Dear Mr. Hoshino:

Enclosed is the California Department of Child Support Services, Office of Audits and Compliance, final report on the costs claimed under the Judicial Council of California contract by the Superior Court of California, County of Monterey (Court). Our review was limited to examining Assembly Bill (AB) 1058 child support related costs claimed in state fiscal year 2015-16 for the Child Support Commissioner and Family Law Facilitator programs. This engagement was performed to satisfy federal and state mandated subrecipient monitoring of the AB 1058 child support grant funds.

INTRODUCTION

California Department of Child Support Services (DCSS), Office of Audits and Compliance (OAC), conducts fiscal and compliance audits of subrecipients who receive IV-D program funds in the administration of the child support program. These audits are required as part of DCSS subrecipient monitoring responsibilities. DCSS contracts with the Judicial Council of California (JCC) for statewide Title IV-D services with the Child Support Commissioner (CSC) program and Family Law Facilitator (FLF) offices. The Court receives federal and state funds through a contract with JCC who oversees these programs and the expenditures claimed under this contract.

This report presents the results of the OAC’s review of the Superior Court of California, County of Monterey (Court) CSC and FLF program for the state fiscal year (SFY) of July 1, 2015, through June 30, 2016.

BACKGROUND

The Child Support Enforcement (CSE) program is a federal/state/local partnership to collect child support from noncustodial parents. The goals of this program are to ensure that the children have the financial support of both their parents, to foster responsible behavior towards children, and to reduce welfare costs. The CSE Program was established in 1975 as Title IV-D of the Social Security Act.

Established by state legislation in 1999, the California Department of Child Support Services is designated as the single state entity responsible for ensuring that all functions necessary to establish, collect, and distribute child support are effectively and efficiently implemented. Title 45, Section 302.34 gives DCSS authority to enter into a cooperative agreement with the courts under the state plan. The JCC, chaired by the Chief Justice of California, is the chief policy-making agency of the California judicial system. The JCC oversees the ongoing operations of the statewide Title IV-D CSC and FLF programs in the courts under grant funding AB 1058. In SFY 2015-16, DCSS contracted the JCC for a total of $55,171,367. For the period July 1, 2015, through June 30, 2016, the JCC reimbursed the Court $605,973 in state and federal funds as follows: $446,515 for the CSC and $159,458 for the FLF program.
OBJECTIVES, SCOPE, AND METHODOLOGY

The review was conducted for the period July 1, 2015, through June 30, 2016. The area of review was limited to claimed expenditures under the contract agreement #10-0586-16 between DCSS and the JCC for this period. The objective of the review was further limited to determining if expenditures claimed by the Court under JCC contract agreement #10-30668 for the CSC program and #10-30726 for the FLF program complied with applicable laws, rules, and regulations, including OMB Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards set forth in Title 2 CFR Subtitle A Chapter II, Part 200 (Uniform Requirements), Trial Court Financial Policies and Procedures Manual (FIN Manual) and Title IV-D (AB 1058) Child Support Commissioner and Family Law Facilitator Program Accounting and Reporting Instructions.

The audit was conducted in accordance with Generally Accepted Government Auditing Standards. Those standards require that we plan and perform the audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions based on our audit objectives. This audit includes examining, on a test basis, evidence supporting the amounts included on contract invoices. An audit also includes assessing the accounting principles used and significant estimates made by management.

Due to the limited scope, our audit does not constitute a financial statement audit conducted in accordance with Government Auditing Standards; therefore, we do not express an opinion on the financial statements, or on any individual account balances. Had we performed additional procedures, or conducted a complete audit of the financial statements, other matters might have come to our attention that may have been reported.

AUDIT AUTHORITY

Uniform Requirements 2 CFR 200.328 Monitoring and reporting program performance makes DCSS responsible for oversight of the operations of the Federal award supported activities. Section 200.331 requires DCSS, as the pass through entity, to monitor the activities of the subrecipient to ensure the subaward is used for authorized purposes, in compliance with the federal statutes and regulations and the terms and conditions of the federal award and subaward, and that the subaward performance goals are achieved. This section also provides the authority for DCSS, as the pass-through entity, to perform on-site reviews of the subrecipient’s program operations. Section 200.336 Access to records provides DCSS the right to access any pertinent documents. Title 45 CFR 302.12 gives DCSS the responsibility for securing compliance with the requirements of the State plan when delegating any of the functions of the IV-D program to any cooperative agreement.
CONCLUSION

Based on the results of this review, we determined the Court’s claimed expenditures are allowable, reasonable, and complied with applicable laws, rules, and regulations for the period July 1, 2015 through June 30, 2016.

RESTRICTED USE

This audit report is intended solely for the information and use of DCSS and the JCC and should not be used for any other purpose. This restriction is not intended to limit distribution of this report, which is a matter of public record when the final is issued.
