Executive Summary

The Judicial Branch Capital Program Office of the Administrative Office of the Courts recommends approving *Receipts and Expenditures from Local Courthouse Construction Funds: Report to the Budget and Fiscal Committees of the Legislature* for submission to the budget and fiscal committees of the Legislature. The report provides information for the reporting period of July 1, 2011, through June 30, 2012, regarding receipts and expenditures from local courthouse construction funds, as reported by each county. The annual submission of this report is required under Government Code section 70403(d).

Recommendation

The Judicial Branch Capital Program Office of the Administrative Office of the Courts (AOC) recommends that the Judicial Council:

- 1. Approve the annual Judicial Council report (see Attachment A) for the period of July 1, 2011, to June 30, 2012, regarding receipts and expenditures from local courthouse construction funds, as reported by each county; and
- 2. Direct the AOC to submit the report to the budget and fiscal committees of the California Legislature.

Previous Council Action

The previous six reports can be found at www.courts.ca.gov/7466.htm.

Rationale for Recommendation

The annual submission of this report is required under Government Code section 70403(d). When a county submits its annual report on the condition of the local courthouse construction fund, the AOC reviews the report and requests the information necessary to determine compliance, including the beginning and ending fund balances and an explanation of expenditures by project, if the report does not include that information. Each review includes a determination of whether the receipts and expenditures were made in accordance with the provisions of Government Code section 76100, including verification that outstanding debt service still exists. If, based on the information provided, the AOC concludes that a county made an expenditure not permitted by statute, the AOC will notify the county and the California Department of Finance of the amount due for repayment to the state.

Comments, Alternatives Considered, and Policy Implications

Title of Report: Receipts and Expenditures From Local Courthouse Construction Funds:

Report to the Budget and Fiscal Committees of the Legislature

Statutory Citation: Government Code section 70403(d)

Date of Report: November 5, 2012

The Judicial Council has submitted a report to the Legislature in accordance with Government Code section 70403(d) regarding receipts and expenditures from local courthouse construction funds, as reported by each county. The following summary is provided under the requirements of Government Code section 9795.

Government Code section 70402(a) requires that any amount in a county's local courthouse construction fund be transferred to the State Court Facilities Construction Fund following the date of the last transfer of court facilities from that county to the Judicial Council if there is no outstanding bonded indebtedness. All such facility transfers were complete as of December 31, 2009.

As of November 5, 2012, five counties that have transferred their court facilities and have no outstanding bonded indebtedness—Colusa, Del Norte, Fresno, Lassen, and Modoc—have yet to transfer their courthouse construction fund balances to the State Court Facilities Construction Fund. Fifteen counties have transferred the fund balances in their local courthouse construction funds to the State Court Facilities Construction Fund. Four counties retained their courthouse construction funds consistent with responsibility of 100 percent court square footage. Two counties (Madera and Sierra) reported zero receipts and expenditures. Thirty-two counties continue to retain their courthouse construction funds as statutorily permitted because they have bonded indebtedness for which the funds are used.

The full report is available at www.courts.ca.gov/7466.htm. For more information or to obtain a printed copy of the report, please call Gisele Corrie, Manager, at 916-263-1687.

County Reporting on Local Courthouse Construction Funds

The Trial Court Facilities Act of 2002 (Sen. Bill 1732 [Escutia]; Stats. 2002, ch. 1082) required counties to report receipts to and expenditures from local courthouse construction funds. Government Code section 70403 mandates that each county submit a report to the Administrative Director of the Courts of all local courthouse construction fund receipts and expenditures for the period January 1, 1998, to December 31, 2005. Counties retaining funds for the purpose of paying bonded indebtedness must submit to the Administrative Office of the Courts (AOC) and the California Department of Finance annual updates of all receipts and expenditures within 90 days after the end of each fiscal year. The section further requires the Judicial Council to submit a report to the Legislature on the information received from the counties regarding the status of local courthouse construction funds. This report covers the period from July 1, 2011, to June 30, 2012, and includes updates to prior reports covering the periods of January 1, 1998, to December 31, 2005; January 1, 2006, to June 30, 2007; July 1, 2007, to June 30, 2008; July 1, 2008, to June 30, 2009; July 1, 2009, to June 30, 2010, and July 1, 2011, to June 30, 2012.

Government Code section 70402(a) requires that any amount in a county's courthouse construction fund established under Government Code section 76100 be transferred to the State Court Facilities Construction Fund following the date of the last transfer of court facilities from the county to the Judicial Council if there is no outstanding bonded indebtedness. All transfers of court facilities were complete as of December 31, 2009. As of November 5, 2012, five counties that have transferred their court facilities and have no outstanding bonded indebtedness—Colusa, Del Norte, Fresno, Lassen, and Modoc—have yet to transfer their courthouse construction fund balances to the State Court Facilities Construction Fund. Fifteen counties have transferred the fund balances in their local courthouse construction funds to the State Court Facilities Construction Fund. Four counties retained their courthouse construction funds consistent with responsibility of 100 percent court square footage. Two counties (Madera and Sierra) reported zero receipts and expenditures. Thirty-two counties continue to retain their courthouse construction funds as statutorily permitted because they have bonded indebtedness for which the funds are used. The 32 counties that retain their courthouse construction funds to pay off outstanding debt will continue to submit annual reports on revenues and expenditures until the debt obligation is retired.

County Reporting Under Section 70403(a) for July 1, 2011, to June 30, 2012

As of November 5, 2012, the AOC received reports on the condition of local courthouse construction funds from 32 of the 32 counties that have outstanding bonded indebtedness as required by statute (see Attachment 1). All reports received are in compliance with

section 70403(b), which requires an annual update of all local courthouse construction fund receipts and expenditures from counties with outstanding bonded indebtedness, in this case, for the period from July 1, 2011, to June 30, 2012.

As reported by the 32 counties, the local courthouse construction fund receipts totaled \$31,587,086 during the statutory reporting period. The 32 counties reported a total of \$43,762,033 in local courthouse construction fund expenditures.

Status of Reviews

When a county submits its annual report on the condition of the local courthouse construction fund, the AOC reviews the report and requests the information necessary to determine compliance, including the beginning and ending fund balances and an explanation of expenditures by project if the report does not include that information. Each review includes a determination of whether the receipts and expenditures were made in accordance with the provisions of Government Code section 76100, including verifying that outstanding debt service still exists. If the AOC concludes based on the information provided that a county made an expenditure not permitted by statute, the AOC will notify the county and the California Department of Finance of the amount due for repayment to the state.

Status of Determination of Repayment Amounts Required Under Section 70403(d)

As reviews of the reports are completed for the counties with outstanding debt service, repayments to the State Court Facilities Construction Fund, if any, will be finalized and reported in subsequent annual reports from the Judicial Council to the budget and fiscal committees of the Legislature. Reviews of the county reports have not yet been completed; therefore, at this time there are no repayments to report for this reporting period.
