JUDICIAL COUNCIL

UNIFORM BAIL AND PENALTY SCHEDULES

JUDICIAL COUNCIL
OF CALIFORNIA

Judicial Council

Uniform Bail and Penalty Schedules (Rule 4.102)

- PC 1269b(c): requires that courts prepare, adopt, and annually revise a uniform countywide schedule of bail for **allailable felony offenses** and for **all misdemeanor and infraction offenses except Vehicle Code infractions**.

The penalty schedule for **infraction violations of the Vehicle Code** shall be established by the Judicial Council in accordance with Section 40310 of the Vehicle Code.

- VC 40310: requires Judicial Council to annually adopt a uniform traffic penalty schedule for all non-parking Vehicle Code infractions.

Countywide Bail Schedules

- The judges in each county adopt a countywide bail schedule that sets bail based on the requirements that apply to that jurisdiction, including adjustment of the county penalty and EMS penalty for the traffic infraction schedule.
- In 30 counties, a traffic infraction bail schedule may exceed the bail amounts that are set in the council's schedule if the board of supervisors adopts a resolution to increase the bail under Penal Code section 1463.28.

JC Uniform Bail and Penalty Schedules

www.courts.ca.gov/documents/MARCH-2014-JC-BAIL-SCHEDULE.pdf

The Uniform Bail and Penalty schedules are revised to conform to recent legislation. The Judicial Council adopted the March 2014 Uniform Bail and Penalty Schedule at the February 2014 council meeting.

Purpose of schedules:

1. To provide the standard bail amount, which for Vehicle Code offenses is the amount that may be used for a bail forfeiture instead of further proceedings.
2. Serve as a guideline for the imposition of a fine as all or a portion of the penalty for a first conviction of a listed offense where a fine is used as all or a portion of the penalty for such offense.

12002.1(b) or 12002.2(b) or to any regulation relating to the wearing or display of a fishing license.

- F. "Total Bail" shall not exceed statutory limits. Vehicle Code section 40310 specifies that the "fine" amount of the total bail shall not exceed the limitations specified by Vehicle Code sections 42001 and 42001.5.
- G. In cases where a court appearance is required by a court, the amounts set forth in the Uniform Bail and Penalty Schedules do not necessarily indicate the appropriate total penalties; rather, they ensure that, in most cases, when bail is posted, sufficient funds will be available to meet the defendant's obligations. Upon conviction, however, "additional penalties" are added to any fine. It is incumbent upon the judge who hears each case to determine the proper total penalty (fine and "additional penalties") based on the particular facts presented.

With the exception of juveniles under age 18, there shall be no mandatory court appearance for any infraction of the California Vehicle Code punishable by fine only. A court may require a mandatory appearance for an infraction violation of the Vehicle Code when a statutory driver's license restriction, suspension, or revocation is authorized; community service or proof of payment or correction is mandatory; or a violation requires specific action under the Vehicle Code in addition to a fine. This paragraph does not apply to violations of local ordinances based on Vehicle Code sections.

- H. The "Total Bail" for an offense *not specifically listed* in the Uniform Traffic Infraction Bail and Penalty Schedule is the amount set for the general category of that offense unless a California code or regulation specifies otherwise. The court operations assessment and criminal conviction assessment are collected in addition to the "Total Bail." The suggested minimum "Total Bail" for an offense *not specifically listed* in the Uniform Traffic Misdemeanor Bail and Penalty Schedule ~~and the Uniform Boating, Parks and Recreation, or Business Licensing Bail and Penalty Schedules~~, unless a California code or regulation specifies otherwise, is

	Base	+ Additional Penalties*&	Surcharge	+	Fees	= Total Bail*/Fees (*See sections II-IV)
Misdemeanor	\$ 75	+	\$251	+	\$70	= \$396
Infraction	\$ 35	+	\$127	+	\$75	= \$237

The suggested minimum "Total Bail" for an offense *not specifically listed* in the Uniform Public Utilities Bail and Penalty Schedule, unless a California code or regulation specifies otherwise, is

Misdemeanor	\$185	+	<u>\$588</u>	+	\$70	= <u>\$839</u>
-------------	-------	---	--------------	---	------	----------------

The suggested minimum "Total Bail" for an offense *not specifically listed* in the Uniform ~~Boating, Business Licensing, Fish and Game, or Forestry, or Parks and Recreation~~ Bail and Penalty Schedules, unless a California code or regulation specifies otherwise, is

Misdemeanor	\$100	+	<u>\$310</u>	+	\$70	= <u>\$480</u>
Infraction	\$ 35	+	<u>\$123</u>	+	\$75	= <u>\$233</u>

Audit and Distribution Issues

Systemic or other issues found on recent audits or questions posed:

- Domestic violence fee effective 1-1-2014 went from \$400 to \$500. (PC 1203.097); Court required to provide a statement of reason on the record if it exercises discretion to reduce or waive the fee.
- Red light traffic school case – distributed the collections as a PC 1463.11 red light bail forfeiture instead of as a VC 42007.3 Red light traffic school.
- Fines are punitive and would be from the date of **violation** due to Ex Post Facto prohibitions, which means that the court cannot impose a more punitive fine (possibly at conviction date) than what existed at the time of the violation. This includes the State Restitution Fine per case law.
- Restitution fine is not subject to penalty assessments - PC1202.4(e) and see FAQ C 61.

Audit and Distribution Issues

- PC 1205.3 - when probation is granted for an offense, fines including restitution fines can be converted to community service but fees cannot be converted.
- Where a defendant may have multiple cases filed against him/her and the judicial officer decides to hear these cases concurrently because the violations were filed separately, the base fines should not be added before calculating the penalties.
FAQ F 3
- GC 76000.3 additional \$3 penalty on parking offenses (1-1-11)– determine whether the \$3 is already part of the distribution – if not, it comes out of the total collected as the State receives \$7.50. Some prior examples were prior to 1-1-11.

Audit and Distribution Issues

- **FG7145(A)-Fishing without a license.** The \$15 secret witness penalty (goes to a secret witness fund) applies if the defendant did not have a fishing license that was valid at the time of arrest/citation. However, if the defendant can show proof to court that he or she had a fishing license valid at the time of arrest/citation and the fine the court may reduced the fine to \$25 and the \$15 penalty does not apply. FG12021 verses FG12002.2
- Distribution priorities:
 - State surcharge of 20% under PC 1465.7 is a PRIORITY 2
- Red light bail forfeiture cases – PC 1463.11 30% allocation to the EMAT penalty assessment not applied

Audit and Distribution Issues

- 2% State Automation calculation and distribution
 - VC 42007 converts the fines and penalties to a traffic violator school fee and the 2% is incorrectly calculated and distributed from the fines and penalties for traffic school cases, **except for child seat traffic school cases.**
 - Assessed on all fines, penalties, and forfeitures **NOT ON FEES**
- State DNA penalty GC 76104.7
 - Assessment of \$3 for every \$10 of the enhanced base fine in all criminal cases (including VC or any local ordinance adopted pursuant to the VC) was made but it increased to \$4 effective June 27, **2012**
