QUESTION 1: What section would be the most appropriate to include the relationship that has existed between the courts and the visitation program?

RESPONSE 1: The RFP application narrative offers several opportunities to provide information regarding the relationship between the courts and the visitation programs as the Access to Visitation Grant Program is the courts-based program using community-based subcontractor visitation programs to provide the services on behalf of the court. In addition, question 8 does ask about partner agencies.

QUESTION 2: Are questions 5 and 6 seem the same—they seem similar? Is question 6 about the center’s security systems?

RESPONSE 2: Questions five (5) and questions six (6) are two separate questions under the RFP grant application proposal. Question six (6) specifically requests information regarding the grant service program security measures and protocols for service delivery.

QUESTION 3: There is something about the format that is not allowing me to insert footers and page numbers? What can I do to modify it?

RESPONSE 3: The RFP grant proposal narrative – the abridged version of section 7.0 is a protected word template document. Based on the concern raised, we updated the abridged version on Wednesday, July 19, 2017, and posted an “unprotected version (version 2)” of the abridged version of the section 7.0 narrative on the Access to Visitation Grant Program website at http://www.courts.ca.gov/cfcc-accesstovisitation.htm (click on RFP Information; see updated version 2). Superior courts that submitted a Letter of Intent and courts and interested applicants that participated in the applicant webinars were sent an email informing them regarding the above.

QUESTION 4: The Access to Visitation Excel Budget Document is protected and will not allow me to fill in the Budget Justification for the Contractual & Consultant Services as well as the
indirect costs. Also, the formula on page 1 B-22 (Contractual & Consultant Services only adds the Subcontractor #1 tab and Subcontract #2 tab but does not include Subcontractor #3 and our amount is incorrect.

RESPONSE 4: The RFP Appendix E Court-Subcontractor Budget Form (excel doc) is a protected template document. Based on the concern raised, we updated the court/subcontractor budget form (Appendix E) version on Friday, July 21, 2017 and posted an “unprotected version (version 2)” of the Appendix E—Court/Subcontractor Budget Form on the Access to Visitation Grant Program website at http://www.courts.ca.gov/cfcc-accesstovisitation.htm (click on RFP information).
