ICWA Defense Project Memorandum
June 25, 2016
The National Indian Child Welfare Association (NICWA), the Native American Rights Fund (NARF), the National Congress of American Indians (NCAI), and the ICWA Appellate Project at Michigan State University College of Law—collectively known as the ICWA Defense Project—are working collaboratively to defend ICWA and the long overdue reforms. This memorandum summarizes the pending litigation and describes some of the legal and communications strategies developed by these partner organizations to inform, advance, and unify a coordinated effort across Indian Country in response to these attacks.

Tribal Child Custody Laws Neglected on Statewide Level
Eureka Times-Standard- June 27, 2016
The Indian Child Welfare Act Compliance Task Force is calling on the state's top law enforcement office to begin investigating what it says are systematic shortfalls and violations of tribal civil rights relating to the Indian Child Welfare Act and is calling for sweeping reform at local, state and federal levels in order to ensure that tribes are fairly and adequately represented in child custody cases.

CASES

U.S. Supreme Court: Dollar General (Filed 6/23/16)
The Fifth Circuit’s 2014 decision was upheld to allow the Mississippi Band of Choctaw Indians’ jurisdiction over the Dollar General Corporation in a civil tort claim.

In re Isaiah W. (Filed 7/7/16)
The Supreme Court reversed the decision from the Superior Court of California, C of Los Angeles, 2nd Court of Appeals, holding (1) a parent may challenge a finding of ICWA’s inapplicability in the course of appealing from a subsequent order termii parental rights, even if the parent did not raise such a challenge in an appeal fro initial order; and (2) in this case, the fact that Mother did not allege ICWA notice e an appeal from the original dispositional order did not preclude her from raising the in this appeal.

In re Abbigail A. (Filed 7/14/16)
The California Supreme Court holds that rule 5.482(c) is invalid but upholds rule 5.484(c)(2) in this challenge to the validity of two Rules of Court that relate to the Indian Child Welfare Act (ICWA). Rule 5.482(c) states that if a tribe indicates a child is eligible for membership the court must treat the child like an Indian child and the agency must take steps to secure the child’s enrollment in the tribe. Rule 5.484(c)(2), which requires the agency to take steps to enroll an Indian child in the tribe, the Court holds that it is valid because its provisions only apply to cases involving an Indian child as defined by law. As such, it is not inconsistent with state law implementing ICWA.

These programs are supported with funds from the Office on Violence Against Women, U.S. Department of Justice that are administered through the Governor’s Office of Emergency Services (CalOES), the U.S. Department of Health and Human Services, Court Improvement Program, and the California Department of Social Services.

**Quality Improvement Center on Child Welfare Involved Children and Families Experiencing Domestic Violence**

**Deadline:** July 22, 2016

The purpose of this funding opportunity announcement is to award a 5-year cooperative agreement to establish one Quality Improvement Center (QIC) to develop, implement and support innovative collaborative models, policies, procedures and interventions targeted toward improving the safety, permanency and well-being for families that are: (1) pregnant and/or have young children, (2) involved in the child welfare system, and (3) experiencing domestic violence. The QIC on Child Welfare Involved Children and Families Experiencing Domestic Violence will generate and nationally disseminate knowledge regarding best practices and effective policy and practice models for collaborative practices and interventions for these children and families.
Native American Research Centers for Health (NARCH) (S06)
Deadline: July 27, 2017
The purpose of this funding opportunity announcement (FOA) is to encourage grant applications for new or continued Native American Research Centers for Health (NARCH). The NARCH program supports opportunities for conducting research and career enhancement to meet the health needs of American Indian/Alaska Native (AI/AN) communities and the scientists conducting research on the health needs of these communities. This FOA is issued by the National Institute of General Medical Sciences in conjunction with the other Institutes/Centers of the National Institutes of Health (NIH) and the Indian Health Service (IHS).

Standing Announcement for Tribal Title IV-E Plan Development Grants
Deadline: July 28, 2016
The purpose of this funding opportunity announcement (FOA) is to solicit proposals for one-time grants to tribes, tribal organizations, or tribal consortia that are seeking to develop and, within 24 months of grant receipt, submit to the Department of Health and Human Services a plan to implement a title IV-E foster care, adoption assistance, and, at tribal option, guardianship assistance program. Grant funds under this FOA may be used for the cost of developing a title IV-E plan under section 471 of the Social Security Act (the Act) to carry out a program under section 479B of the Act. The grant may be used for costs relating to the development of case planning and case review systems, foster care licensing and standards for tribal foster homes and child care facilities, quality assurance systems, court structure and procedures, data collection systems, cost allocation methodology development, financial controls and financial management processes, or any other costs attributable to meeting any other requirement necessary for approval of a title IV-E plan.

Outreach and Assistance for Socially Disadvantaged and Veteran Farmers and Ranchers Grant Program
Deadline: July 29, 2016
The overall goal of this program is to assist socially disadvantaged and veteran farmers and ranchers in owning and operating farms and ranches while increasing their participation in agricultural programs and services provided by the U. S. Department of Agriculture (USDA). This program will assist eligible community-based and non-profit organizations, higher education institutions, and tribal entities in providing outreach and technical assistance to socially disadvantaged and veteran farmers and ranchers.

Division of Behavioral Health, Office of Clinical and Preventive Services, Methamphetamine and Suicide Prevention Initiative - Generation Indigenous (Gen-I) Initiative Support - New
Deadline: August 1, 2016
The primary purpose of this Indian Health Service (IHS) grant is to focus on MSPI goal #6, "to promote positive AI/AN youth development and family engagement through the implementation of early intervention strategies to reduce risk factors for suicidal behavior and substance abuse." Projects will accomplish this by focusing specifically on MSPI Purpose Area #4: GEN-I Initiative Support.

Division of Behavioral Health, Office of Clinical and Preventive Services, Methamphetamine and Suicide Prevention Initiative - Generation Indigenous (Gen-I) Initiative Support - Competing Supplement
Deadline: August 1, 2016
The primary purpose of this grant is to focus "to promote positive AI/AN youth development and family engagement through the implementation of early intervention strategies to reduce risk factors for suicidal behavior and substance abuse." Applicants should show how they will work with Native youth up to and including age 24, on the following broad objectives: 1. Implement evidence-based and practice-based approaches to build resiliency, promote positive development, and increase self-sufficiency behaviors among Native youth; 2. Promote family engagement; 3. Increase access to prevention activities for youth to prevent methamphetamine use and other substance use disorders that contribute to suicidal behaviors, in culturally appropriate ways; and 4. Hire additional behavioral health staff (i.e., licensed behavioral health providers and paraprofessionals, including but not limited to peer specialists, mental health technicians, and community health aides) specializing
in child, adolescent, and family services who will be responsible for implementing the project's activities that address all the broad objectives listed.

**American Indian and Alaska Native Early Head Start Expansion and Early Head Start-Child Care Partnerships**

**Deadline: August 24, 2016**

The Administration for Children and Families (ACF) announces the availability of approximately $3.5 million to be competitively awarded for the purpose of expanding access to high-quality, comprehensive services to low-income American Indian/Alaska Native (AIAN) infants and toddlers and their families through Early Head Start-Child Care (EHS-CC) Partnerships, or through the expansion of Early Head Start services. ACF solicits applications from public entities, including states, or private non-profit organizations, including community-based or faith-based organizations, or for-profit agencies that meet eligibility for applying as stated in section 645A of the Head Start Act. Interested applicants may email EHS.CC Partnerships@acf.hhs.gov for additional information.

**Detecting and Preventing Suicide Behavior, Ideation and Self-Harm in Youth in Contact with the Juvenile Justice System**

**Deadline: September 7, 2019**

This initiative supports research to test the effectiveness of combined strategies to both detect and intervene to reduce the risk of suicide behavior, suicide ideation, and non-suicidal self-harm (NSSI) by youth in contact with the juvenile justice system. Opportunities for detection and prevention start at early points of contact (e.g., police interaction, the intake interview) and continue through many juvenile justice settings (e.g., pre-trial detention, juvenile or family court activities, court disposition, placement and on-going care in either residential or multiple community settings.) This FOA invites intervention strategies that are designed to be delivered in typical service settings using typically available personnel and resources, to enhance the implementation of interventions that prove effective, enhance their future uptake in diverse settings, and thereby reduce risk of suicide and self-harm in this population.

**FY 2016 Land Buy-Back Program for Tribal Nations**

**Deadline: September 30, 2016**

The Secretary of the Interior established the Land Buy-Back Program for Tribal Nations (Buy-Back Program, Program) to implement the land consolidation provisions of the Cobell Settlement Agreement, which provided $1.9 billion to consolidate fractional land interests across Indian country. The Buy-Back Program allows interested individual owners to sell their land for immediate transfer to the recognized tribe that exercises jurisdiction. This effort will strengthen tribal sovereignty and put decision-making in the hands of the tribal government, freeing up resources that have been locked-up as land interests that have fractionated over time. The Buy-Back Program has announced 42 locations where land consolidation activities such as planning, outreach, mapping, mineral evaluations, appraisals or acquisitions are scheduled to take place through the middle of 2017. The Buy-Back Program is interested in partnering with the eligible tribes that have jurisdiction over these 42 locations, as well as any locations that are added to the implementation schedule, to gain their direct participation in land consolidation efforts given tribes’ unique qualifications to perform land consolidation activities for their reservations. Consequently, the Program intends to, whenever feasible and practical, enter into single source cooperative agreements with these eligible tribes to not only capitalize on their unique knowledge of their reservations but also to improve the overall effectiveness and efficiency of the Program. Eligible tribes will be given the opportunity to apply for a cooperative agreement, whenever feasible and practical, prior to the implementation of the Buy-Back Program at the location under their jurisdiction. The Buy-Back Program will continue to expand to other reservations over the next several years, and tribes with jurisdiction over locations not yet scheduled for implementation will receive information about how they can participate once their reservations are scheduled.

**Public Engagement with Historical Records**

**Deadline: October 6, 2016**

The National Historical Publications and Records Commission seeks projects that encourage public engagement with historical records, including the development of new tools that enable people to engage online. The NHPRC is looking for projects that create models and technologies that other institutions can freely adopt. In general, collaborations between archivists, documentary editors, historians, educators, and/or community-based individuals are more likely to create a competitive proposal. Projects might create and develop programs to engage people in the study and use of historical records for institutional, educational or personal reasons. For example, an applicant can: • Enlist volunteer “citizen archivists” in projects to accelerate access to historical

records, especially those online. This may include, but is not limited to, efforts to identify, tag, transcribe, annotate, or otherwise enhance digitized historical records. • Develop educational programs for K-16 students or community members that encourage them to engage with historical records already in repositories or that are collected as part of the project. For a comprehensive list of the Commission’s limitations on funding, please see “What we do and do not fund” (http://www.archives.gov/nhprc/apply/eligibility.html). Applications that consist entirely of ineligible activities will not be considered. Award Information A grant normally is for one to three years. The Commission expects to make up to three grants of between $50,000 and $150,000. The total amount allocated for this program is up to $275,000.

**Exploratory Clinical Trials of Novel Interventions for Mental Disorders (R61/R33)**
**Deadline: October 14, 2016**
The purpose of this grant is to support the efficient pilot testing of novel interventions for mental disorders in adults and children through an experimental therapeutics approach. Under this grant, trials must be designed so that results, whether positive or negative, will provide information of high scientific utility and will support go/no-go decisions about further development or testing of the intervention. Studies of novel interventions include, but are not limited to behavioral, pharmacological, biologics-based, cognitive, device-based, interpersonal, physiological, or combined approaches. Support will be provided for up to two years (R61 phase) for preliminary milestone-driven testing of the interventions engagement of the therapeutic target, possibly followed by up to 3 years of support (R33 phase) for studies to replicate target engagement and relate change in the intervention target to functional or clinical effects.

**Community-Based Grants for the Prevention of Child Abuse and Neglect or Community-Based Child Abuse Prevention**
**Deadline: October 31, 2017**
In general, these funds should be used to support primary prevention (a.k.a., universal) programs and strategies which are available to all families, as well as secondary (a.k.a., targeted) prevention efforts, which target children and families at risk for abuse or neglect.

**Aidan’s Red Envelope Foundation**
**Deadline: Open**
Families of a disabled child and organizations helping disabled children, can apply for grants from Aidan’s Red Envelope Foundation. At this time, Aidan’s Red Envelope Foundation can only consider applicant families in the Southern California area. Grant awards are limited to $5000. Grant Applications will be reviewed on a rolling basis.

**California Wellness Foundation**
**Deadline: Open**
The mission of The California Wellness Foundation is to improve the health of the people of California by making grants for health promotion, wellness education and disease prevention. Since its founding in 1992, Cal Wellness has awarded 7,690 grants totaling more than $912 million.

**Interventions for Health Promotion and Disease Prevention in Native American Populations**
**Deadline: Open**
The purpose of this funding opportunity announcement (FOA) is to develop, adapt, and test the effectiveness of health promotion and disease prevention interventions in Native American (NA) populations. NA populations are exposed to considerable risk factors that significantly increase their likelihood of chronic disease, substance abuse, mental illness, oral diseases, and HIV-infection. The intervention program should be culturally appropriate and promote the adoption of healthy lifestyles, improve behaviors and social conditions and/or improve environmental conditions related to chronic diseases, the consumption of tobacco, alcohol and other drugs, mental illness, oral disease, or HIV-infection. The intervention program should be designed so that it could be sustained within the entire community within existing resources, and, if successful, disseminated in other Native American communities. The long-term goal of this FOA is to reduce mortality and morbidity in NA communities.

**Lannan Indigenous Communities Program**
**Deadline: Open**
The Indigenous Communities Program (ICP) supports the resolve of Native Americans to renew their communities through their own institutions and traditions. Funding priority is given to rural indigenous projects that are consistent with traditional values in the areas of education, Native cultures, the revival and preservation of
languages, legal rights, and environmental protection. At this time the foundation only accepts new grant requests from United States federally recognized tribes or Native controlled 501(c)(3) organizations whose work is solely focused in the United States.

**Surdna Foundation- Teens’ Artistic and Cultural Advancement**

**Deadline: Open**

This foundation seeks organizations that have a proven and longstanding commitment to serving teens and that emphasize skill building. This funding is designed to:

- Provide high quality arts training that integrate life skills. These skills include: written and oral communication, problem-solving, critical thinking, and leadership development;
- Encourage teens to connect to their cultural identity through art-making;
- Provide young people with a well-developed, sequential curriculum that meets the increasing skills of participants;
- Foster strong mentoring opportunities for artists with teens;
- Employ accomplished faculty and guest artists who engage teens in art forms that reflect their cultural interests and community;
- Use research and evaluation tools to track the progress of teens’ success over time;
- Share best practices in regards to training and evaluation in order to strengthen the field of youth arts training.

**Tribal Justice Support Directorate**

**Deadline: Open**

Tribal Justice Support provides funding guidance, technical support, and advisory services to tribal courts and the Courts of Indian Offenses. This includes providing funding to tribal courts, training directed to specific needs of tribal court personnel, promoting cooperation and coordination among tribal justice systems and Federal and state judiciary systems, and providing oversight for the continuing operations for the Courts of Indian Offenses. The Division also works with tribes to conduct tribal court reviews which are conducted using a modified model of the Tribal Court Performance Standards (TCPS). The TCPS assists tribal courts in identifying existing problems and formulating strategies for improvement of tribal courts and provides an outcome-oriented conceptual framework of tribal court performance areas, standards, and measures.
