Previous Council Action

The Judicial Council has approved the proposed distribution for each of the past 12 years based on the recommendations of the Legal Services Trust Fund Commission.

Rationale for Recommendation

In 2005, the Uniform Civil Fees and Standard Fee Schedule Act was approved by the Legislature and the Governor. That act established a new distribution of $4.80 per filing fee to the Equal Access Fund. The estimated revenue from filing fees for the fund is $5.7 million per year. Those revenues have been collected by the trial courts since January 2007.

The Budget Act requires the Judicial Council to distribute the Equal Access Fund monies to legal services providers through the State Bar Legal Services Trust Fund Commission. The State Bar created the commission to administer the law regulating attorneys’ interest-bearing trust accounts (IOLTAs). (Bus. & Prof. Code, § 6210 et seq.; State Bar Rules Regulating Interest-Bearing Trust Fund Accounts for the Provision of Legal Services to Indigent Persons, rule 4.)

The Budget Act states that “[t]he Judicial Council shall approve awards made by the commission if the council determines that the awards comply with statutory and other relevant guidelines. . . . The Judicial Council may establish additional reporting or quality control requirements. . . .”1

All recipients of partnership grants conduct an annual evaluation of the effectiveness of the

1 The Budget Act language is attached in the commission’s report, at page s 16-18.
programs, which are required to submit their evaluation results to the commission by March 1, 2014.

Under the Budget Act, the Chief Justice, as Chair of the Judicial Council, appoints one-third of the voting members to the commission—five attorney members and two public members, one of whom is a court administrator. The Chief Justice also appoints three nonvoting judges to the commission—two trial court judges and one appellate justice. (The membership roster is attached in the commission’s report at pages 43–45.)

There are two grant programs, IOLTA-Formula grants and partnership grants. The Budget Act provides that 90 percent of the funds be distributed to legal services agencies according to a statutory formula (the IOLTA-Formula grants). The remaining 10 percent of the funds are to be distributed as partnership grants to legal services programs for projects conducted jointly with the courts to provide legal assistance to self-represented litigants. The process for choosing the legal services programs to receive these partnership grants is stated in the commission’s report at pages 11–14.

Distributing the funds to the commission will allow it to carry out the terms of the Budget Act and put the partnership grant funds into the hands of legal services providers that will enter into joint projects with the courts to provide legal assistance to self-represented litigants. The fiscal year for these grants commences January 1, 2013.

The commission’s report on the allocation of the Equal Access Fund shows that the commission has followed the statutory requirements and the additional criteria proposed in a report to the Judicial Council at its August 1999 meeting.

**Comments, Alternatives Considered, and Policy Implications**

The recommendations have been approved by the Legal Services Trust Fund Commission as required by law. The statutory scheme does not contemplate public comment.

There are no viable alternatives to distributing the funds according to the recommendations of the Legal Services Trust Fund Commission. The Budget Act requires the council to approve the distribution if it finds that the statutory and other relevant guidelines are met.

**Implementation Requirements, Costs, and Operational Impacts**

Partnership grants will require the courts that have elected to participate in joint projects with local legal services providers to cooperate in the manner proposed in their grant applications.

AOC staff will work with the staff of the Legal Services Trust Fund Commission to oversee administration of the Equal Access Fund, including fulfillment of requirements for reports on the commission’s administration of the fund. Staff will also provide support to the commission (including the one-third of its members appointed by the Chief Justice) to facilitate administration of the Equal Access Fund.
The recommendation contained in this report will have no direct fiscal effect on the courts; nevertheless, the courts will indirectly benefit from assistance provided to self-represented litigants. AOC staff support will be covered by the provision for administrative costs in the Budget Act appropriation.

**Relevant Strategic Plan Goals and Operational Plan Objectives**

This recommendation helps implement Goal 1 of the Judicial Council’s strategic plan, Access, Fairness, and Diversity, by increasing representation for low-income persons.

SUBJECT: Equal Access Fund: Distribution of Thirteenth Year Equal Access Fund Partnership Grants

EXECUTIVE SUMMARY

Since 1999, the Judicial Council (the “Council”) budget has included the Equal Access Fund for grants to provide free legal assistance to indigent Californians. These grants are made through the Legal Services Trust Fund Commission of the State Bar of California (the “Commission”).

Each year the Equal Access Fund is authorized by the State Budget Act. The Budget Act of 2012 includes a basic budgetary allocation from the General Fund of $10,392,000 and additional funding from the Trial Court Trust Fund in the amount of $5,482,000 less $274,100 (5% administration of funds). These funds are to be distributed in two parts: 90% of the funds are distributed according to the statutory Interest on Lawyers’ Trust Accounts (“IOLTA”) formula; the remaining 10% of the funds are distributed as discretionary grants to partnership projects between legal aid and court programs. The Budget Act also provides for funds for the cost of administration.

You first took action to implement this Fund in 1999, adopting procedures for the Chief Justice to appoint a third of the members of the Commission and approving protocols and policies established by the Commission. Each year since 1999, you have approved the award of grants.

At your August 2012 meeting, you approved distribution of the 90% of funds allocated to IOLTA-Formula grants in the total amount of $14,665,927. These funds were allocated according to a formula set forth in the IOLTA statute (Business & Professions Code sections 6210 et seq.) and pursuant to procedures already in place for determining eligibility and administering grants.

Since that time it has been determined that filing fee income, which represents a portion of the Equal Access Fund, may fall as much as $500,000 below initially projected levels. For that reason, prudence dictates that the amount to be distributed in Partnership Grants should be limited to $1,624,000, representing $55,547 less than the originally-calculated value of this grant fund.
It is timely and appropriate for the Council to now approve the distribution of the 10% of Equal Access Funds set aside for discretionary 2012-13 Partnership Grants in the total amount of $1,624,000 pursuant to the Budget Act of 2012. These competitive grants fund partnerships between legal aid organizations and the courts, for projects to help unrepresented litigants at or near the courthouse.

INTRODUCTION – THE BUDGET ACT

The Equal Access Fund, initially created by the Budget Act of 1999, has been continued in each subsequent Budget Act, including the 2012 Budget Act. The Budget Act allocates Equal Access Funds to the Council for distribution of grants to legal services providers through the Commission. The budget also provides for funds for the cost of administration. A copy of the Budget Act of 2012 is Attachment A.

Since 2005, the basic Equal Access Fund budget allocation has been supplemented with the Uniform Civil Fees and Standard Fee Schedule Act, approved by the Legislature and the Governor. That Act established a new distribution to the Equal Access Fund of $4.80 per filing fee. Through these fees, the Equal Access Fund has been supplemented by amounts ranging from about $2.5 to $6.4 million annually.

Total projected grant year income available for distribution in 2012-2013, as reported in August, is as follows: 1) the basic budgetary allocation of $10,392,000 pursuant to the Budget Act of 2012; 2) additional funding from the Uniform Civil Fees Act in the amount of $5,482,000, less $274,100 (5% for administration of funds) pursuant to the Budget Act of 2012; 3) additional filing fee revenue of $693,960 per amendment of the 2011-12 contract; and 4) $1,614 of interest, for an aggregate estimated 2012-2013 Equal Access Fund total of $16,295,474.

Current filing fee receipts indicate the strong possibility that this income for 2012-13 will be $500,000 less than originally estimated. Therefore the sum available for allocation through Partnership Grants should be reduced by no less than 10% of this anticipated shortfall.

The Budget Act establishes two kinds of grants for distribution, IOLTA-Formula Grants and Partnership Grants:

IOLTA-Formula Grants: At its August meeting, pursuant to the Budget Act of 2012, the Council approved distribution of $14,665,927 (90% of grants funds) to fund IOLTA-Formula Grants. These grants are allocated to eligible legal services providers according to a formula set forth in California’s Interest on Lawyers’ Trust Accounts (“IOLTA”) statute. Additionally, an amount equal to 5% of the grants is set aside for administrative costs, shared by the State Bar of California and the Administrative Office of the Courts, in a total amount of $793,700.

Partnership Grants: The Commission now requests that the Council approve distribution of the grant funds that have been set aside for Partnership Grants to IOLTA-eligible legal services providers for “joint projects of courts and legal services programs to make legal assistance available to pro per litigants.” With the addition of $50,000 of undistributed Partnership Grant Funds from 2011-2012, and the deduction of $55,547 of anticipated filing fee shortfalls, total funds available for 2012-2013 partnership grants equal $1,624,000.

The 2012-13 year will mark the thirteenth round of Partnership Grants. This report describes the process and criteria that the Commission uses to select the successful applicants, and
provides information about the successful proposals, which are listed and described in Attachment B.

**Partnership Grants.** In 2012, thirty-three projects throughout California have received $1.62 million in total 2011-12 “Partnership Grants,” in grant amounts ranging from $25,000 to $80,000. Only recipients of IOLTA and IOLTA-Formula Grants are eligible to apply for these grants, which are awarded to maximize the impact of this funding across areas of legal need, population types, and geographical regions. In the 2012-13 grant cycle, $1,624,000 will be available for Partnership Grants. Funding is provided on a calendar year basis.

As set forth in detail below, the Partnership Grants process begins with evaluation of proposals by Legal Services Trust Fund Program staff and a committee of the Commission. This evaluation encompasses several criteria, including but not limited to ensuring the impartiality of the services and assurances of program effectiveness and fiscal stability. Partnership Grants are considered “seed money” to encourage new projects; consequently, grants for ongoing projects have in the past been reduced significantly after three years of Partnership funding, and have generally been terminated after five years unless extraordinary conditions dictated to the contrary, as defined by written commission protocols.

**Request for Proposals**

In August, the commission issued a Request for Proposals (RFP) for Partnership Grants to all programs currently receiving funding from the Legal Services Trust Fund Program. Notice of the RFP also was distributed to local court personnel. The RFP in Attachment C sets forth selection criteria.

**Selection Criteria**

The Budget Act contains four essential elements for Partnership Grants:

- Recipients must be organizations that are eligible for a Legal Services Trust Fund Program grant.
- The funds must be used for joint projects of legal services programs and courts.
- The services must be for “indigent persons” as defined in the Trust Fund Program statute.
- The services must be for self-represented litigants.

In 1999, the Commission convened court staff, legal services program directors, and AOC staff to work with Trust Fund Program staff to develop grant-making processes and set criteria for partnership grants. This group concluded, and the Commission concurred, that it was important to give courts and legal services programs considerable latitude to develop effective models to address the needs within their particular communities. Each round of grants funds a range of projects, including projects in both urban and rural areas and in larger and smaller counties, and those that address different areas of law. Grantees include both new and continuing projects.

In 2008, the Partnership Committee of the Trust Fund Commission reviewed established grant policies and priorities, and after careful consideration, affirmed most of the policies. One minor
change was to soften their practice of terminating funding after five years where exceptional and compelling circumstances so dictate, particularly in rural areas or where disasters have struck. Since that time, deteriorating economic conditions have reinforced the wisdom of this determination. This policy has therefore been continued to the present grant cycle.

Consequently, while this year’s grantees include some new projects and first-time programs, there are also three projects that are being funded to continue services beyond their fifth year of service. These projects serve seriously under-resourced regions of California. Two of these are substantially rural areas, and one is in a county with substantial agricultural activity and is located in a particularly depressed urban center. The Commission has instructed staff to advise these projects that this continuation of funding is exceptional and should not be anticipated in future years.

As in past years, we sought and received proposals that span a wide range of substantive, procedural, technical and programmatic solutions. All are required to provide the following:

- A letter of support from the applicable court’s presiding judge.
- Written agreements between the legal services programs and the courts. As part of the grant process, we require recipients to develop a Memorandum of Understanding with the cooperating court indicating how the joint project, the court, and any existing self-help center, including the family law facilitator (as appropriate), will work together.
- A plan for an appropriate level of direct supervision of paralegals and other support staff by a qualified attorney.
- A plan to anticipate and meet the needs of litigants who are not within the legal services provider’s service area or are ineligible for their services. While this can be a challenge for organizations with limited funding, a number of applicants have developed collaborations with other legal services providers that facilitate a broad availability of services.
- A plan to address the needs of unrepresented litigants who do not meet the financial eligibility requirements (e.g., by providing general information in the form of local information sheets, videos, workshops, etc.).
- A clearly stated policy regarding administration of financial eligibility standards, and established protocols to observe that policy.
- Protocols to minimize conflicts of interest, or to address them as needed, including: resources available to individuals who cannot be served for any reason; the relationship between the provider and the pro per litigant; and other similar issues.
- A plan for project continuity, including efforts to identify and secure additional funding within three years and to be free of Partnership support after five years.
- A multi-phase evaluation plan including such components as surveys, interviews, focus groups, courtroom observations, and file reviews, with a commitment to report on both qualitative and quantitative project results within three months of the end of the grant year.
Because all recipients of the Partnership Grants are organizations that already receive IOLTA Grants and IOLTA-Formula Equal Access Fund Grants through the Legal Services Trust Fund Program, they are already subject to requirements for oversight and reporting that are in place. The commission has also developed additional reporting requirements and evaluation procedures to apply specifically to the work to be done under these additional grants. Grantees are provided with special training and assistance in developing and executing evaluation plans.

**Review and Selection Process**

The Chief Justice continues to appoint one-third of the members of the Legal Services Trust Fund Commission, plus three non-voting judges who serve as advisors. All of them participate actively in the commission’s work, with each serving or having served on one of its three standing committees, which include the Eligibility and Budgets and Partnership Grants committees.

The Partnership Grants Committee is responsible for evaluating the partnership grant proposals and recommending proposals to the full commission. (The judges participate fully – and vote – during committee considerations; they participate fully but do not vote in full commission deliberations.) A list of the members of the Legal Services Trust Fund Commission and the members of its Partnership Grants committee is provided in Attachment D.

Committee members were each assigned primary responsibility to review three or four applications, and were then divided into evaluation “teams” with a Trust Fund Program staff member providing support and background and conducting any necessary follow-up.

Committee members were given an evaluation form (Attachment E) which provided a structure for assessing how well each proposal met a set of thirteen discretionary criteria that together give a broad but accurate picture of program strategy and organization.

After completing these individual reviews, committee members met in evaluation teams to discuss specific concerns and issues with respect to specific projects. The full committee then met on October 19, 2012 to identify promising proposals and develop preliminary tentative allocations based on individual and subcommittee evaluations. This meeting also identified numerous issues for further investigation by Trust Fund Staff.

Committee members participated in a conference call on November 9 to assess the results of these investigations and reassess the preliminary allocation recommendations. This meeting led to additional questions which staff brought back to applicant programs for their further responses. The full committee met on the morning of November 19 to finalize its slate of grant recommendations, which was presented to the full commission for its approval that afternoon.

The commission is satisfied that all grant proposals represent well-conceived projects that warrant support with partnership grant funding.

**Overview of Applications and Proposed Grants**

For the $1,624,000 available in grants, the commission received 37 applications totaling $2,156,419. The grant applications represent broad geographic diversity as well as diversity in substantive areas of law and the nature of services to be provided. We received proposals for refunding from 29 of the 32 currently-funded projects, from seven projects that are seeking first-
time funding, and one project that was previously funded from 2004 through 2008 and now proposes funding for substantial restructuring of project operations. Of the four projects that did not seek refunding, three had already received five years of partnership grant funding.

All of the recommended grants involve collaboration between at least one legal services program and one court. Some are creative partnerships among multiple legal services programs, courts, and local community groups. Several propose to utilize technology to make services more accessible, and all would be located at, or in close proximity to, the courthouse.

The recommended grants reflect a mix of geographic areas and program types. All include a high quality of work to be performed, high demand for services, and innovative approaches to maximizing the impact of the grant. The Commission is requesting your approval for the following grant awards:

**NEXT STEPS: TRUST FUND COMMISSION AND JUDICIAL COUNCIL**

*Legal Services Trust Fund Commission.* At its meeting on November 19, 2012, the Commission reviewed partnership grant proposals and selected projects for funding for the 2012-13 grant year.

The Commission and the Legal Services Trust Fund Program staff will be responsible for administration of these Equal Access Funds in tandem with IOLTA revenues and contributions to the Justice Gap Fund. The Commission will continue its oversight of the EAF grant program, including review of expenditure reports and program-owned evaluation. With respect to partnership grants, each program funded for a new Partnership project must submit a Status Report after the sixth month of the grant year, indicating progress toward implementation of the project and any remaining obstacles to be resolved before the project is fully operational. All programs must submit an end-of-year Evaluation Report three months after the close of the grant year, including quantitative measurements of services provided, an accounting for its expenditure of grant funds, and a narrative report describing the results of the inquiries it had described in its evaluation plan. These materials are used by committee members and Trust Fund Staff when assessing proposals for refunding of ongoing projects.

*Judicial Council.* The Budget Act provides that “the Judicial Council shall approve awards made by the Commission if the council determines that the awards comply with statutory and other
relevant guidelines.” It is requested that the Council approve the distribution of $1,624,000 in Partnership Grants for 2012-13 to the projects, and in the amounts, identified in Attachment B.

SUMMARY OF COUNCIL ACTION REQUESTED

In conclusion, it is timely and appropriate for the Council to approve, at its December 2012 meeting, the distribution of $1,624,000 in Partnership Grants pursuant to the Budget Act of 2012. Council approval in December is necessary to enable appropriate grant administration to fund projects for the period beginning January 1, 2013.

<p>| 29. | NEIGHBORHOOD LEGAL SERVICES OF LOS ANGELES COUNTY | San Fernando Civil Harassment Project | Los Angeles | Third year | The Civil Harassment Project provides assistance, as appropriate, to both sides in civil harassment cases. SHLAC volunteers will use the Civil Harassment HotDocs Program that has been designed specifically for this project to interview the litigant and prepare the Judicial Council forms, including a detailed declaration. The Civil Harassment attorney will create a bilingual Spanish version of the CH Program, as well as a HotDocs version for Respondents. Hearing preparation workshops will be developed in the 2nd quarter of 2013.                                                                 | $45,000             |
| 30. | PRO BONO PROJECT SILICON VALLEY | Family Court Settlement Project | Santa Clara | Third year | This project provides mediation and negotiated collaborative settlement services to parties who have filed or responded to Orders to Show Cause in custody or visitation matters. Judicial officers select cases on the self-represented Law and Motion calendars to receive this service. If the parties agree, one attorney meets with the moving party and another with the responding party to review issues. The parties all come together in a four-way discussion to narrow the issues. If an agreement is reached, the attorneys prepare stipulated orders to be entered by the Court. Complex matters and paternity cases have begun to be mediated although this reduced the numbers of cases completed at each session. | $45,000             |</p>
