Step 2: Create a Username and Password

Enter a username and a password. Passwords must have at least one number, one symbol (not a letter and not a number) and one uppercase letter.

3. Access LHI Connect (requires set up with Judicial Council or LHI staff)

In order to access a HotDocs interview, you will need to use a link located on your self-help center or the Equal Access website. Once you have connected with LHI through a program link, you can sign in to save and manage your answer files.

If a litigant shares an answer file with you, it will appear under “View Shared Answers.” From this page, you can open the answer file within its corresponding interview, and make and save any necessary changes. You can also generate completed documents.
