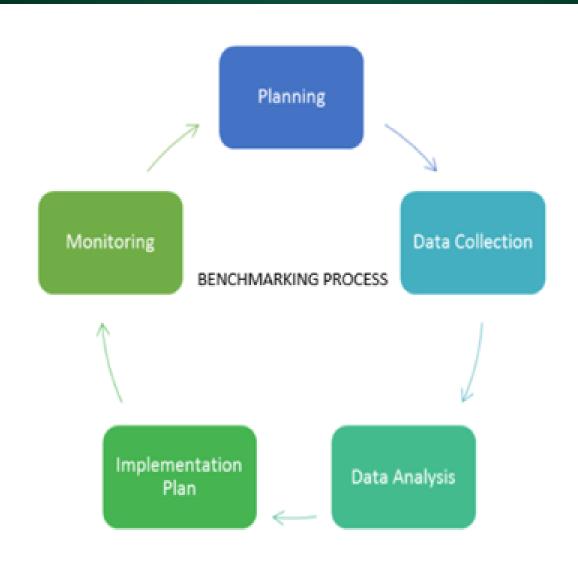

- Collections programs have express authority to discharge.
- Discharge from accountability is <u>not</u> release from liability.
- Reporting uncollectible debt gives the wrong impression.
