## Court Sends Case Initiation Filing—Family Law (Registration of Judgment or Order) Confirmation Notification (INI931)

### Exchange Description

A trial court uses this California judicial branch XML schema-based data exchange to send an acceptance response to the same integration partner that originated the case initiation request for a family law filing for a registration of an out of state judgment or order.

The confirmation notification message sent by the trial court to the integration partner contains the new family law (registration of an out of state judgment or order) case information (e.g., CCMS case number, participant, and judgment or order specific case information).

No response message is sent by the integration partner upon successful receipt of the notification message. Successful delivery of the notification message is assumed unless an error in delivery or processing by the integration partner occurs.

### Business Response Exchanges

The business response refers to any subsequent exchanges that may occur as a direct result of this exchange, as follows:

- There is no business response to this exchange.

### Error Handling

If the integration partner does not successfully receive and process the incoming notification message, the trial court will receive an error message with an error code and error reason.

### PROBABLE INTERESTED INTEGRATION PARTNERS

- California Department of Child Support Services
- California Department of Social Services
- Electronic filing service provider
- Self-represented litigants

### RELATED EXCHANGES

Related data exchanges are any preceding or subsequent data exchanges that may be used by an integration partner as part of the overall business process related to this exchange.

- Court Receives Case Initiation Filing—Family Law (Registration of Judgment or Order) (INI812), which is used by the integration partner to send a family law registration of judgment or order case initiation filing to the trial court.
- Court Sends Case Participant Demographic Information Notification (PF901), which is used to send updated participant demographic information if participant demographic information is updated by this exchange (INI931).
- Court Sends E-Service Notification (FN903), which is used by the trial court to send case participants court notices and/or forms electronically.

### **Additional Information**

- A single exchange message is sent for each family law registration of an out of state judgment or order case initiation filing confirmation notification.
- The response to this exchange message only occurs after receipt and processing by the integration partner. The only allowable response to this exchange is an error message. The error response message must be sent as a separate message using the error format defined in this exchange.
