#### **Executive Summary**

The Traffic Advisory Committee recommends that the Judicial Council revise current Notice to Appear forms and adopt new electronic Notice to Appear forms for traffic and nontraffic citations to improve the uniformity of the content of statewide Notice to Appear forms. The committee also recommends amending rule 4.103 to require law enforcement agencies to submit copies of electronic citation forms to the Judicial Council to ensure compliance. These recommendations were developed at the request of courts to promote electronic filing of Notice to Appear forms and reduce concerns about the validity of the forms as complaints. In addition, the recommended forms are consistent with recently adopted rule 4.105, which sets forth bail requirements in traffic infraction matters.

#### Recommendation

The Traffic Advisory Committee recommends that the Judicial Council:

- 1. Amend California Rules of Court, rule 4.103, Notice to Appear Forms;
- 2. Revise forms TR-INST, Notice to Appear and Related Forms; TR-115, Automated Traffic Enforcement System Notice to Appear; TR-120, Nontraffic Notice to Appear; and TR-130, Traffic/Nontraffic Notice to Appear; and
- 3. Adopt forms TR-135, *Electronic Traffic/Nontraffic Notice to Appear (4-inch format)* and TR-145, *Electronic Traffic/Nontraffic Notice to Appear (3-inch format)*; effective June 26, 2015, with an extended implementation period for use of the new and revised forms as soon as reasonably possible, but no later than November 15, 2015.

Amended rule 4.103, revised forms TR-INST, TR-115, TR-120, and TR-130, and new forms TR-135 and TR-145 are attached at pages 10-69.

## **Previous Council Action**

Rule 4.103 was adopted effective January 1, 2004, and amended effective January 1, 2007. The council revised form TR-115, effective January 1, 2013. The council revised forms TR-120 and TR-130, effective September 20, 2005.

## **Basis for Rationale for Recommendation**

The form of notices to appear must be prescribed by the Judicial Council. (Veh. Code, § 40500(b).) When a Notice to Appear issued on a Judicial Council form is verified by the issuing officer, it constitutes a complaint in a criminal case. (Pen. Code, § 853.9, and Veh. Code, § 40513(b).) In addition, "a notice to appear issued on a form approved by the Judicial Council may be received and filed by a court in electronic form." (Pen. Code, § 959.1(d).)

Until 2004, the Judicial Council required under Vehicle Code section 40500 that every law enforcement agency submit its notice to appear citation form for traffic offenses to the council for individual review and approval. In 2005, the council adopted California Rules of Court, rule 4.103, which provides that notices to appear that use the approved council forms and comply with the council's form instructions in TR-INST, *Notice to Appear and Related Forms* (Instructions), are on a form approved by the Judicial Council. At present, form TR-130, *Traffic-Nontraffic Notice to Appear*, is used for issuing both electronic and preprinted handwritten citations. The California Highway Patrol (CHP) has an ongoing pilot program to issue and file electronic notice to appear citations. Other law enforcement agencies in various counties are currently filing notice to appear citations with courts electronically. The committee's proposal is designed to facilitate implementation of the CHP program for electronic citations and improve and clarify requirements for other issuing agencies.

Recent attention to state traffic infraction laws raised significant concerns about procedural fairness in related proceedings. In response, the Judicial Council adopted California Rules of

Court, rule 4.105, as an urgency measure on June 8, 2015. The rule improves uniformity in traffic infraction bail procedures for pre-trial proceedings by expressly providing for traffic infraction defendants to appear for arrangement and trial without depositing bail unless certain exceptions apply.

When the council adopted rule 4.105, the council directed the Traffic Advisory Committee to expeditiously review Judicial Council traffic forms and recommend any revisions that are needed to make the forms consistent with rule 4.105. The Traffic Advisory Committee has identified the need to revise the information on bail to schedule a trial on the council's Notice to Appear forms. The current forms include an advisement that payment of bail will be required to schedule a trial. The forms include a revised instruction that payment of bail may be required to schedule a trial and that defendants may go online or call the court for information on going to court without paying bail.

#### The Proposal

Under rule 4.103 of the California Rules of Court, notice to appear citations that use the approved council Notice to Appear forms and comply with the council's Instructions are issued on a form approved by the Judicial Council. The Traffic Advisory Committee proposes changes to improve the requirements for the form used by law enforcement agencies to issue preprinted and electronic citations when making arrests for infraction and misdemeanor violations. The complete proposal would (1) amend California Rules of Court, rule 4.103 (Attachment A) to require that law enforcement agencies that issue electronic notice to appear citations submit a copy of the agency's form to the Judicial Council when the forms are revised by the council; (2) clarify and revise the Instructions (Attachment B); (3) revise forms TR-115, *Automated Traffic Enforcement System Notice to Appear*; TR-120, *Nontraffic Notice to Appear*; and TR-130, *Traffic/Nontraffic Notice to Appear*; and (4) create new forms TR-135, *Electronic Traffic/Nontraffic Notice to Appear* (4-inch format) and TR-145, *Electronic Traffic/Nontraffic Notice to Appear* (4-inch format) and TR-145, *Electronic Traffic/Nontraffic Notice to Appear* (3-inch format), for issuing electronic notice to appear citations when making arrests.

The committee recommends the proposal in response to requests by courts to reduce the administrative impact and the expense of processing traffic citations by facilitating electronic filing and to address concerns of the public about the validity of notice to appear citation forms. The 2015 annual agenda of the Traffic Advisory Committee classified the revision of electronic citation requirements as urgently needed to remedy a problem that is causing significant cost or inconvenience to the courts or the public. The proposal is designed to benefit the judicial branch and justice partners by improving the requirements and procedures for issuing and filing electronic citations as an alternative to handwritten citations that require extensive processing and data entry by both courts and law enforcement agencies. Clarification of the requirements would also reduce concerns about the validity of the citations as complaints and avoid potential challenges for statutory deficiencies. In addition, amendment of rule 4.103 to require submission of electronic citation forms by issuing agencies would provide the council with continuing

information about compliance with requirements and identify issues where further action may be needed.

The amendment of rule 4.103, the revision of the Instructions and forms TR-115, TR-120, and TR-130, and the adoption of forms TR-135 and TR-145 will improve compliance with statutory requirements, provide the courts with the necessary information for processing citations in a more cost-effective manner, reduce the issuance and related challenges of unapproved Notice to Appear forms, and provide revised information on appearances in court without prior deposit of bail as set forth in rule 4.105.

Amendment of rule 4.103. The committee recommends amendment of rule 4.103 to require law enforcement agencies to provide the Judicial Council with a sample copy of the electronic citation forms issued by those agencies for arrests in traffic and nontraffic criminal cases. The requirement to provide the council with a copy of the form when the council adopts changes to Notice to Appear forms should improve the compliance with related statutes and the council requirements in the Instructions and identify issues where further improvement is needed. Improvement in compliance with the requirements should reduce the expense and administrative burden of cases where citations are challenged and result in decreased workload for judicial officers and court staff in processing contested cases.

*Revision of form TR-INST.* The Instructions would be revised to include the following changes to improve uniformity of content and format and satisfy legal requirements for Notice to Appear forms used to issue and file notice to appear citations:

- Revision of section 1.030 to provide for a continuation page for electronic citations where there are many violations or multiple vehicles would avoid unnecessary printing of duplicate instructions that are part of the existing continuation forms, TR-106, *Continuation of Notice to Appear*, and TR-108, *Continuation of Citation*.
- Revision of section 1.040 to specify use of form TR-135 or TR-145 for issuing and filing electronic citations and to provide for different requirements for electronic and preprinted citations would help identify the circumstances where the requirements for electronic citations differ from those for preprinted handwritten citations.
- Revision of section 2.010 to specify use of form TR-135 or TR-145 for issuing electronic citations at the time of arrest would clarify and improve the requirements for electronic citations.
- Revision of section 3.010 to require implementation by November 15, 2015, of required forms TR-115, TR-120, TR-130, TR-135, and TR-145 by law enforcement agencies would provide time for issuing agencies to implement the changes for notice to appear citations.
- Revision of section 4.010 to specify that the defendant's copy of the citation must include the defendant's signature for the promise to appear would improve compliance with statutory provisions.

- Revision of section 4.020 to specify the "trim" size of Notice to Appear forms would prevent use of a form that is too narrow to allow printing of the form with the approved format and required minimum font size.
- Revision of section 4.050(b) to specify that text on citation form TR-135 or TR-145 must have a minimum font size of 6.0 would avoid use of citations with print that is too small to be legible.
- Revision of section 6.00 to provide that citations issued on form TR-135 or TR-145 may abbreviate terms would facilitate printing of citations when issued. Removal of the provision for minor alterations of formatting for electronic citations would improve standardization of the form and reduce the occurrence of unapproved changes to the form.
- Revision of section 6.030 to specify that the approved barcode data format is USS Code 39 would assist issuing agencies in complying with the standard.
- Revision of section 6.071 to specify that forms TR-135 and TR-145 must specify whether the defendant's driver's license is a commercial driver's license.
- Revision of section 6.120 to require the vehicle description to include the model and color of the vehicle would help identify vehicles on citations.
- Revision of section 6.140 to permit listing of a company as the registered owner of a vehicle would provide appropriate flexibility in completing citations.
- Revision of section 6.160 to specify that notice to appear citations require an issuing officer to indicate whether a violation is eligible for correction by checking a "Yes" or "No" checkbox for eligible offenses would provide clarity about whether an officer has made the determination required by Vehicle Code section 40522.
- Revision of section 6.170 to add forms TR-135 and TR-145 to the forms that have a "Booking Required" checkbox would comply with Penal Code section 853.6.
- Revision of section 6.180 to add specific data fields on forms TR-135 and TR-145 for construction and safety enhancement zone violations and overweight violations would assist courts in imposing the proper penalties for the specific offenses.
- Revision of section 6.210 to add a reference to collision investigation as an example of citations for which the officer executes a declaration on information and belief would assist proper completion of citations.
- Revision of section 6.220 to specify the location for the declaration date that is required by Code of Civil Procedure section 2015.5 for the arresting or citing officer's declaration to be verified and for the citation to serve as a complaint would improve compliance with statutory requirements.
- Revision of section 6.240 to provide that the signature on the defendant's copy must be identical to the signature on the copy filed with the court would satisfy the requirement of Vehicle Code section 40505 that the citation issued to the defendant include all information on the copy filed with the court.
- Revision of section 6.280 to remove the exception to have the form approval legend at the top of the form instead of the bottom would improve statewide uniformity and reduce ambiguity about whether a citation is issued on an approved form.

• Revision of section 7.030 to allow adding a thumbprint to a shaded area of form TR-135 or TR-145 would allow issuing agencies flexibility to determine a suitable location on the front of the form.

Revision of forms TR-115, TR-120, and TR-130. As discussed above, the committee recommends revision of forms TR-115, TR-120, and TR-130 to further clarify and standardize the requirements that apply for notice to appear citations to be filed and serve as a verified complaint in criminal cases. Adoption of the revised forms and instructions would provide clear and understandable provisions that can be followed to facilitate use of notice to appear citations and allow courts and issuing agencies to improve standardization for processing handwritten citations. The specific details for forms TR-115, TR-120, and TR-130 are discussed above in the changes to form TR-INST. The primary clarifications for citation requirements are that (1) the defendant's copy must include a signature for the promise to appear that is identical to the signature on the copy filed with the court, (2) the issuing officer must indicate whether an offense is eligible for correction by specifying "Yes" for an offense that is correctable or "No" for an offense that is ineligible for correction, (3) the arresting or citing officer's declaration must include a declaration date where specified for the citation to serve as a verified complaint, (4) an optional field would be replaced with a required field on the form instructions for a local website address for citation information, and (5) the forms are revised to notify defendants that payment of bail may be required to schedule a trial and that defendants may go online or call the court for information on going to court without paying bail.

Adoption of forms TR-135 and TR-145. As also discussed above, the committee recommends adoption of forms TR-135 and TR-145 to clarify and standardize the requirements that apply for electronic citations to be filed and serve as a verified complaint in criminal cases. Adoption of the new forms and instructions would provide clear and understandable provisions that can be followed to facilitate use of electronic citations and allow courts and issuing agencies to realize cost savings from reduction in administrative expenses for processing handwritten citations. The specific details for forms TR-135 and TR-145 are discussed above in the changes to form TR-INST. The primary clarifications for electronic citation requirements are that (1) the defendant's copy must include a signature for the promise to appear that is identical to the signature on the copy filed with the court, (2) the issuing officer must indicate whether an offense is eligible for correction by specifying "Yes" for an offense that is correctable or "No" for an offense that is ineligible for correction, (3) the officer's declaration must include a declaration date where specified for the citation to serve as a verified complaint, and (4) the forms have a different width and formatting to facilitate use with a variety of existing citation software programs and hardware; and (5) the forms notify defendants that payment of bail may be required to schedule a trial and that defendants may go online or call the court for information on going to court without paying bail.

#### **Comments, Alternatives Considered, and Policy Implications**

Rule 4.105 was recently adopted on an urgency basis in response to concern about issues relating to bail for traffic infraction cases, and more specifically about defendants' access to trial in such

cases. The new forms and recommended revisions are consistent with rule 4.105 and have been developed on an expedited basis to be implemented as soon as reasonably possible but no later than November 15, 2015. To expedite consistency with the newly adopted rule, the form revisions related to the rule are recommended without prior public comment period. All other aspects of these recommendations were circulated for public comment as explained below.

#### Summary of Comments.

The new forms and proposed revisions to the current rule and forms were circulated for public comment from October 6 to December 1, 2014. Eleven comments were received in response to invitation to comment, SP14-10. Comments were received from the Superior Courts of Los Angeles, Orange, Riverside, Sacramento, and San Diego Counties; the California Highway Patrol; the Integrated Law and Justice Agency for Orange County, a coalition of local law enforcement agencies; the California Traffic Defense Bar; the Orange County Bar Association; and two police departments. Of the eleven commentators, one agreed with the proposal; six agreed with the proposal, but only if modified; three did not agree with the proposal; and one comment did not indicate a position on the proposal. A chart listing all commentators and showing all comments received and changes requested is attached, at pages 70-92.

The comments included discussion of a few principal issues, including clarifying discussion and changes regarding: the statutory requirement for the officer's declaration under penalty of perjury to be dated for the citation to serve as a verified complaint; the inclusion of a website address for court information on local court procedures; the new optional item to include an e-mail address for the defendant; and the option to include information on the location where the officer's declaration is signed to satisfy statutory requirements when necessary for a verified declaration under penalty of perjury.

Notable comments and committee responses include:

Signatures. Commentators expressed significant concern that the Instructions are revised to expressly state that the defendant's copy of the electronic Notice to Appear form must include the identical signature of the defendant that is on the copy of the notice filed with the court. The comment by the Integrated Law and Justice Agency for Orange County (ILJAOC) expressed concern that the requirement to include the defendant's signature on the defendant's copy of a notice to appear citation issued by an electronic citation device will increase the risk of harm to officers by requiring an additional trip to the defendant's vehicle at a traffic stop after printing the notice with the digital signature on the printer installed in the officer's vehicle. Officer safety is unquestionably a compelling concern. However, the committee believes that the requirement to provide the defendant with a signed copy of the notice is required by statute and this recommendation is designed for consistency with current law. The committee has previously considered the requirement to include the defendant's signature on the copy of the notice issued to the defendant in the council's statewide invitation to comment on notice to appear citations, SPR12-27, in 2012. In light of the current law and concerns for officer safety, the ILJAOC may wish to consider bringing this issue to the Legislature for its attention. An alternative to

legislation would be to consider use of wireless hand-held mobile printers to avoid having to make an extra trip between vehicles.

**Implementation Period.** A number of comments recommended an extended implementation period for the forms to reduce negative impacts on law enforcement agencies. Historically, when the council adopts revised Notice to Appear forms there is a grace period of several months to a year to implement the changes. This practice has been followed to address the fact that many agencies order citations printed in bulk for a year or more to lower costs. Discarding existing forms and ordering new forms or reprogramming electronic citation devices can negatively impact operational budgets, especially of smaller agencies. Even the California Highway Patrol orders a large quantity of about 70,000 forms per quarter and a grace period of less than 3-4 months could cause a significant expense to replace existing stock in addition to any expenses to reprogram electronic citation devices. Despite this situation, there is a compelling need to update the forms as soon as possible to revise the information about bail procedures to be consistent with the new rule 4.105. While subdivision (d) of rule 4.105 requires courts to update information provided to the public regarding bail for traffic infractions by September 15, 2015, the Notice to Appear forms are not governed by the deadline of the rule as the forms are provided to the public by law enforcement agencies, not the courts. After considering the competing interests, the committee recommends that the extended implementation be specified to require implementation as soon as reasonably possible, but no later than November 15, 2015.

#### Alternatives .

The committee considered clarifying the form requirements in TR-INST while continuing the current practice of using form TR-130, *Traffic/Nontraffic Notice to Appear*, for both electronic and preprinted handwritten citations. This approach was not favored. The committee decided instead to propose new forms with specific requirements, tailored to the unique aspects of electronic citations, which could be distinguished from those that are better suited to preprinted citations. Use of new forms that are consistent with the CHP pilot program, local agency programs, and statutory requirements will allow other agencies to implement future electronic citation systems in a more uniform, understandable, and well-establish manner.

The committee also considered reinstatement of the prior council requirement for agencies to submit citation forms for individual review and approval by the council. This approach was not favored because of the administrative burden, staffing, and cost that would be necessary for implementation of this reinstatement. The committee considered that the proposed requirement to provide the council with an annual copy of the electronic citation form would be satisfied with minimal expense and provide continuing information to the council for future improvements. Based on comments received, the committee is recommending that agencies submit a copy of the citation when the council adopts changes to the form in order to minimize the administrative impact and allow a means to monitor compliance with council requirements.

#### Implementation Requirements, Costs, and Operational Impacts

This proposal is expected to result in long-term cost savings and time savings for courts and issuing agencies, because costs of processing handwritten citations will be reduced or eventually eliminated. Implementation of the proposal would facilitate efforts of courts to expand electronic filing of citations and result in reduced court costs for labor related to processing and data input for handwritten citations. Law enforcement agencies with existing electronic citation programs may have programming costs to implement the changes that are proposed to comply with existing law.

#### **Relevant Strategic Plan Goals and Operational Plan Objectives**

The adoption of new and revised Notice to Appear forms would advance the Judicial Council goal of providing access and fairness in the courts. (See *Justice in Focus: The Strategic Plan for California's Judicial Branch*, Goal I, Access, Fairness, and Diversity; Goal III, Modernization of Management and Administration.).

# Chapter 1 PURPOSE OF FORMS

#### 1.000. Definitions

For the purposes of these instructions the following words are synonymous: (a) Notice to Appear, citation; (b) violation, offense, allegation, charges; (c) defendant, violator, person, individual, citee, driver; (d) court, court of jurisdiction; (e) officer, arresting officer, citing officer, issuing officer.

#### 1.010. In General

Notice to Appear forms are designed to meet statutory requirements and, to the extent possible, address the procedural requirements of local courts and law enforcement agencies. Notices to Appear should provide the defendant with pertinent information regarding the charges and what steps the defendant must take to answer the allegations.

The uniform language and data fields assist law enforcement and the courts in the timely and accurate processing of the citation information. The design also ensures statewide conformity of advisements important to the defendant and that those advisements are clear and explicit.

#### 1.020. Notice to Appear

- a) Whenever a person is arrested for any violation declared to be an infraction or misdemeanor, or for a violation of any city or county ordinance, and the person is not immediately taken before a magistrate, the arresting officer must prepare a Notice to Appear form.<sup>1</sup>
- b) When the Notice to Appear is prepared on a form approved by the Judicial Council it constitutes a complaint to which the defendant may enter a plea.<sup>2</sup>

#### 1.030. Continuation Form

- a) The *Continuation of Notice to Appear* or *Continuation of Citation* form must be used when multiple offenses are charged and the Notice to Appear form does not provide sufficient space for the listing of all the charges. A *Continuation of Citation* is a multipurpose form intended for use with either a Notice to Appear form or a Notice to Correct Violation form.
- b) A second Notice to Appear must not be issued in lieu of a continuation form.
- c) The Notice to Appear and the corresponding continuation form must be treated as one law enforcement document and contain the same citation number.
- d) Form TR-135, *Electronic Traffic/Nontraffic Notice to Appear (4-inch format)*, may, when necessary, include a short-version continuation page to allow for citing multiple offenses or offenses that involve multiple vehicles.

<sup>&</sup>lt;sup>1</sup>Per Veh. Code, § 40500(a) and Pen. Code, § 853.6.

<sup>&</sup>lt;sup>2</sup>Per Veh. Code, § 40513(b) and Pen. Code, § 853.9.

#### 1.040. Electronic Notice to Appear

- a) The electronic Notice to Appear <u>issued on either form TR-135, Electronic</u> <u>Traffic/Nontraffic Notice to Appear (4-inch format)</u> or form TR-145, <u>Electronic</u> <u>Traffic/Nontraffic Notice to Appear (3-inch format)</u>, eliminates those citationprocessing problems caused by the illegibility of handwritten information. The use of an electronic Notice to Appear also reduces the amount of information that must be entered into law enforcement and court computer systems.
- b) A court is authorized to receive and file a Notice to Appear in an electronic form if all of the following conditions are met:<sup>3</sup>
  - 1) The information is on a form approved by the Judicial Council.
  - 2) The Notice to Appear is transmitted to the court by a law enforcement agency.
  - 3) The court has the facility to electronically store the information for the statutory period of record retention.
  - 4) The court has the ability to reproduce the Notice to Appear in physical form upon the demand and payment of the reproduction costs.
- c) Requirements for citations issued by an electronic citation device on form TR-135 or form TR-145 that differ from those for preprinted citations are specified below where necessary.

#### 1.050. Notice of Correction and Proof of Service

Form TR-100, *Notice of Correction and Proof of Service*, must be used for any corrections to the original Notice to Appear citation.<sup>4</sup> (See Appendix A.)

# Chapter 2 AUTHORITY TO PRESCRIBE FORMAT

  - 2) Form TR-120, *Nontraffic Notice to Appear*,<sup>6</sup> to be used for violations other than traffic offenses. (See Appendix E.)

<sup>&</sup>lt;sup>3</sup>Per Pen. Code, § 959.1.

<sup>&</sup>lt;sup>6</sup>Per Pen. Code, § 853.9.

- 3) Form TR-130, *Traffic/Nontraffic Notice to Appear*,<sup>7</sup> to be used for both infraction and misdemeanor offenses. (See Appendix F.) - 4) Forms TR-135 and TR-145<sup>8</sup> to be used for both infraction and misdemeanor offenses. (See Appendix G and Appendix H.) A computergenerated paper citation is issued to the defendant at the time of arrest and a copy is filed with the court either electronically when permitted or as a paper copy.
- b) Form TR-106, *Continuation of Notice to Appear*, and form TR-108, *Continuation of Citation*, are intended for use in conjunction with *Nontraffic* and *Traffic/Nontraffic Notice to Appear* forms. (See Appendix B.)

# Chapter 3 REVISION DATES

#### 3.010. Judicial Council

- a) Periodically, the Judicial Council will adopt revisions of Notice to Appear forms. Law enforcement must use the revised Notice to Appear form by the effective date of the revised form adopted by the Judicial Council. (See section 6.030 for exception.) Depending on changes in statutory requirements, effective dates are established to allow law enforcement as much time as possible to deplete any existing supplies of the old form, print and disseminate new forms, and, if necessary, develop new procedures and train personnel regarding the revisions.
- b) The council adopted forms TR-135 and TR-145 and revised forms TR-115, TR-120, and TR-130, effective January 1, 2013June 26, 2015, with implementation as soon as reasonably possible, but no later than November 15, 2015. The council adopted revised forms TR-120 and TR-130, effective September 20, 2005. The council adopted forms TR-100, TR-106, and TR-108 with an effective date of January 1, 2004.

# Chapter 4 FORM SPECIFICATIONS

## 4.020. Size and Color

The size and color of Notice to Appear copies for forms TR-106, TR-108, TR-120, and TR-130 should conform with the requirements of the courts in which they are filed. The Judicial Council recommends the following minimum size and other form specifications:

- a) A "trim" size of 4 1/4 inches wide and 7 1/2 inches long; 5/8-inch tabs on the top or bottom of the form.

# Chapter 5 VARIATIONS OF MANDATORY LANGUAGE/DATA FIELDS

#### 5.000. In General

Mandatory language and data fields are indicated on examples of Judicial Counciladopted forms by unshaded areas; see section 5.010 for exceptions.

#### 5.010. Permitted Variations

- a) To meet the unique customs and/or needs of local law enforcement agencies and courts, the Judicial Council form permits limited variations in the "time," "place," and "proof of correction certification" data fields, among others. To indicate that variations may be permitted, these data fields are identified by shaded areas. Shading should not appear on printed forms.
- b) The California Highway Patrol is permitted to alter the format and location of the fields for the name of the court, court address, and phone number and to add a field for the location of a CHP Inspection Facility on the face of a form TR-130, *Traffic/Nontraffic Notice to Appear* for their form CHP-215X.
- c) Formatting for the bracketed information that is required in the "Where" field on notice to appear forms may be modified to include information for multiple court locations.

# Chapter 6 MANDATORY LANGUAGE/DATA FIELDS

#### 6.000. In General

The mandatory language and data fields vary between the various Notice to Appear forms depending on the purpose of the form. All language and data fields in unshaded areas on the forms are mandatory, even if not discussed below. Mandatory text or data fields of the forms may not be re-worded or omitted, except for references to statutory authorities, which may be abbreviated differently. Electronic Notice to Appear <u>citations issued on</u> forms <u>TR-135 and TR-145</u> may abbreviate terms <u>and have minor alterations to formatting</u> to facilitate printing of forms.

Law enforcement agencies should be aware that if a written Notice to Appear is not prepared on an approved council form, a court may conclude that it does not constitute a complaint to which a defendant may enter a plea. (Veh. Code, § 40513(b).) If a defendant pleads other than "guilty" or "nolo contendere" and the court concludes that the Notice to Appear is defective, it could be necessary to re-file the charges by a formal complaint. (Veh. Code, § 40513(a).)

#### 6.010. Agency Name

Statewide law enforcement agencies must comply with this requirement as specified in section 3.010. Local law enforcement agencies must comply with the requirement for the duplication of the serial number in the right margin within one calendar year of a request from a local court.
- c) The serial number may be preprinted on the Notice to Appear.
- d) The serial number on the continuation form <u>TR-106 or TR-108</u> must be the same as that on the corresponding Notice to Appear; the duplication of the serial number in the right margin is not required.
- e) Bar coding of the serial number permits those courts with bar code readers to improve the timeliness and accuracy of processing Notice to Appear forms. Within the following parameters, the bar coding of the serial number must be placed on the face of the court's copy of the Notice to Appear form:
  - 1. The bar code must appear as near as practical to the bottom of the form <u>and is the USS Code 39 barcode data format</u>.
  - 2. The bar code should have a 1/4-inch area (quiet zone) that is clear and free of all printing preceding the start character and the following stop character.
  - 3. Statewide law enforcement agencies must comply with the bar code requirement as specified in section 3.010.
  - 4. Local law enforcement agencies must comply with the bar code requirement within one calendar year of a request from a local court.

a) Whenever a person is arrested for violations specified in Vehicle Code section 40303.5 and none of the disqualifying conditions set forth in Vehicle Code section

40610(b) exist, and the officer issues a Notice to Appear, the notice must specify the offense charged and note in a form approved by the Judicial Council that the charge will be dismissed upon proof of correction.<sup>19</sup>

- b) For offenses identified in Vehicle Code section 40303.5 the citing officer must indicate by marking the appropriate <u>"Yes" or "No"</u> check box whether or not the offense is eligible for dismissal upon proof of timely correction. Marking the "<u>nNo</u>" box denotes that disqualifying conditions specified in Vehicle Code section 40610(b) exist.

- b) When a speed violation is charged, both the approximate speed and the prima facie speed applicable to the street or highway should be indicated.
- c) Entry of the maximum speed limit pertaining to the particular type of vehicle, or combination of vehicles, is only required if the defendant is cited for exceeding the speed limit for that vehicle.

#### 6.200. Location of Violation

The Notice to Appear must state the location of where the offenses charged occurred.

#### 6.210. Officer's Declaration on Information and Belief

The officer must indicate on the Notice to Appear (check box) when the offense was not committed in his/her presence and that his/her declaration is on information and belief. A citizen's complaint is an and a collision investigation are examples of a situation that may result in the officer's checking the box. The declaration is separate and distinct from the officer's declaration under penalty of perjury discussed in section 6.220.

#### 6.220. Officer's Declaration under Penalty of Perjury

The Notice to Appear must contain the officer's <u>dated</u> declaration, under penalty of perjury, subscribed by the officer, that the information regarding the violations is true and correct.<sup>23</sup> <u>The date of the declaration must appear in the declaration date field when</u> completed by either an arresting or a citing officer.

#### 6.230. Other Officer

# Chapter 7 DISCRETIONARY LANGUAGE/DATA FIELDS

## 7.000. In General

The discretionary (shaded) areas on the forms (see Appendix) depict language and data fields that are frequently included at the option of the court or law enforcement agency (with the consent of the court in which the Notice to Appear is to be filed).

Because of limited space, not all of the discretionary language and data fields used throughout the state can be shown on the sample forms. The following are narrative descriptions of several discretionary data fields.

## 7.010. Bail Statement

If the offense is bailable, the magistrate must fix the amount of bail and endorse the following statement on the warrant for arrest.<sup>35</sup>

BAIL:

The defendant is to be admitted to bail in the sum of \_\_\_\_\_ dollars.

Judge

Note: The mandatory requirement that the above statement appear on the reverse of the court's copy disrupts the processing of Notice to Appear forms in those automated courts` that use the space for cash register validations, automated traffic system notations, and notes of court proceedings. These courts use a separate form when issuing a warrant for arrest. For those reasons, the warrant for arrest statement is now discretionary.

# 7.020. Defendant's Race/Ethnicity

- a) A specific data field for the defendant's "Race" or "Ethnicity" may be added to the Notice to Appear form. The data field should be located on the same line as other physical descriptors.
- b) The defendant's "Race" or "Ethnicity" may be indicated in the "Other Description" data field.
- c) If the defendant's "Race" or "Ethnicity" is to be indicated, the Judicial Council recommends the use of a single alpha character. Reference: California Department of Justice's Arrest and Disposition Instruction Manual.

# 7.030. Defendant's Thumbprint

a) The defendant's thumbprint may be placed on the Notice to Appear in situations in which there is a question in the citing officer's mind as to the true identity of the defendant. The court will then have the option of comparing thumbprints in those

<sup>&</sup>lt;sup>32</sup>Per Pen. Code, § 815(a).

cases where the defendant alleges that another person has committed the cited offense.  $^{\rm 33}$ 

- b) The Judicial Council recommends that the thumbprint on form TR-120 or TR-130 be placed in a one-inch square area located on the reverse of the court's copy in the lower left corner. For citations on forms TR-135 or TR-145, a digitized thumbprint or fingerprint may be printed on the defendant's paper copy of the citation and filed with the court as part of the notice to appear. If the defendant's thumbprint or fingerprint is captured electronically as a digital image, but not included as part of the notice to appear, the digital image may be retained by the arresting agency for use as provided in Penal Code sections 853.5 and 853.6 and Vehicle Code sections 40500 and 40504 and any other purposes permitted by law.
- c) The thumbprint item does not appear on the *Automated Traffic Enforcement System Notice to Appear.*

# Chapter 8 PROHIBITED LANGUAGE/DATA FIELDS

#### 8.010. Defendant's Social Security Number

The defendant's social security number must not be indicated on the Notice to Appear, unless the social security number is also the driver license number and/or the defendant holds a commercial driver license.

To protect an individual's civil rights, federal statutes allow a very restricted compulsory use of a person's social security number for the purpose of establishing identity.<sup>34</sup>

Federal statutes do permit an agency having administrative responsibility for driver license and motor vehicle registration laws to use a person's social security number to establish that person's identity as it relates to the laws within the agency's jurisdiction.<sup>35</sup>

The California Department of Motor Vehicles requires an individual to disclose his or her social security number in order to obtain a driver license or identification card.<sup>36</sup> A number of other states use the individual's social security number as the driver license number.

<sup>&</sup>lt;sup>33</sup>Per Veh. Code, § 40500(a) and Pen. Code, § 853.6.

<sup>&</sup>lt;sup>34</sup>Per Public Law 93-579, § 7.

<sup>&</sup>lt;sup>35</sup>Per 42 USC § 405, (c)(2)(c)(i)–(iv).

<sup>&</sup>lt;sup>36</sup>Per Veh. Code, §§ 1653.5 and 12801.

1.	Atherton Police Department By Sergeant Anthony Kockler Atherton, California	N	<ul> <li>I have reviewed the changes recommended for the TR-130 citation form. I believe the changes to the form are so minor that they are not warranted.</li> <li>1. An e-mail address (line 4) does not need to be placed on the form and will most likely not be filled out by the officer on the street.</li> <li>2. Putting a date on line 21 and changing the word "date" to "dec date" on line 22 is not needed since the citation is already dated.</li> <li>3. As for the website address on the back, most people are capable of finding information on the Internet without having to have a website address printed. Plus, if the website address is changed, then the citations with that information become useless.</li> <li>In my opinion, the costs (both financial and environmental) departments will incur to make changes to the citations, print new citations, and destroy existing citations are not worth it.</li> <li>If the recommended citation changes were of a greater nature I would be fine with this proposal. However, I believe the current proposed recommended changes are so small and negligible that they are not worth the time or cost to departments.</li> <li>My opinion is keep the citation the way it currently is designed.</li> </ul>	<ol> <li>Disagree. The e-mail address is a shaded optional field to modernize processing of citations for the future as technology advances and citations are more automated.</li> <li>Disagree. Code of Civil Procedure section 2015.5 and Vehicle Code section 40513.require that the officer's declaration under penalty of perjury is dated for the notice to appear citation to be verified and serve as a complaint. If the declaration date data field on line 22 is left blank, the date of violation data field on the citation does not serve as the date for the officer's declaration. One specific example where dates would be different is for an accident citation where the declaration date that the citation is issued after an investigation is not the same as the date of the violation. Also, the declaration must be dated whether the declaration is executed by the citing officer or issuing officer.</li> <li>Disagree. For local police and sheriffs the court website address will be relatively constant and court websites may provide a transfer link online if the address changes. Without a web address for the local court's traffic information, defendants will be more likely to be inconvenienced by calling the court for assistance where telephone systems are either automated without access to court staff or budget cuts have reduced or eliminated court</li> </ol>

2.	California Traffic Defense Bar By Linda A. Iannelli, Esq. Newport Beach, California	NI	<ol> <li>The main disagreement is the 6pt type size. The proposed rule indicates 6pt text size but does not clarify if this requirement is for the preprinted text on the citation or for the variable areas for the specific individual's citation, such as the alleged code violation information. During the pilot program, many of the electronic tickets have resulted in the variable data (fill in areas which are defendant specific) the text is smaller than the form font size. Especially when it comes to the alleged violation or the filling in of any of the boxes and the court location in which the defendant is to appear. The form's box size needs to accommodate at least 6pt text with sufficient space around it so that the end result is something that is legible without a magnifying glass.</li> <li>Also, at the time the ticket is submitted to the court by the officer, shouldn't the officer be considered a prosecutor since he is directly filing the Complaint against a defendant.</li> </ol>	<ol> <li>The 6 point font minimum size for text is stated as a minimum font size requirement without any express exceptions and therefore applies to all information on the citation whether preprinted paper citations or generated by an electronic citation device to ensure legibility.</li> <li>Under Vehicle Code section 40513 and Code of Civil Procedure section 1215.5, California law expressly permits the notice to appear citation form that is filed with the court on an approved Judicial Council form to serve as the complaint if the form is verified by a declaration under penalty of perjury that is dated and subscribed by the citing or issuing law enforcement officer. 3.	California Highway Patrol By Captain Kevin Davis Sacramento, California	AM	After review of proposed changes to the TR-130 (TRAFFIC/NONTRAFFIC NOTICE TO APPEAR) the California Highway Patrol requests that the addition of "LOCAL INFORMATION FOR THE CITATION IS AVAILABLE ONLINE AT [website address] be an optional item (shaded for agency use). As a statewide law enforcement agency, we print and utilize the same TR-130 in all 58 counties. As a result, this information could not be preprinted for statewide use. The other proposed changes are not of issue to the Department.	Agree, in part. The requirement to include a court website is necessary to promote use of online options to improve efficiency and expedite processing of cases when possible. Because the California Highway Patrol (CHP) files citations across the entire state, the CHP's citations may list the statewide court website address, which provides links to the website address for the court website in each county: http://www.courts.ca.gov/find-my-court.htm

4. Integrated Law and Justice Agency for Orange County	Ν	See attached correspondence.	
By Mr. Bob McDonell Orange County, California			The comment by the Integrated Law and Justice Agency for Orange County (ILJAOC) expresses concern that the requirement to include the defendant's signature on the defendant's copy of a notice to appear citation issued by an electronic citation device will increase the risk of harm to officers by requiring an additional trip to the defendant's vehicle at a traffic stop. The committee appreciates the concern of the ILJAOC for officer safety. However, the committee believes that the recommendation of the ILJAOC to issue an unsigned copy of the notice to defendants would conflict with the statutory requirement to provide the defendant with a signed copy of the notice and therefore cannot be addressed by the committee in this proposal. The committee has previously considered the requirement to include the defendant's signature on the copy of the notice issued to the defendant in the council's statewide invitation to comment on notice to appear citations, SPR12-27, in 2012. In light of the current law and concerns for officer safety, an unquestionably compelling concern, the ILJAOC may wish to consider bringing this issue to the Legislature for its attention. An alternative to legislation would be to consider use of wireless hand-held mobile printers to avoid having to make an extra trip between vehicles.

			citation forms issued by an electronic citation
			device are governed by Penal Code section 959.1.
			General requirements for notice to appear citations
			that are found in related statutes in the Penal Code
			and Vehicle Code apply to electronic notice to
			appear citations unless the general requirements are
			altered by section 959.1.
			An essential requirement for a notice to appear
			citation for a traffic violation is that the defendant
			signs a promise to appear in court. The defendant's
			signed promise to appear is a critical piece of
			information that is required for the court to have
			jurisdiction to compel the defendant to appear in
			court and adjudicate the charges against the
			defendant. Under Vehicle Code section 40500(a),
			when a law enforcement officer conducts a traffic
			stop, the officer is required to prepare a notice to
			appear in triplicate. Section 40500(b) specifies that
			"[t]he Judicial Council shall prescribe the form of
			the notice to appear." Under section 40500(d),
			"[o]nce the officer has prepared the written notice
			to appear, and has delivered a copy to the arrested
			person, the officer shall deliver the remaining
			original and all copies of the notice to appear as
			provided by Section 40506" to the court and the
			officer's superior officer. Section 40500(d)
			specifically indicates that "the arrested person has
			signed and received a copy of the citation." Section
			40505 provides that "[w]henever any traffic or

			police officer delivers a notice to appear to any person, it shall include all information set forth upon the copy of the notice filed with the magistrate."
			The defendant's signature for the promise to appear is a crucial piece of information on the notice as it provides the court with jurisdiction to adjudicate the case. Additionally, if a defendant refuses to sign the promise to appear, section 40302(b) requires that the officer take the defendant into custody and bring the defendant before a magistrate.
			When an officer issues a notice to appear with an electronic citation device, the general requirements for notice to appear citations apply unless Penal Code section 959.1 alters them. Section 959.1 expressly eliminates the requirement that the citation include a signature for the officer's declaration under penalty of perjury. Section 959.1 contains no provisions that alter the requirement to provide the defendant with a copy of the notice that is signed by the defendant. There is also no provision that allows an officer to alter the copy of the notice that is issued to the defendant by adding the defendant's signature to the copy of the notice that is filed with the court.

5.	Monterey Park Police Dept. By D. J. Casey, Lead Records Clerk Monterey Park, California	AM	<ol> <li>Agencies order citations in bulk to reduce costs. Our current supply will go beyond the April 1, 2015 deadline.</li> </ol>	1. Because of the cost of replacing existing forms and training needed to implement the revised forms, the committee recommends that the Judicial Council approve an extended implementation period where both the existing forms and revised forms are approved for use until November 15, 2015, when the revised or new forms must be used. This will allow agencies flexibility in determining how to phase out use of the current forms and plan to use the new or revised forms.
			2. Regarding whether the "location" of declaration is needed: If defendants are already fighting the validity of the citation as the complaint, the next thing they would argue is that the officer didn't put the City of declaration. Since this is required on many affidavits and legal forms (the City where the person SIGNS the form), it is probably a good idea. (Of course the City would be where the officer signs the ticket; this won't necessarily be the same City as the violation depending on if the defendant is pursued outside of the City limits. INSTRUCTIONS for what "executed at" location means will have to be clearly defined.) Only one "location of violation" is needed (line 18 on the TR-130). I don't think it is needed next to "executed at" field. The City where the	2. The shaded fields for "Violation location" and "Executed at (place)" are optional fields for the officer's declaration requested by the CHP for citations prepared at locations that may be different from where the violation occurred and the locations can be accurately determined. Depending on the circumstances of an individual citation where the exact location is not easily determined, the optional information may or may not be necessary under statute for the declaration to be properly verified. Other issuing agencies may include the optional fields if needed for local circumstances.

6.	Ms. Kristal Nava, Superior Court Manager Superior Court of Orange County Westminster, California	AM	<ol> <li>Revision of section 1.030 to provide for a continuation page for electronic citations where there are many violation or multiple vehicles would avoid unnecessary printing of duplicate instructions that are part of the existing continuation forms, TR-106, and TR-108.</li> <li>Comment from Orange County Superior Court Managers: Suggest mandatory use of the continuation form to prevent law enforcement agencies from elongating the actual notice to appear form.</li> </ol>	<ol> <li>Technology and programming for electronic citations that uses expandable fields avoids the need to repeat information and spend extra time to print a continuation page when issuing a hard copy of the citation to a defendant. 			<ol> <li>Revision of section 4.050(b) to specify that text on citation form TR-135 or TR-145 must have a minimum font size 6.0 would avoid use of citations with print that is too small to be legible. Comment from Orange County Superior Court Managers: Does font size comply with ADA requirements? Font size 6.0 appears to be too small, making it difficult to read.</li> <li>Revision of section 6.180 to add specific data field on forms TR-135 and TR-145 for construction and safety enhancement zone</li> </ol>	2. A larger font size would require increasing the size and length of a paper citation form to a degree that would be problematic for processing by both issuing agencies and the courts. Changing the information to say that an officer may submit a declaration would create the false impression that an officer is allowed to ignore the notice from the court of the deadline for filing a declaration. Allowing officers to ignore the notice to file a declaration would defeat the purpose of trial by written declaration to provide an alternative to appearance in court and force defendants to request trial de novo and appear in court to exercise rights to contest the charges.

December 4, 2014,

Dear Courtney,

I apologize for the several day delay in getting these comments to you after the requested date, regarding the proposed changes to the Rules of Court, forms, Statutes, etc., related to citations both manually issued and electronically. Hopefully, our collective views can still be considered as you deliberate on the other comments received.

In writing this response, you should know that my comments represent the sentiments of 18 of our Orange County Member Agencies which have participated in the recent roll-out of our Electronic Citation Project, with several more planning to join the effort in the near future. Over the months we have been involved in the implementation, you and I have talked on several occasions regarding relevant issues with electronic citations. Just for information, at last count from several weeks ago, we have issued over 25,000 electronic citations that have been consumed into the Court's Case Management System (CMS).

While reviewing the proposed changes, we noted with great concern the proposed change listed under Sections 4.010 and 6.240. The change would involve a new obligation that requires officers to present the defendant violator with a copy of a citation that includes an identical copy of *his/her own signature*, captured on the Court's original citation that is electronically forwarded to their CMS for filing. By modifying those sections as proposed, it requires officers to make 3 separate approaches to the violator's vehicle (instead of 2), thereby impacting his/her efficiency by a third, but more importantly, exposing the officer to another unnecessary approach to a violator's vehicle. In order to get a sense of what these modifications will require and why, let me illustrate the process and the potential need for the three approaches:

- 1. Officers contact the driver to explain the stop and get his/her license and registration
- 2. They then are required to return for a second contact to go over the citation and have the driver sign it.
- 3. And finally, if the proposed changes are approved, they must return to the Patrol Vehicle or Motor for a third time to print the citation with the violator's signature on it, and then make the final approach to deliver it to the violator. (The available printers are too unwieldy for an Officer to carry up to the violator's vehicle.)

During the course of discussions on this topic, I spoke to a colleague from the CHP at the management level, who acknowledged some expressed concerns from their officers as well who are participating in their own Pilot Project underway, requiring the three approaches. However, he was not aware whether "Headquarters" was going to share those concerns as part of this process.

In summary, there is no compelling reason to require the Violator to receive a copy of the citation with his own signature on it. The individual knows what it looks like, the original filed electronically with the Court contains it, and I don't believe the signature alone meets the definition in the proposed language stated in section 4.010 or 6.240. *"The copy of the citation issued to the arrested person must include all of the information on the copy of the citation filed with the court, including any signature for the defendant's promise to appear.* It also (obviously) isn't required for citations issued by Automatic Traffic Enforcement Systems as stated in Section 6.240. The clause "all of the information entered by the officer issuing the citation, as it is currently interpreted with the existing written section(s). There just isn't a persuasive reason to "fix something that is not broken."

By requiring the need for a third approach to a violator's vehicle because of this proposed language change, the Judicial Council would be impacting the acceptance by law enforcement of the electronic citation programs Statewide, and the efficiency, cost savings and accuracy that will result by their implementation. More importantly, it will expose the issuing officers in this State to thousands of needless incidents of approaching a vehicle and its occupants, without the need to do so, except for this unwarranted proposed change. Please listen to those of us who have taken the step to implement a more efficient way of doing business for the Court and for law enforcement, by incurring the initial expense and making the changes required.

We would be happy to provide any in-person testimony amplifying our concerns, should that be necessary.
