Thank you for the opportunity to comment. It is enlightening to read the comments of judges and organizations throughout the State and gain insight into their different perspectives.

I have read the SEC Report in its entirety as well as the California Judges Association comments submitted on July 19. I appreciate the hard work done by the members of the SEC and the thoroughness of their report. I thank the Board members of CJA for their thoughtful analysis of the report and detailed comments. I join in the CJA recommendations.

Sincerely,  
Judge Laura W. Halgren
