

# CCMS DATA EXCHANGE DATA SHEET

ADMINISTRATIVE OFFICE  
OF THE COURTS

INFORMATION SERVICES DIVISION

## Court Sends Sentencing Report Order Notification (DSP911)

### Exchange Description

Trail courts use this NIEM-based data exchange to send an integration partner an order to complete a sentencing report. For example, adult probation and juvenile probation may use this service to provide the trial court with the following information:

- Criminal history of the defendant
- Report of family details or circumstances of the offense
- Sentence—months and/or restitution
- Recommendation of motion to expunge
- Fitness report
- Community detention report if minor is placed on community detention program (CDP).

The notification message for this data exchange contains sentencing report order information (e.g., participant, requested form/report identifier, and date requested by) sent by the trial court to an integration partner.

No response message is sent by the integration partner upon successful receipt of the sentencing report order notification message. Successful delivery of the message is assumed unless an error in delivery or receipt and processing by the integration partner occurs.

### Business Response Exchanges

The business response refers to any subsequent exchanges that may occur as a direct result of this exchange.

- There is no business response to this exchange.

### PROBABLE INTERESTED INTEGRATION PARTNERS

- California Department of Revenue and Recovery
- Probation—adult and juvenile

### RELATED EXCHANGES

Related data exchanges are any preceding or subsequent data exchanges that may be used by an integration partner as part of the overall business process related to this exchange.

- Court Receives Subsequent Case Filing (INI816), which the integration partner uses to amend or file subsequent case filing data.

For more information about this and other data exchanges, contact [integrationpartners@jud.ca.gov](mailto:integrationpartners@jud.ca.gov)

## **Error Handling**

If an integration partner does not successfully receive and process the incoming message, the trial court will receive an error message with an error code and error reason.

## **Additional Information**

- A single exchange message is sent for each order to complete a sentencing report.
- The only allowable response to this exchange is an error message that may occur after receipt and processing by the integration partner. The error response message must be sent as a separate message using the error format defined in this exchange.
