Court Sends Violation and Bail Schedule Update Notification (FSC901)

Exchange Description

A trial court uses this NIEM-based data exchange to send violation and bail schedule updates to an integration partner when updates have been processed by the trial court.

- The notification sent by the trial court to an integration partner contains the violation or bail schedule information (e.g., violation code, number of priors, bail schedule).
- No response message is sent by the integration partner upon successful receipt of the notification message. Successful delivery of the notification message is assumed unless an error in delivery or processing by the integration partner occurs.

Business Response Exchanges

The business response refers to any subsequent exchanges that may occur as a direct result of this exchange.

- There is no business response to this exchange.

Error Handling

If the integration partner does not successfully receive and process the incoming message, the trial court will receive an error message with an error code and error reason.

PROBABLE INTERESTED INTEGRATION PARTNERS

- Attorney General
- City attorney
- County jails
- District attorney—adult and juvenile

RELATED EXCHANGES

Related data exchanges are any preceding or subsequent data exchanges that may be used by an integration partner as part of the overall business process related to this exchange.

- There are no related exchanges for this data exchange.

Additional Information

- A single exchange message is sent for each violation and bail schedule update notification.
- The only allowable response to this exchange is an error message. The error response message must be sent as a separate message using the error format defined in this exchange.
