The construction program is in a state of flux due to the funding reductions proposed in the Governor's budget. In addition, senior management of the office is changing with the retirements of two assistant directors and the upcoming retirement of the director. While It is difficult to accurately assess staffing needs at this time without knowing what funding will be available in the enacted FY 2013-2014 budget, staff have begun to analyze staffing requirements under various scenarios. Proposed construction fund reductions include \$50 million on-going, proposed payment of the Long Beach service fee, and the \$200 million redirection proposed for FY 13/14. Efforts are in progress to restore some or all of the proposed \$200 million redirection and, if successful, will require adequate resources to implement. Staff resources are now managing the active projects, however additional construction inspectors and budget staff is required to effectively manage the current program, which will include 15 projects in construction totaling about \$2 billion during 2013. An early June 2013 meeting with Judicial Council Liaisons assigned to the Capital Program Office has been scheduled to review staffing requirements for successful project execution.
