Subject: Comment on SEC Report

To the Judicial Council:

I have read the Strategic Evaluation Committee's honest and unapologetic evaluation of the AOC. The report punches a bright beacon of light through a fog of bureaucracy. I urge you to begin the process of implementing its recommendations as soon as possible. The report should serve as a model of reform for other government agencies in this time of financial difficulty. Thank you to the members of the SEC for having the courage to produce this report.
