Subject: Assembly Bill 581 (Levine), as introduced – Support
Hearing: Senate Veterans Affairs Committee – June 25, 2019

Dear Senator Archuleta:

The Judicial Council is pleased to support Assembly Bill 581, which allows a defendant who is currently serving a felony sentence, who is or was a member of the United States military, and who may be suffering from sexual trauma, traumatic brain injury, post-traumatic stress disorder, substance abuse, or mental health problems as a result of the defendant's military service (military related trauma), to petition for resentencing if those criteria were not considered at the time of sentencing without regard to whether the defendant was sentenced prior to January 1, 2015. The bill also clarifies that this relief is available whether or not there was argument or evidence about the defendant's condition at trial.

The Judicial Council supports AB 581 because the council believes that including the January 1, 2015 date in the eligibility criteria could inadvertently exclude some veterans who otherwise meet the eligibility criteria. Thus, the council believes that AB 581 appropriately clarifies that defendants who are currently serving a felony sentence who otherwise meet the eligibility requirements may petition for relief. The council previously supported AB 865 (Levine, Stats. 2018, ch. 523), which allowed a defendant who is currently serving a felony sentence, who is or

was a member of the United States military, and who may be suffering from military related trauma, to petition the court for resentencing if those criteria were not considered by the court at the time of sentencing and the person was sentenced prior to January 1, 2015. The council supported AB 865 because the council believed that extending consideration of military trauma when resentencing currently incarcerated veterans upon petition was an appropriate follow up to AB 2098 (Levine; Stats. 2014, ch. 163), which allowed consideration of military related trauma in sentencing of eligible individuals. In supporting AB 865, the council concluded that, to treat all veterans similarly and fairly, AB 865 appropriately applied the provisions of AB 2098 to veterans who were sentenced prior to January 2015 by allowing those veterans to file resentencing petitions using the same criteria. Eliminating the January 1, 2015 date from the eligibility requirements likewise serves the goal of treating all veterans similarly and fairly.

For these reasons, the Judicial Council is pleased to support AB 581.
