Q #	Questions	RFP Reference (Document & Page-Section-Item)	Answers
1	How will projects be determined if they go JOC, IDIQ or through the facility service providers?		On a given project, the decision to go with a JOC or IDIQ contract is based entirely on project scope and complexity at the JCC's discretion.  Only minor projects such as painting will go through the facility service providers.
2	Is there a current list of projects the JCC has ready for this ID/IQ?		There may or may not be any current Mechanical Construction projects ready to start. It will be important to have the Mechanical capacity in place to address these projects in the near future.
