INFORMATION SERVICES DIVISION

Court Sends Juvenile Commit Abstract Notification (DSP919)

Exchange Description

A trial court uses this NIEM-based data exchange to send a Juvenile Abstract of Judgment-Commitment form to an integration partner.

Integration partners receive a commitment form from the trial court when:

- A juvenile is committed to the Division of Juvenile Justice (DJJ) for acceptance.
- A juvenile is committed to the DJJ for a 90-day period of observation and diagnosis.

The notification message sent by the trial court to the integration partner contains the juvenile commit abstract notification (e.g., offenses, commitment period, parole status, and restitution amount).

No response message is sent by the integration partner upon successful receipt of the juvenile commit abstract notification. Successful delivery of the notification message is assumed unless an error in delivery or processing by the integration partner occurs.

Business Response Exchanges

The business response refers to any subsequent exchanges that may occur as a direct result of this exchange.

- There is no business response to this exchange.

Error Handling

If the integration partner does not successfully receive and process the incoming message, the trial court will receive an error message with an error code and error reason.

PROBABLE INTERESTED INTEGRATION PARTNERS

- Attorney General
- California Department of Corrections and Rehabilitations
- California Department of Revenue and Recovery
- City attorney
- County jails
- District attorney—juvenile
- Probation—juvenile

RELATED EXCHANGES

Related data exchanges are preceding or subsequent data exchanges that may be used by an integration partner as part of the overall business process related to this exchange.

- There are no related exchanges.

For more information about this and other data exchanges, contact integrationpartners@jud.ca.gov

Additional Information

- A single exchange message is sent for each juvenile commit abstract notification.
- The only allowable response to this exchange is an error message that may occur after receipt and processing by the integration partner. The error response message must be sent as a separate message using the error format defined in this exchange.
