

Language Access Plan Implementation Task Force

Recommendations Progress Report for January 20, 2017

Number of Phase 1 and 2 Recommendations: 70

Goal 1: Improve Early Identification of and Data Collection on Language Needs

Technological Solutions Subcommittee

Subcommittee Lead Staff: Jenny Phu

Recommendation: 1. Courts will identify the language access needs for each LEP court user, including parties, witnesses, or other persons with a significant interest, at the earliest possible point of contact with the LEP person. The language needs will be clearly and consistently documented in the case management system and/or any other case record or file, as appropriate given a court's existing case information record system, and this capability should be included in any future system upgrades or system development.

Status of Recommendation: Partially implemented **Phase 1**

Progress Update: Staff have compiled a preliminary matrix of available case management system functionality, with respect to language access needs, for systems currently in use in the courts. However, updated CMS deployments are in flux, and the subcommittee cannot make branchwide recommendations as a result. An interim solution may be use of a separate scheduling tool/system to mark language access needs. The subcommittee will be testing multiple scheduling tools during the video remote interpreting pilot project, per recommendation 16, and will have more to report after the pilot concludes.

Date of Last Update: 1/19/2017

Goal 1: Improve Early Identification of and Data Collection on Language Needs

Technological Solutions Subcommittee

Subcommittee Lead Staff: Jenny Phu

Recommendation: 2. A court's provision or denial of language services must be tracked in the court's case information system, however appropriate given a court's capabilities. Where current tracking of provision or denial is not possible, courts must make reasonable efforts to modify or update their systems to capture relevant data as soon as feasible.

Status of Recommendation: Partially implemented **Phase 1 and 2**

Progress Update: The subcommittee believes that a branchwide tracking tool/system will be necessary to track denials of language services because existing systems are inadequate. A scheduling tool/system may permit tracking of service denials. Since the VRI Pilot Program (per Recommendation 16) will include use of scheduling tools by participating vendors, the subcommittee will explore this possibility during the VRI Pilot Project.

Goal 1: Improve Early Identification of and Data Collection on Language Needs

Technological Solutions Subcommittee

Subcommittee Lead Staff: Jenny Phu

Recommendation: 3. Courts should establish protocols by which justice partners can indicate to the court that an individual requires a spoken language interpreter at the earliest possible point of contact with the court system.

Status of Recommendation: Partially implemented **Phase 1**

Progress Update: The subcommittee will work with the Information Technology Advisory Committee to explore development of automated data exchanges with local justice partners, to include identification of language access needs.

Date of Last Update: 1/17/2017

Goal 1: Improve Early Identification of and Data Collection on Language Needs

Translation, Signage and Tools for Courts Subcommittee

Subcommittee Lead Staff: Diana Glick

Recommendation: 4. Courts will establish mechanisms that invite LEP persons to self-identify as needing language access services upon contact with any part of the court system (using, for example, "I speak" cards [see page 49 for a sample card]). In the absence of self-identification, judicial officers and court staff must proactively seek to ascertain a court user's language needs.

Status of Recommendation: Partially implemented **Phase 1**

Progress Update: The subcommittee has added "I Speak" cards to the Language Access Toolkit: <http://www.courts.ca.gov/lap-toolkit-courts.htm>. The subcommittee is pursuing a Budget Change Proposal (BCP) to fund the full build-out and ongoing maintenance of the Toolkit. The subcommittee worked with LAPITF staff to add recently-developed tools, including the Translation Protocol and the Translation Action Plan.

Date of Last Update: 9/29/2016

Goal 1: Improve Early Identification of and Data Collection on Language Needs

Translation, Signage and Tools for Courts Subcommittee

Subcommittee Lead Staff: Diana Glick

Recommendation: 5. Courts will inform court users about the availability of language access services at the earliest points of contact between court users and the court. The notice must include, where accurate and appropriate, that language access services are free. Courts should take into account that the need for language access services may occur earlier or later in the court process, so information about language services must be available throughout the duration of a case. Notices should be in English and up to five other languages based on local community needs assessed through collaboration with and information from justice partners, including legal services providers, community-based organizations, and other entities working with LEP populations. Notice must be provided to the public, justice partners, legal services agencies, community-based organizations, and other entities working with LEP populations.

Status of Recommendation: Completed **Phase 1**

Progress Update: The Notice of Available Language Access Services was formatted and translated into nine languages. It is now available on the Language Access Toolkit in a single multi-lingual version and in nine separate files that contain English and each of the nine other languages of translation.

Date of Last Update: 9/8/2016

Goal 1: Improve Early Identification of and Data Collection on Language Needs

Budget and LAP Monitoring Subcommittee

Subcommittee Lead Staff: Douglas Denton

Recommendation: 6. The Judicial Council and the courts will continue to expand and improve data collection on interpreter services, and expand language services cost reporting to include amounts spent on other language access services and tools such as translations, interpreter or language services coordination, bilingual pay differential for staff, and multilingual signage or technologies. This information is critical in supporting funding requests as the courts expand language access services into civil cases.

Status of Recommendation: Completed **Phase 1**

Progress Update: The subcommittee determined that existing trial court data collection systems can be modified to capture the additional information necessary under LAP Recommendation No. 6. The subcommittee will continue to monitor developments to determine whether additional data collection procedures are necessary.

Date of Last Update: 10/7/2016

Goal 1: Improve Early Identification of and Data Collection on Language Needs

Budget and LAP Monitoring Subcommittee

Subcommittee Lead Staff: Douglas Denton

Recommendation: 7. The Judicial Council and the courts should collect data in order to anticipate the numbers and languages of likely LEP court users. Whenever data is collected, including for these purposes, the courts and the Judicial Council should look at other sources of data beyond the U.S. Census, such as school systems, health departments, county social services, and local community-based agencies.

Status of Recommendation: Partially implemented **Phase 2**

Progress Update: The subcommittee is evaluating different data sources and making recommendations to the courts about potential data sources to look at beyond the U.S. Census. The Judicial Council will review applicable data sources for development of the 2020 Language Need and Interpreter Use study, a report on language need and interpreter use in the California trial courts that the Legislature requires to be produced every five years under Government Code section 68563.

Date of Last Update: 1/18/2017

Goal 2: Provide Qualified Language Access Services in All Judicial Proceedings

Budget and LAP Monitoring Subcommittee

Subcommittee Lead Staff: Douglas Denton

Recommendation: 8. Qualified interpreters must be provided in the California courts to LEP court users in all court proceedings, including civil proceedings as prioritized in Evidence Code section 756 (see Appendix H), and including Family Court Services mediation.

Status of Recommendation: Partially implemented **Phase 1 and 2**

Progress Update: Judicial Council staff posted a graphic, "Court Progress in Providing Interpreters in Civil Cases (as of 9/30/15)," showing the status of civil expansion in all 58 trial courts. The graphic will be updated by March 2017. The Governor's budget for FY 2016-17 included an additional \$7 million ongoing for trial courts to continue expanding access to interpreters in civil proceedings. Development of future funding requests will be ongoing.

Date of Last Update: 1/18/2017

Goal 2: Provide Qualified Language Access Services in All Judicial Proceedings

Court Interpreters Advisory Panel Subcommittee

Subcommittee Lead Staff: Catharine Price

Recommendation: 9. Pending amendment of California Rules of Court, rule 2.893, when good cause exists, a noncertified or nonregistered court interpreter may be appointed in a court proceeding in any matter, civil or criminal, only after he or she is determined to be qualified by following the procedures for provisional qualification. These procedures are currently set forth, for criminal and juvenile delinquency matters, in rule 2.893 (and, for civil matters, will be set forth once the existing rule of court is amended). (See Recommendation 50, on training for judicial officers and court staff regarding the provisional qualification procedures, and Recommendation 70, on amending rule 2.893 to include civil cases.)

Status of Recommendation: Partially implemented

Phase 1 and 2

Progress Update: The Court Interpreters Advisory Panel (CIAP)'s Language Access Subcommittee has conducted extensive work on draft changes to the interpreter qualification component (INT-110 and instructions, and a new related form) and corresponding changes to Rule 2.893. It is anticipated this work will be submitted to RUPRO in late January/early February 2017 to go out for public comment.

Date of Last Update: 1/18/2017

Goal 2: Provide Qualified Language Access Services in All Judicial Proceedings

Budget and LAP Monitoring Subcommittee

Subcommittee Lead Staff: Douglas Denton

Recommendation: 10. Beginning immediately, as resources are available, but in any event no later than 2020, courts will provide qualified court interpreters in all court-ordered, court-operated programs, services and events, to all LEP litigants, witnesses, and persons with a significant interest in the case.

Status of Recommendation: Partially implemented

Phase 1, 2, and 3

Progress Update: We will likely request funding to support this expansion effort in a future BCP. To support future funding requests and following the 2016 survey, NCSC will conduct a follow up survey with the trial courts in 2017. The intent of the survey will be to gather additional information to assist the California judiciary and the Task Force with an assessment of current language access needs and the identification of statewide and local language access services provided. Results of the 2017 survey will be shared at a future Task Force meeting.

Date of Last Update: 9/26/2016

Goal 2: Provide Qualified Language Access Services in All Judicial Proceedings

Language Access Education and Standards Subcommittee

Subcommittee Lead Staff: Karene Alvarado

Recommendation: 11. An LEP individual should not be ordered to participate in a court-ordered program if that program does not provide appropriate language accessible services. If a judicial officer does not order participation in services due to the program's lack of language capacity, the court should order the litigant to participate in an appropriate alternative program that provides language access services for the LEP court user. In making its findings and orders, the court should inquire if the program provides language access services to ensure the LEP court user's ability to meet the requirements of the court.

Status of Recommendation: Partially implemented **Phase 2**

Progress Update: The subcommittee determined that it will commence work on this recommendation in 2017.

Date of Last Update: 4/25/2016

Goal 2: Provide Qualified Language Access Services in All Judicial Proceedings

Technological Solutions Subcommittee

Subcommittee Lead Staff: Jenny Phu

Recommendation: 12. The use of in-person, certified and registered court interpreters is preferred for court proceedings, but courts may consider the use of remote interpreting where it is appropriate for a particular event. Remote interpreting may only be used if it will allow LEP court users to fully and meaningfully participate in the proceedings.

Status of Recommendation: Partially implemented **Phase 1**

Progress Update: The use of in-person, certified, and registered interpreters is preferred, but a pilot program to assess video remote interpreting equipment will be underway in 2017, per recommendation 16. This pilot will help define appropriate use of remote interpreting.

Date of Last Update: 1/19/2017

Goal 2: Provide Qualified Language Access Services in All Judicial Proceedings

Technological Solutions Subcommittee

Subcommittee Lead Staff: Jenny Phu

Recommendation: 13. When using remote interpreting in the courtroom, the court must satisfy, to the extent feasible, the prerequisites, considerations, and guidelines for remote interpreting set forth in Appendix B.

Status of Recommendation: Partially implemented **Phase 1**

Progress Update: Vendors have been chosen for the VRI pilot project, per recommendation 16, and have been vetted to meet the minimum requirements set forth in Appendix B. During the assessment period of vendor equipment, the guidelines will be reviewed and appended, if necessary.

Date of Last Update: 1/19/2017

Goal 2: Provide Qualified Language Access Services in All Judicial Proceedings

Technological Solutions Subcommittee

Subcommittee Lead Staff: Jenny Phu

Recommendation: 14. The Implementation Task Force will establish minimum technology requirements for remote interpreting which will be updated on an ongoing basis and which will include minimum requirements for both simultaneous and consecutive interpreting.

Status of Recommendation: Partially implemented **Phase 1**

Progress Update: Minimum technical requirements for the VRI Pilot Project (per recommendation 16) were extrapolated from a previous ASL VRI Pilot project and from a VRI project set forth by the NCSC. These minimums were used as a baseline for selecting vendors for the VRI pilot project, and will be refined throughout the life of the project, once the project launches.

Date of Last Update: 1/12/2017

Goal 2: Provide Qualified Language Access Services in All Judicial Proceedings

Technological Solutions Subcommittee

Subcommittee Lead Staff: Jenny Phu

Recommendation: 15. Courts using remote interpreting should strive to provide video, used in conjunction with enhanced audio equipment, for courtroom interpretations, rather than relying on telephonic interpreting.

Status of Recommendation: Partially implemented **Phase 1**

Progress Update: This recommendation aligns with efforts for a VRI pilot project, per recommendation 16. Vendors have been chosen for the VRI Pilot project based, in part, on the quality of equipment for video and "enhanced audio equipment" for courtroom interpretations. Demonstrations of the equipment were held in San Francisco in September 2016.

Date of Last Update: 1/19/2017

Goal 2: Provide Qualified Language Access Services in All Judicial Proceedings

Technological Solutions Subcommittee

Subcommittee Lead Staff: Jenny Phu

Recommendation: 16. The Judicial Council should conduct a pilot project, in alignment with the Judicial Branch's Tactical Plan for Technology 2014-2016. This pilot should, to the extent possible, collect relevant data on: due process issues, participant satisfaction, whether remote interpreting increases the use of certified and registered interpreters as opposed to provisionally qualified interpreters, the effectiveness of a variety of available technologies (for both consecutive and simultaneous interpretation), and a cost-benefit analysis. The Judicial Council should make clear that this pilot project would not preclude or prevent any court from proceeding on its own to deploy remote interpreting, so long as it allows LEP court users to fully and meaningfully participate in the proceedings.

Status of Recommendation: Partially implemented **Phase 1**

Progress Update: Three vendors were selected after a request for proposal for video remote interpreting equipment was posted. Contracts were finalized January 3, 2017. Concurrently, the VRI Workstream was formed and its membership has grown to 23 members, comprised of interpreters, judicial officers, court staff, and Judicial Council staff. There will be four tracks that will include training for: Judges, Court Staff, Interpreters, and Court Technical staff. LAP staff are also currently working with the volunteer courts, in conjunction with San Diego State University, the third-party independent evaluator of the project, to discuss courtroom selection and the process for recording data when the pilot launches.

Date of Last Update: 1/18/2017

Goal 2: Provide Qualified Language Access Services in All Judicial Proceedings

Technological Solutions Subcommittee

Subcommittee Lead Staff: Jenny Phu

Recommendation: 17. In order to maximize the use and availability of California's highly skilled certified and registered interpreters, the Judicial Council should consider creating a pilot program through which certified and registered interpreters would be available to all courts on a short-notice basis to provide remote interpreting services.

Status of Recommendation: Partially implemented **Phase 2**

Progress Update: Vendors have been selected for recommendation 16's VRI Pilot Project. These vendors will be providing scheduling tools as a resource during the pilot project, and staff will be able to analyze how these tools can help to shape a possible pilot program whereby certified and registered interpreters will be available to all courts on a short-notice basis, as outlined in this recommendation.

Date of Last Update: 1/18/2017

Goal 2: Provide Qualified Language Access Services in All Judicial Proceedings

Language Access Education and Standards Subcommittee

Subcommittee Lead Staff: Karene Alvarado

Recommendation: 18. The Judicial Council should continue to create multilingual standardized videos for high-volume case types that lend themselves to generalized, not localized, legal information, and provide them to courts in the state's top eight languages and captioned in other languages.

Status of Recommendation: Partially implemented **Phase 1**

Progress Update: The subcommittee is reviewing existing self-help videos and creating an inventory to determine what already exists, and whether and how to incorporate different non-English languages into existing video products.

Date of Last Update: 9/26/2016

Goal 2: Provide Qualified Language Access Services in All Judicial Proceedings

Language Access Education and Standards Subcommittee

Subcommittee Lead Staff: Karene Alvarado

Recommendation: 19. Effective January 2015, pursuant to Government Code section 68561(g) and (f), judicial officers, in conjunction with court administrative personnel, must ensure that the interpreters being appointed are qualified, properly represent their credentials on the record, and have filed with the court their interpreter oaths. (See Recommendation 50, which discusses training of judicial officers and court staff on these subjects.)

Status of Recommendation: Completed **Phase 1**

Progress Update: The Judicial Council, at its June 24, 2016 meeting, adopted a Bench Card: Working with Court Interpreters; a Resource Outline for judicial officers; and training curricula outlines for judicial officers and court staff. These materials expressly address recommendation number 19, and are available to judges, subordinate judicial officers, and court staff on CJER Online. The Bench Card is also handed out at all of CJER's live statewide judicial education programs. In addition, this content is discussed at live judicial education programs. Recommendation: 20. The Judicial Council should expand the existing formal regional coordination system to improve efficiencies in interpreter scheduling for court proceedings and cross-assignments between courts throughout the state. (See Recommendation 30, addressing coordination for bilingual staff and interpreters for non-courtroom events.)

Status of Recommendation: Partially implemented **Phase 2**

Progress Update: The subcommittee determined that it will commence work on this recommendation in 2017. The NCSC will be assisting the Task Force in this endeavor.

Goal 2: Provide Qualified Language Access Services in All Judicial Proceedings

Budget and LAP Monitoring Subcommittee

Subcommittee Lead Staff: Douglas Denton

Recommendation: 21. Courts should continue to develop methods for using interpreters more efficiently and effectively, including but not limited to calendar coordination. Courts should develop these systems in a way that does not have a chilling effect on LEP court users' access to court services.

Status of Recommendation: Partially implemented **Phase 2**

Progress Update: The subcommittee determined that it will commence work on this recommendation in 2017. The NCSC will be assisting the Task Force in this endeavor.

Goal 3: Provide Language Access Services at All Points of Contact Outside Judicial Proceedings

Budget and LAP Monitoring Subcommittee

Subcommittee Lead Staff: Douglas Denton

Recommendation: 25. The court in each county will designate an office or person that serves as a language access resource for all court users, as well as court staff and judicial officers. This person or persons should be able to: describe all the services the court provides and what services it does not provide, access and disseminate all of the court's multilingual written information as requested, and help LEP court users and court staff locate court language access resources.

Status of Recommendation: Completed **Phase 1**

Progress Update: The subcommittee developed and distributed written guidance for trial court leadership in December 2015 and requested that each court designate a language access office or representative. Each of the 58 courts has designated a language access representative. To help support implementation efforts, Judicial Council staff developed a listserv to enable communication to and among the various representatives regarding language access.

Date of Last Update: 10/3/2016

Goal 3: Provide Language Access Services at All Points of Contact Outside Judicial Proceedings

Language Access Education and Standards Subcommittee

Subcommittee Lead Staff: Karene Alvarado

Recommendation: 26. Courts should identify which points of contact are most critical for LEP court users, and, whenever possible, should place qualified bilingual staff at these locations. (See Recommendation 47, which discusses possible standards for the appropriate qualification level of bilingual staff at these locations.)

Status of Recommendation: Partially implemented **Phase 1**

Progress Update: The subcommittee will work on this recommendation in 2016-17.

Date of Last Update: 9/26/2016

Goal 3: Provide Language Access Services at All Points of Contact Outside Judicial Proceedings

Translation, Signage and Tools for Courts Subcommittee

Subcommittee Lead Staff: Diana Glick

Recommendation: 27. All court staff who engage with the public will have access to language assistance tools, such as translated materials and resources, multi-language glossaries and “I speak” cards, to determine a court user’s native language, direct him or her to the designated location for language services, and/or provide the LEP individual with brochures, instructions, or other information in the appropriate language.

Status of Recommendation: Completed **Phase 2**

Progress Update: The subcommittee is pursuing a BCP to fund the full build-out and ongoing maintenance of the Language Access Toolkit. The subcommittee worked with LAPITF staff to add recently-developed tools, including the Translation Protocol and the Translation Action Plan. The Notice of Available Language Access Services is available on the Toolkit in a single multi-lingual version and in nine separate files that contain English and each of the nine other languages of translation.

Date of Last Update: 10/3/2016

Goal 3: Provide Language Access Services at All Points of Contact Outside Judicial Proceedings

Budget and LAP Monitoring Subcommittee

Subcommittee Lead Staff: Douglas Denton

Recommendation: 28. Courts should strive to recruit bilingual staff fluent in the languages most common in that county. In order to increase the bilingual applicant pool, courts should conduct outreach to educational providers in the community, such as local high schools, community colleges, and universities, to promote the career opportunities available to bilingual individuals in the courts.

Status of Recommendation: Partially implemented **Phase 1**

Progress Update: Individual courts are recruiting and hiring bilingual staff as needed to support LAP implementation. Efforts are underway for the Judicial Council to develop a statewide recruitment initiative. The NCSC is assisting the Task Force regarding development of recruitment strategies.

Date of Last Update: 9/26/2016

Goal 3: Provide Language Access Services at All Points of Contact Outside Judicial Proceedings

Translation, Signage and Tools for Courts Subcommittee

Subcommittee Lead Staff: Diana Glick

Recommendation: 29. Courts will develop written protocols or procedures to ensure LEP court users obtain adequate language access services where bilingual staff are not available. For example, the court's interpreter coordinator could be on call to identify which interpreters or staff are available and appropriate to provide services in the clerk's office or self-help center. Additionally, the use of remote technologies such as telephone access to bilingual staff persons in another location or remote interpreting could be instituted.

Status of Recommendation: Partially implemented **Phase 2**

Progress Update: The subcommittee determined that it will commence work on this recommendation in 2017 as part of a series of recommendations related to bilingual court staff.

Date of Last Update: 9/8/2016

Goal 3: Provide Language Access Services at All Points of Contact Outside Judicial Proceedings

Translation, Signage and Tools for Courts Subcommittee

Subcommittee Lead Staff: Diana Glick

Recommendation: 30. The Judicial Council should consider adopting policies that promote sharing of bilingual staff and certified and registered court interpreters among courts, using remote technologies, for language assistance outside of court proceedings.

Status of Recommendation: Partially implemented **Phase 2**

Progress Update: The subcommittee determined that it will commence work on this recommendation in 2017 as part of a series of recommendations related to bilingual court staff.

Date of Last Update: 9/8/2016

Goal 3: Provide Language Access Services at All Points of Contact Outside Judicial Proceedings

Technological Solutions Subcommittee

Subcommittee Lead Staff: Jenny Phu

Recommendation: 31. The courts and the Judicial Council should consider a pilot to implement the use of remote interpreter services for counter help and at self-help centers, incorporating different solutions, including court-paid cloud-based fee-for-service models or a court/centralized bank of bilingual professionals.

Status of Recommendation: Partially implemented **Phase 2**

Progress Update: During the assessment period of the VRI Pilot Project, per Recommendation 16, staff will work to gather information and analyze interpreter time and scheduling tools. This analysis may help to shape a pilot for interpreter services outside of the courtroom, as outlined in this recommendation.

Goal 3: Provide Language Access Services at All Points of Contact Outside Judicial Proceedings

Technological Solutions Subcommittee

Subcommittee Lead Staff: Jenny Phu

Recommendation: 32. The courts should consider a pilot to implement inter-court, remote attendance at workshops, trainings, or “information nights” conducted in non-English languages using a variety of equipment, including telephone, video-conferencing (WebEx, Skype), or other technologies.

Status of Recommendation: Partially implemented **Phase 2**

Progress Update: The VRI Pilot Project, per Recommendation 16, will be piloted in three courts in 2017. Analysis taken during the assessment period of the pilot project will help to shape a pilot for this recommendation.

Date of Last Update: 1/19/2017

Goal 3: Provide Language Access Services at All Points of Contact Outside Judicial Proceedings

Language Access Education and Standards Subcommittee

Subcommittee Lead Staff: Karene Alvarado

Recommendation: 33. In matters with LEP court users, courts must determine that court-appointed professionals, such as psychologists, mediators, and guardians, can provide linguistically accessible services before ordering or referring LEP court users to those professionals. Where no such language capability exists, courts should make reasonable efforts to identify or enter into contracts with providers able to offer such language capabilities, either as bilingual professionals who can provide the service directly in another language or via qualified interpreters.

Status of Recommendation: Partially implemented **Phase 2**

Progress Update: The subcommittee determined that it will commence work on this recommendation in 2017.

Date of Last Update: 4/25/2016

Goal 3: Provide Language Access Services at All Points of Contact Outside Judicial Proceedings

Translation, Signage and Tools for Courts Subcommittee

Subcommittee Lead Staff: Diana Glick

Recommendation: 34. Courts should consider the use of bilingual volunteers to provide language access services at points of contact other than court proceedings, where appropriate. Bilingual volunteers and interns must be properly trained and supervised.

Status of Recommendation: Partially implemented **Phase 1**

Progress Update: A draft version of this document was completed in June 2016 by the Translation, Signage & Tools for Courts Subcommittee and is currently being reviewed by members of the other subcommittees. We anticipate coordinating the contents of these protocols with additional work to be done in 2017 related to bilingual court employees.

Date of Last Update: 1/5/2017

Goal 4: Provide High Quality Multilingual Translation and Signage

Translation, Signage and Tools for Courts Subcommittee

Subcommittee Lead Staff: Diana Glick

Recommendation: 36. The Judicial Council will create a translation committee to develop and formalize a translation protocol for Judicial Council translations of forms, written materials, and audiovisual tools. The committee should collaborate with interpreter organizations and courts to develop a legal glossary in all certified languages, taking into account regional differences, to maintain consistency in the translation of legal terms. The committee's responsibilities will also include identifying qualifications for translators, and the prioritization, coordination, and oversight of the translation of materials. The qualification of translators should include a requirement to have a court or legal specialization and be accredited by the American Translators Association (ATA), or to have been determined qualified to provide the translations based on experience, education, and references. Once the Judicial Council's translation protocol is established, individual courts should establish similar quality control and translation procedures for local forms, informational materials, recordings, and videos aimed at providing information to the public. Local court website information should use similarly qualified translators. Courts are encouraged to partner with local community organizations to accomplish this recommendation.

Status of Recommendation: Partially implemented **Phase 1**

Progress Update: The subcommittee developed a proposal for a standing Translation Advisory Committee, which outlines the responsibilities for the committee and recommended member profiles. In 2017, the subcommittee will work with LAPITF on planning for the establishment of the standing committee.

Date of Last Update: 1/5/2017

Goal 4: Provide High Quality Multilingual Translation and Signage

Translation, Signage and Tools for Courts Subcommittee

Subcommittee Lead Staff: Diana Glick

Recommendation: 37. The Judicial Council staff will work with courts to provide samples and templates of multilingual information for court users that are applicable on a statewide basis and adaptable for local use.

Status of Recommendation: Partially implemented **Phase 1**

Progress Update: The subcommittee is pursuing a BCP to fund the full build-out and ongoing maintenance of the Language Access Toolkit. The Notice of Available Language Access Services is available on the Toolkit in a single multi-lingual version and in nine separate files that contain English and each of the nine other languages of translation. This notice can be customized to indicate local court information regarding how to obtain language access assistance.

Date of Last Update: 10/3/2016

Goal 4: Provide High Quality Multilingual Translation and Signage

Translation, Signage and Tools for Courts Subcommittee

Subcommittee Lead Staff: Diana Glick

Recommendation: 38. The Judicial Council's staff will post on the California Courts website written translations of forms and informational and educational materials for the public as they become available and will send notice to the courts of their availability so that courts can link to these postings from their own websites.

Status of Recommendation: Partially implemented **Phase 1**

Progress Update: The multilingual court closure signs were updated to include the end of the 2016 calendar year and the 2017 holidays. An email was sent out to remind courts of the availability of these signs and an announcement was made on Court News Update. Various resources in multiple languages are currently in development and will be posted on the California Courts website in 2017, including updated information on special education rights and responsibilities in Spanish and the revised conservatorship manual in Spanish.

Date of Last Update: 1/5/2017

Goal 4: Provide High Quality Multilingual Translation and Signage

Translation, Signage and Tools for Courts Subcommittee

Subcommittee Lead Staff: Diana Glick

Recommendation: 39. The staff of the Judicial Council should assist courts by providing plain-language translations of the most common and relevant signs likely to be used in a courthouse, and provide guidance on the use of internationally recognized icons, symbols, and displays to limit the need for text and, therefore, translation. Where more localized signage is required, courts should have all public signs in English and translated in up to five other languages based on local community needs assessed through collaboration with and information from justice partners, including legal services providers, community-based organizations, and other entities working with LEP populations. At a minimum, all such materials should be available in English and Spanish.

Status of Recommendation: Partially implemented **Phase 2**

Progress Update: The LAPITF is collaborating with NCSC on the development of recommendations on courthouse design, signage and wayfinding strategies that will enhance access for LEP court users. The report will be presented to the LAPITF at their in-person meeting on January 30, 2017. Goal 8: Identify Systems, Funding, and Legislation Necessary for Plan Implementation

Budget and LAP Monitoring Subcommittee

Subcommittee Lead Staff: Douglas Denton

Recommendation: 57. Funding requests for comprehensive language access services should be premised on the best available data that identifies the resources necessary to implement the recommendations of this Language Access Plan. This may include information being gathered in connection with the recent Judicial Council decision to expand the use of Program 45.45 funds for civil cases where parties are indigent; information being gathered for the 2015 Language Need and Interpreter Use Report; and information that can be extrapolated from the Resource Assessment Study (which looks at court staff workload), as well as other court records (e.g., self-help center records regarding LEP court users).

Budget and LAP Monitoring Subcommittee

Subcommittee Lead Staff: Douglas Denton

Recommendation: 62. The Implementation Task Force will develop a single form, available statewide, on which to register a complaint about the provision of, or the failure to provide, language access. This form should be as simple, streamlined, and user-friendly as possible. The form will be available in both hard copy at the courthouse and online, and will be capable of being completed electronically or downloaded for printing and completion in writing. The complaints will also serve as a mechanism to monitor concerns related to language access at the local or statewide level. The form should be used as part of multiple processes identified in the following recommendations of this plan.

Status of Recommendation: Partially implemented **Phase 1**

Progress Update: The Task Force has developed a packet with a model complaint form and procedures, which is available on the Language Access Toolkit. Individual courts may choose to develop their local complaint form and process based on the materials contained in the model packet. A Rule of Court has been drafted to make clear that all courts must develop a complaint form and process. It is anticipated that this draft rule will go out for public comment in 2017 as part of the cycle for proposed 2018 rules. Prior to adoption of a rule, courts will be able to use the model form and model procedures to set up their language access complaint process, and allow court users to submit a complaint or make suggestions regarding language access. Separately, an online form is available on the Language Access web page for court users who want to submit a complaint regarding the Judicial Council's language access services.

Recommendation: 64. The Judicial Council, together with stakeholders, will develop a process by which the quality and accuracy of an interpreter's skills and adherence to ethical requirements can be reviewed. This process will allow for appropriate remedial action, where required, to ensure certified and registered interpreters meet all qualification standards. Development of the process should include determination of whether California Rule of Court 2.891 (regarding periodic review of court interpreter skills and professional conduct) should be amended, repealed, or remain in place. Once the review process is created, information regarding how it can be initiated must be clearly communicated to court staff, judicial officers, attorneys, and in plain language to court users (e.g., LEP persons and justice partners).

Recommendation: 75. The Implementation Task Force will develop a policy addressing an LEP court user's request of a waiver of the services of an interpreter. The policy will identify standards to ensure that any waiver is knowing, intelligent, and voluntary; is made after the person has consulted with counsel; and is approved by the appropriate judicial officer, exercising his or her discretion. The policy will address any other factors necessary to ensure the waiver is appropriate, including: determining whether an interpreter is necessary to ensure the waiver is made knowingly; ensuring that the waiver is entered on the record, or in writing if there is no official record of the proceedings; and requiring that a party may request at any time, or the court may make on its own motion, an order vacating the waiver and appointing an interpreter for all further proceedings. The policy shall reflect the expectation that waivers will rarely be invoked in light of access to free interpreter services and the Implementation Task Force will track waiver usage to assist in identifying any necessary changes to policy.
