 - 1.2. **National Labor Relations Board.** No more than one, final unappealable finding of contempt of court by a federal court has been issued against Contractor within the immediately preceding two-year period because of Contractor's failure to comply with an order of a federal court requiring Contractor to comply with an order of the National Labor Relations Board. Contractor swears under penalty of perjury that this representation is true. (*)

 - 3.2. Agreements over \$50,000.** No JBE funds received under this Agreement will be used to assist, promote or deter union organizing during the term of this Agreement (including any extension or renewal term).

- 3.8. Agreements that are Federally Funded.** It is mutually understood between the parties that this Agreement may have been written for the mutual benefit of both parties before ascertaining the availability of congressional appropriation of funds, to avoid program and fiscal delays that would occur if this Agreement were executed after that determination was made. This Agreement is valid and enforceable only if sufficient funds are made available to the JBE by the United State Government for the fiscal year in which they are due and consistent with any stated programmatic purpose, and this Agreement is subject to any additional restrictions, limitations, or conditions enacted by the Congress or to any statute enacted by the Congress that may affect the provisions, terms, or funding of this Agreement in any manner. The parties mutually agree that if the Congress does not appropriate sufficient funds for any program under which this Agreement is intended to be paid, this Agreement shall be deemed amended without any further action of the parties to reflect any reduction in funds. The parties may invalidate this Agreement under the termination for convenience or cancellation clause (providing for no more than 30 days' notice of termination or cancellation), or amend this Agreement to reflect any reduction in funds. Exemptions from the above requirements may be granted if the JBE can certify in writing that federal funds are available for the term of this Agreement.

Sec. 15) or under the Cartwright Act (Chapter 2, commencing with Section 16700) of Part 2 of Division 7 of the Business and Professions Code), arising from purchases of goods, materials, or services by Contractor for sale to the JBE. Such assignment shall be made and become effective at the time the JBE tenders final payment to the Contractor. Contractor may be required to submit to a legal cost and utilization review as determined by the JBE. If (a) the value of this Agreement is greater than \$50,000, (b) the legal services are not the legal representation of low- or middle-income persons, in either civil, criminal, or administrative matters, and (c) the legal services are to be performed within California, then Contractor agrees to make a good faith effort to provide a minimum number of hours of pro bono legal services during each year of the Agreement equal to the lesser of either (A) 30 multiplied by the number of full time attorneys in the firm's offices in California, with the number of hours prorated on an actual day basis for any period of less than a full year or (B) the number of hours equal to 10 percent of the contract amount divided by the average billing rate of the firm. Failure to make a good faith effort may be cause for non-renewal of this Agreement or another judicial branch or other state contract for legal services, and may be taken into account when determining the award of future contracts with a judicial branch entity for legal services.

3.12. Agreements Allowing for Reimbursement of Contractor's Costs. Contractor must include with any request for reimbursement from the JBE a certification that the Contractor is not seeking reimbursement for costs incurred to assist, promote, or deter union organizing. sought for these costs, and Contractor will provide those records to the Attorney General upon request.

Expected or actual funding may be withdrawn, reduced, or limited prior to the expiration or other termination of this Agreement. Funding beyond the initial appropriation year is conditioned upon appropriation of sufficient funds to support the activities described in this Agreement. Upon notice, the JBE may terminate this Agreement in whole or in part, without prejudice to any right or remedy of the JBE, for lack of appropriation of funds. Upon termination, the JBE will pay Contractor for the fair value of work satisfactorily performed prior to the termination, not to exceed the total Agreement amount.
