## Court Sends Adult Commit Abstract Notification (DSP918)

### Exchange Description

A trial court uses this NIEM-based data exchange to send an adult abstract of judgment – prison commitment form to an integration partner when a defendant is sentenced to a state correctional facility by the trial court.

No response message is sent by the integration partner upon successful receipt of the notification message. Successful delivery of the notification message is assumed unless an error in delivery or processing by the integration partner occurs.

### Business Response Exchanges

The business response refers to any subsequent exchanges that may occur as a direct result of this exchange.

- There is no business response to this exchange.

### Error Handling

If the integration partner does not successfully receive and process the incoming message, the trial court will receive an error message with an error code and error reason.
