## Court Sends Seal Juvenile Record Notification (DSP908)

### Exchange Description

A trial court uses this NIEM-based data exchange to send an order to seal or unseal a juvenile case to an integration partner when this action is ordered by the trial court.

- The notification message contains the order to seal juvenile record information (e.g., participant, order to seal or unseal, juvenile case information, and PDF version of order) sent by the trial courts to the integration partner.
- No response message is sent by the integration partner upon successful receipt of the sealed juvenile record notification message. Successful delivery of the message is assumed unless an error in delivery or receipt and processing by the integration partner occurs.

### Business Response Exchanges

The business response refers to any subsequent exchanges that may occur as a direct result of this exchange.

- There is no business response to this exchange.

### Error Handling

If an integration partner does not successfully receive and process the incoming message, the trial court will receive an error message with an error code and error reason.

### PROBABLE INTERESTED INTEGRATION PARTNERS
