* The race and ethnicity category descriptions were adapted from definitions used by the U.S. Census Bureau in Census 2000, which for the first time invited respondents to identify more than one category. See Tab titled "Definitions" for descriptions of race and ethnicity categories.

** "Some other race only" includes respondents who indicated they do not consider themselves to be any of the six identified race and ethnicity categories. To provide the most accurate data, the "some other race" category includes only those respondents who identified some other race or ethnicity that did not clearly fall within one or more of the six identified categories. Respondents who indicated "some other race or ethnicity" but identified that race or ethnicity as one or more of the six identified categories are included within the appropriate categories.

To provide the most accurate data, the "some other race" category includes only those respondents who identified some other race or ethnicity that did not clearly fall within one or more of the six identified categories. Respondents who indicated "some other race or ethnicity" but identified that race or ethnicity as one or more of the six identified categories are included within the appropriate categories.

* The race and ethnicity category descriptions were adapted from definitions used by the U.S. Census Bureau in Census 2000, which for the first time invited respondents to identify more than one category. See Tab titled "Definitions" for descriptions of race and ethnicity categories.

** "Some other race only" includes respondents who indicated they do not consider themselves to be any of the six identified race and ethnicity categories. To provide the most accurate data, the "some other race" category includes only those respondents who identified some other race or ethnicity that did not clearly fall within one or more of the six identified categories. Respondents who indicated "some other race or ethnicity" but identified that race or ethnicity as one or more of the six identified categories are included within the appropriate categories.

Demographic Data Provided by Judges and Justices Relative to Race/Ethnicity (Gov. Code, § 12011.5(n))

Hispanic or Latino: A person of Cuban, Mexican, Puerto Rican, South or Central American, or other Spanish culture or origin, regardless of race.

Native Hawaiian or Other Pacific Islander: A person having origins in any of the original peoples of Hawaii, Guam, Samoa, or other Pacific Islands.
