Court Receives Payment Notification (FCC806)

Exchange Description

A trial court uses this California judicial branch XML schema-based data exchange to receive a payment notification from an integration partner. This data exchange is used solely to create the case payment records in CCMS and does not affect the actual transfer of funds. The transfer of funds is handled in the same manner currently used by each integration partner (e.g., check, ACH).

An integration partner may use this data exchange to:

- Submit collection case payment information

- Submit victim restitution payments collected from participants

- Submit weekly payment plan information for a case participant

The notification message sent by the integration partner to the trial court contains the payment notification information (e.g., CCMS case number, participant, payment method, and amount).

The response message sent by the trial court to the integration partner contains the payment response indicating whether the payment notification has been accepted or rejected or whether there has been an error. If the notification is accepted, payment information is returned (e.g., payment receipt number).

PROBABLE INTERESTED INTEGRATION PARTNERS

- California Department of Corrections and Rehabilitation
- California Department of Motor Vehicles
- California Department of Revenue and Recovery
- California Franchise Tax Board
- Collection agency vendors

RELATED EXCHANGES

Related data exchanges are any preceding or subsequent data exchanges that may be used by an integration partner as part of the overall business process related to this exchange.

- There are no related exchanges for this data exchange.

For more information about this and other data exchanges, contact integrationpartners@jud.ca.gov

Business Response Exchanges

The business response refers to any subsequent exchanges that may occur as a direct result of this exchange.

- There is no business response to this exchange.

Error Handling

If the trial court does not successfully receive and process the incoming message, the integration partner will receive an error message with an error code and error reason.

Additional Information

- A single message is sent for each payment notification.

- The response message to this exchange is sent immediately upon receipt and processing by CCMS.

- Both the success and error response messages must be sent as separate messages using the formats defined in this exchange.
