Subject: Response to SEC

Dear Chief Justice Cantil-Sakauye,

I have read and considered some of the responses to the SEC. Having done so, I can only say that I wish to join entirely in the comments contained in the letter of June 14 sent to you by Justice Robie and Joanne Caruso on behalf of the California Commission on Access to Justice. There is nothing I would say differently or better and I commend them for their thoughtful analysis.

I send this to you only on my own behalf but believe the members of the Domestic Violence Practice and Procedures Task Force would share this view.

My very best regards,

Laurence D. Kay
