

## JUDICIAL COUNCIL OF CALIFORNIA

JUDICIAL BRANCH WORKERS'  
COMPENSATION PROGRAM  
ADVISORY COMMITTEE

---

# JBWCP BUDDY PROGRAM

---

The Buddy Program's original purpose was to pair court members, that may not have had a full human resources (HR) office, with other experienced court members to assist with workers' compensation (WC)-related issues, accommodation/return-to-work, ergonomic issues/questions, and/or share information such as policies, procedures, and preventive measures.

This program's objective is to strengthen the relationships between members, share ideas on resolving WC/HR concerns, and make informed WC decisions to assist with reducing WC costs.

To encourage participation and increase access to members, courts will no longer be assigned to a specific "buddy." We are sharing the following list of court contacts who are now available to assist others with workers' compensation-related inquiries.
