**Date:** Saturday, July 21, 2012 2:59:29 PM

---

The recommendations of the Strategic Evaluation Committee appear to be well reasoned and well thought out, however, I ask that you remain mindful of the impact that the recommendations may have concerning diversity, access and fairness in the judicial system.

I have volunteered on several occasions as a CJER seminar leader and faculty. I support the continued efforts in the areas of education, fairness and diversity. I believe these efforts are needed to ensure equal fairness and justice for all.

Thank you for your consideration.
