Court Sends Failure to Comply Notification (DMV907)

Exchange Description

Trial courts use this California judicial branch XML schema-based data exchange to send a Failure to Comply hold or release (FTC) abstract against a case participant to the California Department of Motor Vehicles (DMV).

- The notification message contains the FTC abstract information (e.g., participant's driver's license number and sections violated).
- The response message is sent by the integration partner, California DMV, upon successful receipt of the notification message and contains the FTC abstract response (e.g., participant's driver's license number and message code).

Business Response Exchanges

The business response refers to any subsequent exchanges that may occur as a direct result of this exchange.

- There is no business response to this exchange.

Error Handling

If the integration partner does not successfully receive and process the incoming message, the trial court will receive an error message with an error code and error reason.

PROBABLE INTERESTED INTEGRATION PARTNERS

- California Department of Motor Vehicles

RELATED EXCHANGES

Related data exchanges are preceding or subsequent data exchanges that may be used by an integration partner as part of the overall business process related to this exchange.

- Court Sends Abstract of Conviction Notification (DMV902), which a court uses to report the initial conviction report to DMV, and which precedes the FTC notification exchange.

For more information about this and other data exchanges, contact integrationpartners@jud.ca.gov

Additional Information

- A single exchange message is sent for each DMV failure to comply notification request.
- The response to this exchange message only occurs after receipt and processing by the integration partner. Both the success and error response messages must be sent as separate messages using the formats defined in this exchange.
