Executive Summary

The Legislation Committee recommends adopting the updated *Legislative Policy Summary* reflecting actions through the 2021–22 legislative session. Adoption of this updated summary of positions taken on court-related legislation will assist the council in making decisions about future legislation, consistent with the judicial branch’s strategic plan goals.

Recommendation

The Legislation Committee recommends that the Judicial Council adopt the 2021 *Legislative Policy Summary*, which has been updated to reflect actions through the 2021–22 legislative session.

The text of the proposed summary is included as Attachment A.

Relevant Previous Council Action

The Judicial Council most recently adopted the *Legislative Policy Summary* (reflecting actions through the 2020 legislative year) in November 2020.

Analysis/Rationale

On behalf of the Judicial Council, the Legislation Committee takes positions on more than 50 bills each legislative session and monitors more than 1,000 bills. Governmental Affairs (GA) updates the council's *Legislative Policy Summary* annually, presenting the council's historical policies on key legislative issues.

GA monitors legislative activity and represents the council before the Legislature and the Governor's Office and provides information and recommendations to advisory committees and the Legislation Committee on pending legislation to assist the council in formulating its positions. The *Legislative Policy Summary* helps ensure that council members, advisory committee members, and staff have a common understanding of council policy on issues presented in proposed legislation. The updated document reflects the council's most recent positions on legislative issues and identifies how those positions are derived from the Judicial Council's strategic plan. The *Legislative Policy Summary* also defines the Judicial Council's limited purview when considering pending legislation. The document is not a history of every bill on which the council has taken a position, but rather is a sampling of bills that reflect council positions on various types of legislative proposals.

JUDICIAL COUNCIL OF CALIFORNIA
GOVERNMENTAL AFFAIRS
HISTORICAL SUMMARY OF LEGISLATIVE ACTION

November 2021

Governmental Affairs monitors legislative activity and represents the Judicial Council before the Legislature, the Governor's Office, and executive branch agencies and departments. The following summarizes council action regarding court-related legislative proposals. The summary is organized by policy area and includes how the actions further the objectives of the seven goals of [*Justice in Focus: The Strategic Plan for California's Judicial Branch, 2006–2016*](#). The table that follows each policy area shows actions that are taken on legislation and that illustrate the policy. The table does not include every bill on which a council position was taken.

This document is updated annually. The electronic version of this document contains hyperlinks for viewing the text of the bills.

GENERAL PRINCIPLES

The Judicial Council supports the integrity and independence of the judicial branch and seeks to ensure that judicial procedures enhance efficiency and access to the courts. The council generally takes no position on bills involving substantive law. However, it may take a position on an apparent issue of substantive law if issues of procedure and substance are so inextricably intertwined that they directly affect court administration or judicial discretion or negatively affect existing judicial services by imposing unrealistic burdens on the system.

LEGISLATIVE ACTIVITY

I. COURT OPERATIONS

A. COURT STRUCTURE

The council supports a structure of general jurisdiction to improve court efficiency and flexibility in the use of judicial resources. For specialty calendars (e.g., drug courts, dependency drug courts, domestic violence courts) established in the trial courts, the council supports evaluation and development of best practices.

BILL	AUTHOR	YEAR	POSITION	BILL SUMMARY	GOAL	NOTES
SB 55	Jackson	2020	Oppose, unless amended	Revises CEQA procedures by granting small courts authority to transfer CEQA cases to nearby larger courts. Requires courts and Judicial Council to report on judicial officers with CEQA experience, and to report on strategies for reducing the duration of CEQA litigation.	II, III, IV, VI	
AB 515	Dickinson	2013	Oppose, but direct staff to continue discussions with the author to explore possible alternatives that are more workable for the courts.	Mandates the creation of new California Environmental Quality Act (CEQA) compliance court divisions of the superior court in specified counties and vests these divisions with original jurisdiction over actions or proceedings brought under CEQA and joined matters related to land use and environmental laws. Requires a CEQA compliance division judge to issue a preliminary decision in each of these cases before the opportunity for oral argument is granted. Requires the Judicial Council to adopt rules for establishing, among other things, protocols to govern the administration and efficient operation of the divisions, so that those judges assigned to the divisions will be able to hear and quickly resolve those actions or proceedings. BILL	AUTHOR	YEAR	POSITION	BILL SUMMARY	GOAL	NOTES
SB 123	Corbett	2013	Oppose; courts need the flexibility to manage their own calendars. Bill is not necessary due to existing CEQA calendar preference and special judge training requirements.	Requires the Judicial Council to direct the creation of an environmental and land use division “within two or more superior courts within each of the appellate districts of the state” (i.e., a minimum of 12 new divisions) to process all civil proceedings brought under the California Environmental Quality Act or in specified subject areas, including air quality, biological resources, climate change, hazards and hazardous materials, land use planning, and water quality. Specifies that such an action may be filed at a superior court within the county in which the underlying claim arises, but requires the proceeding to be transferred to the nearest superior court within the same appellate district that has established an environmental and land use division under the bill’s provisions. Creates new funding scheme utilizing specified fees for environmental license plates to supplement funding for the operation of the new environmental and land use divisions.	II	
SB 848	Emmerson	2011	Oppose	Reorganizes the Court of Appeal into seven districts by removing the counties of Riverside, San Bernardino, and Inyo (currently Division Two) from the Fourth Appellate District and creating a new Seventh Appellate District consisting of those counties.	III	
AB 1925	Salas	2010	No position	Authorizes superior courts to develop and implement veterans courts for eligible veterans of the United States military.	N/A	Outside Judicial Council purview.
SB 851	Steinberg	2007	Oppose unless amended. Neutral if amended.	Authorizes superior courts to establish and implement mental health courts, which may operate a pre-guilty plea program or a deferred entry of judgment program. Authorizes the California Department of Corrections and Rehabilitation to contract with a superior court and county to use mental health courts as a program for parolees with serious mental illnesses who either violate the terms of parole or receive new terms, as an alternative to custody. As proposed to be amended, a parolee’s participation in the mental health court program would be voluntary, and the parolee would be required to sign a waiver indicating agreement that participation in the program is in lieu of parole revocation proceedings. Parolees would remain under legal custody of the Department of Corrections and Rehabilitation.	II	Inappropriately creates shared jurisdiction over parolees.

ACA 38	DeVore	2006	Oppose	Provides that the Supreme Court has original jurisdiction, and no other state court has jurisdiction, in any civil action challenging the facial validity of any statewide initiative measure or referendum placed on the ballot by signature petition of the voters and approved by the voters at a statewide election. Requires the Supreme Court to issue its decision within 90 days of the filing of the action, and establishes a 90-day statute of limitations for civil actions challenging the facial validity of this type of initiative measure or referendum. The districts must also comply with the federal Voting Rights Act.	I, III, IV	
AB 2472/ SB 1424	Wolk/ Burton	2004 2004	Oppose unless amended; neutral if amended.	Creates the California Tax Court, which would replace the State Board Equalization (BOE) as the forum that would hear and determine certain tax appeals. Provides that a taxpayer's option to file an appeal with the California Tax Court would be in lieu of filing an appeal in the California Superior Court. The bills provide further that, within 90 days of the date a determination by the California Tax Court becomes final, a taxpayer or the applicable state agency may appeal the determination of the California Tax Court to the Court of Appeal.	II	Amendments sought to eliminate use of terms "court" and "judge" and to allow review by extraordinary writ only.

B. COURT FUNDING

The council supports funding of the courts at a level that will ensure an adequate and stable source of necessary resources. The council generally opposes funding the courts by fees or fines, but departs from this general position in certain circumstances.

Allows an electronic filing service provider—if an electronic filing is made to the court via an electronic filing service provider acting as the agent of the court for purposes of collecting and remitting filing fees, and fees owed to the electronic filing service provider remain unpaid for a period of five days after notice to the attorney of record, and the filing was made by the attorney of record and not an unrepresented party—to notify the clerk that fees remain unpaid despite notice to the attorney of record. SB 36	Hertzberg	2019	Support	<p>Requires each pretrial services agency that uses a pretrial risk assessment tool to validate the tool by January 1, 2021, and on a regular basis thereafter, but no less frequently than once every three years, and to make specified information regarding the tool, including validation studies, publicly available. Requires the Judicial Council to maintain a list of pretrial services agencies that have satisfied those validation requirements and complied with those transparency requirements. Requires the Judicial Council, beginning on December 31, 2020, and on or before December 31 of each year thereafter, to publish a report on its internet website with data related to outcomes and potential biases in pretrial release. Requires pretrial services agencies, the Department of Justice, courts, and local governments that elect to use risk assessment tools to work with the Judicial Council to provide the data necessary for this report. Protects the use of the data by restricting the Judicial Council from sharing any individual-level data unless the council has entered into a contract for research purposes. To ensure sufficient funding for data collection, analysis, and reporting requirements, constrains those provisions of SB 36 to apply solely to agencies receiving funding, as follows:</p> <ul style="list-style-type: none"> • Pretrial services agencies that have a contractual agreement with one of the pretrial pilot program courts (funded with the Budget Act of 2019 appropriation of \$75 million for the pilots). • Agencies otherwise funded by the state to perform risk assessments—for example, if SB 10 goes into effect or the state chooses to expand or continue the pilot projects. • Other agencies that perform risk assessments only if sufficient funding is provided to the Judicial Council, the superior courts, and pretrial services agencies to ensure their ability to meet the data reporting requirements and standards set by the Judicial Council. <p>Requires the Judicial Council, on or before July 1, 2022, to provide a report to the courts and the Legislature containing recommendations to mitigate bias and disparate effect in pretrial decisionmaking.</p>	III, VII

I	
SB 443	Mitchell	2016	No position	Requires additional due process protection in cases where the State of California seeks forfeiture of assets in connection with specified drug offenses. Changes the process concerning how money or property forfeited under federal forfeiture law is distributed to state or local law enforcement. Increases the threshold for a burden of proof of beyond a reasonable doubt for seizure of assets to less than \$40,000. V	
AB 249	Obernolte	2015	Sponsor	Prohibits appeals based solely on the grounds of an error in the imposition or calculation of fines, penalty assessments, surcharges, fees, or costs unless the defendant first presents the claim in the trial court at the time of sentencing, or, if the error is not discovered until after sentencing, the defendant first makes a motion for correction in the trial court. Lists statutory exceptions to the appellate procedure stated in Penal Code section 1237.2.	I

Provides that courts may provide the information through a form notice presented to the defendant or a bulletin posted in the courtroom informing the defendant of these adverse consequences. IV	Potential of increasing workload and adding to the already high-volume calendars; defense counsel is in best position to advise of adverse consequences.
AB 539	Levine	2015	Support	Authorizes law enforcement to obtain a search warrant to test the blood of a person suspected of operating a marine vessel under the influence of drugs and/or alcohol.	IV

AB 813	Gonzalez	2015	Oppose unless amended	Creates an explicit right for a person no longer imprisoned or restrained to prosecute a motion to vacate a conviction or sentence as specified.	IV	Author made several amendments to address some of the concerns raised by the Judicial Council.
AB 1156	Brown	2015	Support	Makes numerous technical and clarifying changes to the 2011 Realignment Act, including, among others, that a court may, within 120 days of the date of commitment on its own motion, or on the recommendation of the county correctional administrator, recall the sentence previously ordered and resentence the defendant in the same manner as if he or she had not previously been sentenced, provided the new sentence, if any, is no greater than the original sentence; requiring the Judicial Council to adopt rules providing criteria regarding a court's decision to impose the lower or upper term of a sentence under Penal Code section 1170(h)(1)–(2); and providing that a person shall not be subject to prosecution for a non-felony offense arising out of a violation in the California Vehicle Code, with the exception of Driving under the Influence (DUI), that is pending against him or her at the time of his or commitment to a county jail under the 2011 Realignment Act.	I	Judicial Council also sponsored a proposal authorizing courts to recall past felony sentences within 120 days of sentencing on the court's own motion.

BILL	AUTHOR	YEAR	POSITION	BILL SUMMARY	GOAL	NOTES
AB 1352	Eggman	2015	No position	Requires a court to allow a defendant who was granted deferred entry of judgment on or after January 1, 1997, after pleading guilty or nolo contendere to the charged offense, to withdraw his or her plea and enter a plea of not guilty, and would require the court to dismiss the complaint or information against the defendant if the defendant performed satisfactorily during the deferred entry of judgment period and the defendant attests that the plea may result in the denial or loss to the defendant of any employment, benefit, license, or certificate, including, but not limited to, causing a noncitizen defendant to potentially be found inadmissible, deportable, or subject to any other kind of adverse immigration consequence. Requires that if court records showing the case resolution are no longer available, the defendant's declaration, under penalty of perjury, that the charges were dismissed after he or she completed the requirements, be presumed to be true if the defendant submits a copy of his or her state summary criminal history information that shows either that the defendant successfully completed the deferred entry of judgment program or that the record does not show a final disposition.	I	
AB 1492	Gatto	2015	Oppose	Among other things, requires that DNA samples obtained during an arrest on a felony not be sent to Department of Justice for analysis until after a judicial determination of probable cause, if the California Supreme Court upholds <i>People v. Buza</i> , review granted February 18, 2015, S223698. If the California Supreme Court upholds <i>Buza</i> , requires the DNA specimen and sample to be destroyed and the searchable database profile expunged from the database without the requirement of an application to the Department of Justice.	IV	Poses significant operational issues; the potential confusion among courts regarding the application of the bill prior to and after the Supreme Court's ruling in <i>Buza</i> is likely to place burdens on the courts.
SB 213	Block	2015	Support/ Cosponsor	Reduces the number of peremptory challenges available in misdemeanor trials from 10 to 6 in cases where the offense is punishable with a maximum term of imprisonment of one year or less.	IV

Provides the court may order intermediary standby counsel if the court makes the certain findings. If intermediary standby counsel is not available, provides that the court appoint any individual the court deems fit to conduct the examination or the court may conduct the examination. Provides that when the court orders the examination of the victim be presented by intermediary standby counsel, another individual, or the court, the defendant shall submit the entire line of questioning to the intermediary standby counsel, another individual, or the court, including any follow-up questions, and have the right to contemporaneously direct intermediary standby counsel, another individual, or the court during the examination to ensure the defendant maintains control of his or her defense. AB 885	Ammiano	2014	Oppose	Allows the court, in any criminal trial or proceeding in which the court determines that the prosecuting attorney has failed to disclose materials and information required under law, to instruct the jury that the intentional failure to disclose the materials and information has occurred and that the jury may consider the failure to disclose as circumstantial evidence to support the presence of reasonable doubt.	II	Interferes with judicial discretion to deliver jury instructions that are appropriate to the unique facts and circumstances of each trial.
AB 1014	Skinner	2014	Neutral	Creates a new civil process for the issuance of gun violence restraining orders and authorizes a law enforcement officer or immediate family member of a person to seek, and a court to issue, a gun violence restraining order, as specified, prohibiting a person from having in his or her custody or control, owning, purchasing, possessing, or receiving any firearms or ammunition. Requires the Judicial Council to prescribe the petitions and orders and any other documents or rules of court necessary to implement the gun violence restraining order process.	I	Author took numerous amendments addressing operational concerns for courts.
AB 1591	Achadjian	2014	Support	Requires that courts notify the Department of Justice in an electronic format about individuals who have been adjudged by a court to be incompetent to stand trial, not guilty by reason of insanity, a danger to others as a result of a mental disorder or mental illness, or a mentally disordered sex offender, within one court day instead of two court days of the finding.	IV	
AB 1610	Bonta	2014	Support	Authorizes the defendant or the People to apply for an order that the witness be examined conditionally when the defendant has been charged with human trafficking and there is evidence that the victim or material witness will not attend the trial because he or she is under the direct control of the defendant or another person involved in human trafficking and by virtue of this relationship, the defendant or another person seeks to prevent the witness or victim from testifying. Clarifies that the prosecuting agency must record the court order at the appropriate public office.	IV	Increases the efficiency of courts by avoiding costly quiet title actions.
AB 2186	Lowenthal	2014	Support	Among other things, requires the court, if it finds any one of a list of conditions to be true, to issue an order authorizing involuntary administration of antipsychotic medication to the defendant when and as prescribed by the defendant's treating psychiatrist at a state hospital or other facility. Requires the court to review the order to administer involuntary medication at the time of the review of the initial competency report by the medical director of the treatment facility and at reviews of the six-month progress reports.	IV	
AB 2190	Maienschein	2014	Sponsor	Allows the court, when appropriate, to conditionally release a defendant found incompetent to stand trial to a placement in the community, rather than in a custodial or in-patient setting, to receive mental health treatment until competency is restored. Requires that when a conservatorship investigation results from a criminal court ordering an evaluation of a defendant, the officer must submit a copy of the report to the defendant or defendant's attorney who may authorize distribution to the criminal court. Clarifies the defendant or defendant's counsel must give prior written consent to release of conservatorship investigation to a criminal court.	I, IV	
AB 2397	Frazier	2014	Support	Expands the types of appearances that can be made using two-way videoconference technology between a defendant housed in a state, county, or local facility within the county and a courtroom to include specified noncritical trial appearances, if the defendant and defense counsel consent to the defendant's physical absence from court.	VI	The use of video technology should improve the efficiency of courts and over time the use of that and similar technology will be more frequent.
AB 2487	Wagner	2014	Sponsor	Requires court reporters to transcribe shorthand notes of preliminary hearings on homicide charges within 10 days following the close of examination. In all other felony charges, the reporter would be required to transcribe his or her shorthand notes within 10 days of a request by counsel or the court.	IV	Would have created new efficiencies for the courts.

BILL	AUTHOR	YEAR	POSITION	BILL SUMMARY	GOAL	NOTES
AB 2499	Bonilla	2014	Support	Among other things, provides that unless otherwise ordered by the court, mandatory supervision commences upon release from physical custody or an alternative custody program, whichever is later. Also provides that this provision becomes effective and operative on January 1, 2015, and shall be applied prospectively to any person sentenced on or after January 1, 2015. The bill further provides that the time spent on a home-monitoring program shall be credited toward any term of imprisonment or fine imposed.	VI	Enhances judicial discretion when courts impose sentences involving mandatory supervision and clarifies an ambiguity in the law about when mandatory supervision begins for a defendant.
AB 2625	Achadjian	2014	Support	Requires the court, in cases where the medical director's report concerning the defendant's progress toward mental competency recovery indicates there is no substantial likelihood the defendant will regain mental competence in the foreseeable future to order the defendant to be returned to the court for further proceedings to determine if the defendant is eligible to be placed under a specified conservatorship no later than 10 days following receipt of the medical director's report. Provides that the court shall transmit a copy of its order to the community program director or his or her designee. Requires that a defendant committed to a state hospital for treatment to regain mental competency, but who has not recovered competence, be returned to the committing court no later than 90 days before the expiration of the defendant's term of commitment.	IV	
AB 2645	Dababneh	2014	Sponsor	Provides that where jurisdiction of a case in which the defendant has been placed on mandatory supervision or probation is transferred, the court in the transferring county shall determine the amount of restitution owed to the victim, unless the determination cannot be made in a reasonable time.	III	
AB 2683	Cooley	2014	Sponsor	Deletes a category of juror misconduct that constitutes misdemeanor contempt—the willful disobedience by a juror of a court admonishment against any communication or research about a pending trial, including electronic or wireless communications.	III

AB 2724	Bradford	2014	Oppose	Provides that the ability to post bail or pay the civil assessment imposed by the court for failure to appear for a proceeding, or failure to pay a fine or bail installment, is not a prerequisite to filing a request that the court vacate the assessment. Provides that the imposition or collection of a civil assessment does not preclude a defendant from scheduling a court hearing on the underlying charge. Provides that the court cannot require the payment of bail, fine, or civil assessment before the person requests that the court vacate a civil assessment, imposed as specified. Provides that if an agreement is signed to pay a lawfully imposed fine in installments or to perform community service in lieu of the fine, as specified, the magistrate or court clerk is required to issue and file with the Department of Motor Vehicles (DMV) a certificate showing that an agreement has been signed to request that the hold on the defendant's driver's license be lifted.	II	
SB 663	Lara	2014	Support provision relating to trial dates	Among other things, requires that, in scheduling a trial date at an arraignment in superior court where the allegation is that the defendant committed a crime against a person with a developmental disability, courts make reasonable efforts to avoid setting that trial, when that case is assigned to a particular prosecuting attorney, on the same day that another case is set for trial involving the same prosecuting attorney.	I, IV	Gives courts flexibility in scheduling arraignments involving allegations that the defendant committed a crime against persons with developmental disabilities by requiring courts to make "reasonable efforts" to avoid setting trials on the same day a case is assigned to a prosecuting attorney who already has another case rather than requiring courts to do so in all instances.
SB 1110	Jackson	2014	Support, if amended	Requires a magistrate to inquire as to the active duty or veteran status of the defendant and requires specified actions if the defendant acknowledges military service, including filing Judicial Council Form MIL-100 and transmitting the form to the county veterans services officer for confirmation of military service. Provides that a defendant may decline to provide military service information without penalty. Requires, if the defendant is not represented by counsel, that the magistrate not make an inquiry into the defendant's current or past military status and requires that the court advise the defendant that certain current or former members of the U.S. military who meet certain qualifications are eligible for specific forms of restorative relief.	IV	Should result in better and timelier results for criminal cases involving individuals with military-related service who have not been identified as such by raising the awareness of veterans about their options during criminal proceedings. Thus, it should result in individuals who have military-related service being assigned to veterans courts in a timely manner in the counties where they are available, as well as providing defendants easier access to services at the local, state, and federal level.

Provides that it is within the sole discretion of the court to admit a person to bail pending revocation of PRCS. States that a bail application will be governed by the procedures stated in existing provisions of law governing bail. BILL	AUTHOR	YEAR	POSITION	BILL SUMMARY	GOAL	NOTES
SB 530	Wright	2013	Oppose	Among other things, eliminates the requirement that a defendant present satisfactory evidence of five years' residence in this state prior to the filing of the petition for a certificate of rehabilitation and a pardon from a conviction of either a felony or misdemeanor violation of a sex offense, the accusatory pleading of which has been dismissed. Permits an individual convicted outside the state of an offense that would be a felony or a misdemeanor sex offense if the conviction had occurred in the state, to file a petition for a certificate of rehabilitation if the petitioner: (1) has not been incarcerated since the dismissal of the accusatory pleading; (2) is not on probation for the commission of any other felony; and (3) presents clear and convincing evidence that he or she has been a resident of the United States, its territories, or a military base for the five consecutive years prior to filing the petition. Requires such petitioners, at least 90 days prior to the date set for a hearing, to give notice of the filing of the petition to the district attorney in each county, or the equivalent jurisdiction, where a felony or misdemeanor offense occurred, and each county where the petitioner has resided for the previous five years.	I	Provisions relating to certificates of rehabilitation raise interstate jurisdictional issues.

IV	Enacted in response to the U.S. Supreme Court ruling in <i>Missouri v. McNally</i> that a search warrant is generally required to conduct a blood test of an individual suspected of driving under the influence.
AB 1913	Skinner	2012	Oppose	Authorizes persons on postrelease community supervision (PRCS) to apply for bail during the pendency of court revocation proceedings. Specifies that admittance to bail pending revocation of PRCS is within the sole discretion of the court. Provides that a bail application under the bill's provisions shall be governed by existing statutory procedures for the setting of bail.	I	Creates inconsistent processes for courts based on the type of supervision.
SB 210	Hancock	2012	Oppose	Requires that a judge determine whether a defendant charged with a felony, the sentence for which may be served in county jail, is eligible for release on his or her own recognizance (OR). Sets forth a nonexclusive list of factors a court may, but is not required to, consider in granting OR release.	I, II	Effectively requires courts to consider a host of factors in all cases, and sets up grounds for review if courts fail to do so.

SB 1124	Cannella	2012	Oppose	Requires, rather than allows, the court, following every conviction resulting in commitment to state prison or county jail, to order the defendant to file a statement setting forth his or her assets, liabilities, and income, and requires the court to conduct a hearing and make a determination of the ability of the defendant to pay all or a portion of the reasonable costs of incarceration.	IV	
AB 109	Committee on Budget	2011	No position	Enacts broad changes to the criminal justice system by realigning postrelease supervision of inmates from the state to the county and redefining “felony to be punishable,” with specified exceptions, in county jail instead of state prison.	IV	The Judicial Council took no position on the policy as outside the council’s purview, but due to the magnitude of the realignment and impacts on the courts, the council directed staff to submit a letter to the Governor and Legislature on behalf of the Judicial Council expressing grave concerns about the concept of shifting parole jurisdiction to the judicial branch and the critical need to provide adequate resources.
AB 1284	Hagman	2011	Oppose	Permits the court, in lieu of revoking probation, to allow the defendant to post bond to secure appearance at any future hearing regarding a violation of the court-imposed conditions of probation. SB 481	Durazo	2021	Neutral, if amended	Allows a judge, in the furtherance of justice, to order the dismissal of a special circumstance finding or admission in cases in which the sentence is life imprisonment without the possibility of parole (LWOP) and creates a presumption in favor of dismissal for people who were age 25 or younger at the time of the offense and have been incarcerated for at least 15 years and established procedures for doing so.	I, IV	
SB 483	Allen	2021	Oppose	Provides an accelerated mechanism for retroactively eliminating from prior sentences two sentencing enhancements that had, in prior legislation, been declared invalid except in narrow circumstances (that is, the enhancements for having suffered a prior drug-related conviction).	II	
SB 567	Bradford	2021	Oppose, unless amended	Provides that when a judgment of imprisonment is to be imposed and the statute specifies three possible terms, the court shall, in its sound discretion, order imposition of a sentence not to exceed the middle term, unless there are circumstances in aggravation that, in the case of a trial by jury, have been stipulated to by the defendant, or, at trial by the jury or by the judge in a court trial, have been found true beyond a reasonable doubt. Requires the court, upon the request of the defendant, to bifurcate the trial on the circumstances in aggravation from the trial of charges and enhancements in specified instances. Provides that the jury shall not be informed of the bifurcated allegations until there has been a conviction of a felony offense.	IV

SB 775	Becker	2021	Neutral, if amended	Expands the right of an individual to petition the court for resentencing upon a conviction pursuant to the natural and probable consequences doctrine or other theory under which malice is imputed to a person based solely on that person's participation in a crime to individuals convicted of attempted murder and manslaughter. Requires the court to determine whether the petitioner has made a prima facie case for relief. Permits the appointment of counsel in petitions for resentencing as specified. Authorizes a person convicted of murder, attempted murder, or manslaughter whose conviction is not final to challenge the validity of that conviction upon direct appeal.	I, IV	
AB 1950	Kamlager	2020	Support, if amended	Provides that a court may not impose a term of probation longer than two years for a felony conviction and one year for a misdemeanor conviction.	I, VII	Proposed amendments to change the term of probation to 18 months in light of existing programs. Also, raised concerns that these changes will result in less funding to County Probation Departments under SB 678 and fewer resources to supervise those on probation, which creates recidivism issues.
AB 1976	Eggman	2020	Support	Among other things, requires a county or group of counties to offer mental health programs under Laura's Law (assisted outpatient treatment) unless a county opts out by a resolution passed by the governing body.	IV	Expands the availability of mental health treatments for participants in Collaborative Justice Court programs.
AB 2025	Gipson	2020	Support	Authorizes the County of Los Angeles to establish a pilot project for up to six years to develop a restorative care program for community-based care and treatment that addresses the interrelated and complex needs of individuals suffering from mental illness and substance use disorder, along with other medical comorbidities, and homelessness.	IV	Expands the availability of mental health treatments for participants in Collaborative Justice Court programs.
AB 2542	Kalra	2020	Note concerns	Prohibits the state from seeking a criminal conviction or sentence on the basis of race, ethnicity, or national origin, as specified. Allows a writ of habeas corpus to be prosecuted on the basis of that prohibition. Requires a court that finds a violation of that prohibition to dispose of the case against the defendant as specified. Applies its provisions to adjudications and dispositions in the juvenile justice system.	I, IV, VII	Raised substantial concerns regarding the fair administration of justice, substantial new impacts on court operations that would result from the bill, and areas of potential legal challenges as well as where clarifying language is necessary to avoid protracted litigation on the meaning of terms within the bill.

BILL	AUTHOR	YEAR	POSITION	BILL SUMMARY	GOAL	NOTES
AB 3234	Ting	2020	Oppose, unless amended and funded; support, if amended and funded	Authorizes a judge to offer misdemeanor diversion to a defendant, over the objection of a prosecuting attorney, for a period not to exceed 24 months, and to order the defendant to comply with the terms, conditions, and programs the judge deems appropriate based on the defendant's specific situation.	IV, VII	Imposes new unfunded burdens on courts. The original pilot program (AB 2124; Stats. 2014, ch. 732) excluded many misdemeanors from eligibility and included eligibility criteria. AB 3234 does not exclude most of those misdemeanors, save for four listed exceptions, nor does it include AB 2124's eligibility criteria.
SB 315	Hertzberg	2020	Neutral, if amended	Establishes the COVID-19 Alternative Adjudication Program. Requires a court to dismiss a misdemeanor charge or charges and allows a court to dismiss a felony charge or charges under the program if the defendant meets specified conditions including, among others, that 6 months have passed since the person was released from custody on a misdemeanor charge or 12 months for a felony charge and the defendant or minor has not been charged with a misdemeanor or felony occurring after the charge at issue was filed, with specified exceptions.	IV	Worked with the author's office and stakeholders to address a variety of issues that create workload concerns for trial courts and the lack of clarity with many of the bill's provisions.
AB 581	Levine	2019	Support	Allows a defendant currently serving a felony sentence who is or was a member of the United States military and may be suffering from sexual trauma, traumatic brain injury, post-traumatic stress disorder, substance abuse, or mental health problems as a result of the defendant's military service to petition for resentencing to allow the court to consider that circumstance as a factor in mitigation if it was not considered at the time of sentencing, without regard to whether the defendant was sentenced before January 1, 2015. Clarifies that this relief is available whether or not there was argument or evidence about the defendant's condition at trial.	I, III	
AB 597	Levine	2019	Support	Extends the authority of a court, until January 1, 2023, to authorize the use of flash incarceration to detain a person in county jail for not more than 10 days for a violation of the conditions of that person's probation or mandatory supervision.	I	
AB 865	Levine	2018	Support	Authorizes any person who was sentenced for a felony conviction before January 1, 2015, is or was a member of the U.S. military, and may be suffering from post-traumatic stress disorder (PTSD) or other forms of trauma conditions as a result of his or her military service to petition for a recall of sentence if the person meets both of the following conditions: (1) the circumstance of suffering from sexual trauma, traumatic brain injury, PTSD, substance abuse, or mental health problems as a result of the person's military service was not considered as a factor in mitigation at the time of sentencing; and (2) the person was sentenced before January 1, 2015, whether or not the case was final as of January 1, 2015. AB 1065	Jones-Sawyer	2018	Neutral, if amended to either remove the references to a deferred entry of judgment program or clarify the process for that program	Creates the crime of organized retail theft, and makes various changes to existing laws related to arrest and bench warrants for theft-related offenses. Until January 1, 2021, authorizes a city or county prosecuting attorney or a county probation department to create a diversion or deferred entry of judgment program for persons who commit repeat theft offenses.	III	
AB 1793	Bonta	2018	Oppose, unless amended and funded	Requires the Department of Justice (DOJ), by July 1, 2019, to identify past cannabis conviction cases that are potentially eligible for recall or dismissal of sentence, sealing, or redesignation under current law. Requires DOJ to notify prosecutors of cases in their jurisdiction that are eligible for sentence modifications. Requires prosecutors, by July 1, 2010, to review all identified cases to determine if they will object to sentence modifications in these cases or allow them to proceed and to notify the courts and public defenders of cases where they are challenging the sentence modification. Requires courts to automatically modify sentences in identified cases if there is no challenge by July 1, 2020.	VII	The state budget included \$13.9 million General Fund in 2019-20 and \$2.9 million in 2020-21 to support costs associated with increased workload for the trial courts as a result of the enactment of AB 1793.
AB 2438	Ting	2018	Oppose	Requires the court to automatically withdraw the plea of guilty or nolo contendere and enter a plea of not guilty for a defendant after the lapse of one year from the date of pronouncement of judgment, if he or she has fully complied with and performed the sentence of the court, is not then serving a sentence for any offense is not under charge of commission of any crime, has conformed to and obeyed the laws of the land, and has fulfilled the conditions of probation. Applies these provisions to defendants who have completed probation on or after November 23, 1970. For a defendant convicted of a misdemeanor and not granted probation and a defendant convicted on an infraction, after the lapse of one year from the date of pronouncement of judgment, requires the court to withdraw the plea of guilty or nolo contendere and enter a plea of not guilty, or if the defendant has been convicted after a plea of not guilty, to set aside the verdict of guilty, if a defendant has fully complied with and performed the sentence of the court, is not then serving a sentence for any offense, is not under charge of commission of any crime, and has, since the pronouncement of judgment, lived an honest and upright life and conformed to and obeyed the laws of the land. AB 3125	Mayes	2018	Oppose	Requires judges, in adopting or revising a uniform countywide bail schedule, to compute bail as follows when a person is booked for, or charged with, two or more offenses: (1) set bail under the bail schedule for the offense having the highest amount of bail, including applicable amounts for enhancements and prior convictions; and (2) if the offenses were alleged to have been committed against separate victims or on separate dates, or separate sex crimes were committed against one victim and each charge may be punished separately, set bail as the sum of the amounts listed for each offense, including applicable amounts for enhancements and convictions. Also provides that when determining the amount of bail in either situation, both of the following are required: (1) that amounts of applicable enhancements be added only one time per victim; and (2) that amounts for prior convictions, if applicable, be added only one time per prior case.	IV	
SB 142	Beall	2018	Support, if amended	Changes the current pretrial release and detention system, moving from a system that determines pretrial release and detention based on criminal charges and monetary bail, to one that is based on criminal charges, assessment of risk to public safety, and potential for failure to return to court.	II, III	
SB 215	Beall	2018	Support	Makes defendants ineligible for the mental health diversion program for certain serious offenses. Authorizes a court to require the defendant to make a prima facie showing that the defendant will meet the minimum requirements of eligibility for diversion and that the defendant and the offense are suitable for diversion. Requires the court, on request, to conduct a hearing to determine whether restitution is owed to any victim as a result of the diverted offense and, if owed, to order its payment during the period of diversion.	IV	
SB 1187	Beall	2018	Support	Changes the period of commitment for an individual who has been found incompetent to stand trial (IST) from three years to two years. Makes IST individuals eligible for custody credits during the period of commitment, and applies those credits to those individuals when competency is restored. Makes various technical changes. SB 1437	Skinner	2018	Support, if amended	Revises the felony murder rule to exclude certain participants in the commission or attempted commission of a felony that results in death from liability for murder. Provides a means of vacating the conviction and resentencing a defendant when a complaint, information, or an indictment was filed against the defendant that allowed the prosecution to proceed under a theory of first degree felony murder or murder under the natural and probable consequences doctrine, the defendant was sentenced for first degree or second degree murder or accepted a plea offer in lieu of a trial at which the defendant could be convicted for first degree or second degree murder.	I	
AB 154	Levine	2017	No position	Provides that on conviction of any felony in which a defendant is sentenced to state prison and on certain findings, a court must recommend in writing that the defendant participate in a counseling or education program with a mental health component while imprisoned. Requires the court to make that recommendation on a finding that any of the following are true: (1) the defendant at the time of the commission of the offense was suffering from a serious mental illness, (2) the defendant has a demonstrated history of mental illness, and (3) the defendant at the time of the commission of the offense was suffering from a mental illness that was a substantial factor that contributed to the defendant's criminal conduct.	IV

SB 8	Beall	2017	Support	Authorizes a court, with the consent of the defendant and a waiver of the defendant's speedy trial right, to postpone prosecution of certain misdemeanor or felony offenses punishable in a county jail, and place the defendant in a pretrial diversion program for up to 2 years if the court is satisfied the defendant suffers from a mental disorder, that the defendant's mental disorder played a significant role in the commission of the charged offense, and that the defendant would benefit from mental health treatment. The court may, after considering the positions of the defense and prosecution, grant pretrial diversion to a defendant and courts will continue to have access to the arrest record of the defendant even if the defendant successfully completes the diversion program. Requires ongoing monitoring by the court by requiring that reports be made to the court, as well as the defense and prosecution, by the divertee's mental health provider on the divertee's process in treatment at least every three months. Provides that a court may conclude that a divertee has performed satisfactorily if, in the court's judgment, the divertee has substantially complied with the requirements of the treatment program, avoided significant new violations of law unrelated to the defendant's mental health condition, and has a location in place for long-term mental health care.	II, III	
SB 142	Beall	2017	Support, if amended	Establishes the State Community Mental Health Performance Incentives Fund, which would provide monetary incentives for counties to avoid sending mentally ill offenders to prison. Requires courts to consider, if provided by probation, a defendant's mental health history when determining sentence and whether treatment in the community, including residential treatment, is appropriate in lieu of incarceration.		
SB 384	Wiener	2017	Support, if funded	Commencing January 1, 2021, establishes three tiers of registration for sex offenders based on specified criteria for two mandated minimum periods of registration of 10 years, and 20 years, and maintains lifetime registration as specified. Establishes new court procedures by authorizing a tier one or tier two offender to file a petition at the expiration of his or her minimum registration period, and provides that the district attorney may request a hearing on the petition on the basis that the petitioner has not fulfilled the requirements of successful tier completion, as specified. Authorizes a tier three offender who meets specified criteria to petition the court for placement into tier two.	I	
SB 670	Jackson	2017	Sponsor	Promotes uniformity and clarifies judicial sentencing authority when imposing concurrent or consecutive judgments under Penal Code section 1170(h) implicating multiple counties. BILL	AUTHOR	YEAR	POSITION	BILL SUMMARY	GOAL	NOTES
AB 1006	Levine	2015	Oppose	Provides that a defendant who has pleaded guilty or nolo contendere to, or been convicted of, an offense that will result in a sentence to state prison or county jail, or the prosecutor, may submit evidence after the defendant's plea or conviction, but before her or his sentencing, that the defendant suffers from a diagnosable mental illness that was a substantial factor that contributed to the defendant's criminal conduct. Requires the court to consider such evidence in conjunction with the defendant's sentencing. Provides that the court may order placement of the defendant as follows: if the defendant agrees, the court may order the defendant to serve all or a portion of her or his sentence in a residential mental health treatment facility instead of state prison or county jail; the court may order the Department of Corrections and Rehabilitation (CDCR) or the county jail authority to place the defendant in a mental health program within the prison or jail; and the court may order CDCR or the county jail authority to prepare a postrelease mental health treatment plan, as specified. Allows the defendant or prosecutor, at any time, to petition the court for approval to transfer the defendant from a residential mental health treatment facility to a mental health program within the prison or jail. Provides a similar court petition process for cases where the defendant, prosecutor, CDCR, or county jail authority seeks permission to remove the defendant from a mental health program within the state prison or jail, or dismissal of the requirement that CDCR or the county jail authority prepare a postrelease mental health treatment plan.	II	Creates burdensome and costly sentencing procedures.
AB 1214	Achadjian	2015	Sponsor	Requires courts to find good cause before continuing a sentencing hearing for failure by the probation department to provide a sentencing report by the required deadlines.	I	
AB 1237	Brown	2015	Oppose	Among other things, specifies that when a defendant pleads not guilty by reason of insanity (NGI), the court must select an evaluation panel established by Department of State Hospitals under the bill's provisions (instead of psychiatrists and psychologists appointed by the court) to examine the defendant and investigate his or her mental status, make specified reports to the court, and testify during the NGI proceedings. Imposes similar obligations and restrictions on the court in cases where the competence of the defendant to stand trial is at issue.	II	Interferes with court's ability to appoint expert evaluators.
SB 266	Block	2015	No position	Authorizes until January 1, 2021, the use of "flash" incarceration, where a county probation department can order the detention for any adult offender under their supervision in jail for not more than 10 consecutive days for violating a condition of parole or mandatory supervision. These provisions would not apply to persons convicted of certain drug offenses.	I	Judicial Council supported a similar bill, SB 419 (Block; 2014).

BILL	AUTHOR	YEAR	POSITION	BILL SUMMARY	GOAL	NOTES
SB 352	Block	2015	Support	Requires a sentencing court, upon a person's conviction for violating elder abuse provisions, to consider issuing an order restraining the defendant from any contact with the victim, whether the defendant is sentenced to state prison or county jail, or if imposition of sentence is suspended and the defendant is placed on probation, for up to 10 years, as determined by the court. Provides that the protective order may be issued by the court whether the defendant is sentenced to state prison or county jail, or if imposition of sentence is suspended and the defendant is placed on probation. Declares the intent of the Legislature that in determining the length of any restraining order the court consider the seriousness of the facts before it, the probability of future violations, and the safety of the victim and his or her immediate family.	I	
SB 382	Lara	2015	Support	Provides further guidance to criminal courts on the five criteria that courts must consider when determining whether a juvenile is a fit and proper subject to be dealt with under juvenile court law by providing that when considering each of the criteria, courts may give weight to certain factors.	I	
AB 1585	Alejo	2014	Support if amended	Provides that a defendant who has been convicted of solicitation or prostitution may petition the court to set aside the conviction if the defendant can establish by clear and convincing evidence that the conviction was the result of his or her status as a victim of human trafficking.	II, III	Proposed amendments would uphold the public policy underlying the bill while ensuring the remedy is not extended in a manner that would duplicate prior criminal proceedings.
AB 2098	Levine	2014	Support if amended	Requires the court to consider a defendant's status as a combat veteran suffering from sexual trauma, traumatic brain injury, posttraumatic stress disorder, substance abuse, or other mental health problems as a result of his or her military service, as a factor in favor of granting probation, and as a factor in mitigation when choosing whether to impose the lower, middle, or upper term of a state prison sentence. Clarifies that consideration of veteran status in sentencing does not preclude the court from considering similar trauma, injury, substance abuse, or mental health problems due to other causes as evidence or factors in mitigation.	II, III	Amendments would have preserved judicial discretion when considering the impact of military service as a factor in mitigation.
AB 2124	Lowenthal	2014	Support	Authorizes a judge, at his or her discretion, to defer sentencing a defendant who has submitted a plea of guilty or nolo contendere for a period not to exceed 12 months and to order the defendant to comply with terms, conditions, and programs, as specified.	II	Gives courts greater flexibility to fashion remedies that are most appropriate for the facts and circumstances of an individual defendant and has the potential to free up precious judicial resources.

BILL	AUTHOR	YEAR	POSITION	BILL SUMMARY	GOAL	NOTES
SB 210	Hancock	2014	Support	Provides that a sheriff, probation department, or other local government agency may, with the concurrence of the board of supervisors, employ an investigative staff to determine whether or not a defendant may be released on his or her own recognizance. Requires that only one entity shall issue a report. Provides that in setting conditions for pretrial release and in setting, reducing, or denying bail, the court shall consider, in addition to the protection of the public, the defendant's criminal record and the seriousness of the charged offense. Also provides that when considering the history and circumstances of the defendant, the court may consider the results of an evidence-based pretrial risk assessment instrument that is predictive of the defendant's risk to public safety and the probability of him or her failing to appear at court hearings.	II	Author took a number of amendments to address previous concerns including amendments that enhance judicial discretion by stating that when deciding to release a defendant on his or her own recognizance, the judge may consider the results of an evidence-based pretrial risk assessment instrument rather than the specific factors previously stated in the bill.
SB 1227	Hancock	2014	Support if amended	Creates a pretrial diversion program when a member or former member of the U.S. military is accused of a misdemeanor and the defendant is suffering from sexual trauma, traumatic brain injury, posttraumatic stress disorder, substance abuse, or mental health problems resulting from his or her military service.	II	In general the Judicial Council is supportive of diversion programs because they enhance judicial discretion in fashioning remedies that are most appropriate to the individual facts and circumstance of the defendant and have the potential to free up precious judicial resources. The proposed amendments would enhance judicial discretion by requiring the court to determine whether there was causal connection between the military service and resulting condition and the crime.
AB 560	Ammiano	2013	Oppose unless amended; support if amended	Requires, instead of authorizes, courts to impose a split sentence with a minimum of six months of mandatory supervision in every felony case resulting in a county jail term. Authorizes the court, when a defendant is sentenced to county jail, to, on its own motion or on the recommendation of the sheriff, recall the sentence and resentence the defendant, provided the new sentence is no greater than the initial sentence (paralleling the process in current law relating to state prison sentences).	I, II	Interferes with judicial discretion in sentencing by requiring split sentences.

AB 604	Ammiano	2013	Oppose the provision requiring courts to give specified jury instructions. No position on the remaining provisions.	Among other things, requires, when law enforcement has adopted procedures for conducting photo and live lineups with eye witnesses, that courts give jury instructions about those procedures that are substantially similar to instructions stated in the bill.	II	Interferes with judicial discretion to deliver jury instructions appropriate to the facts and circumstances of each individual case. Gutted and amended September 6, 2013, to impose state regulation and enforcement of medical cannabis.
AB 651	Bradford	2013	Oppose	Authorizes courts, in their discretion and in the interest of justice, to grant dismissals (commonly referred to as “expungements”) for eligible petitioners who were convicted of a felony and sentenced to jail on a petition for a change of plea or setting aside of a verdict.	II	Interferes with court’s discretion to provide incentives to individuals convicted of crimes to opt for probation or split sentences.
AB 765	Ammiano	2013	Oppose	Provides that, effective January 1, 2014, the court may not impose an upper-term sentence based on aggravating facts unless those facts were first presented to the fact-finder and the fact-finder found the facts to be true.	II	Diminishes court’s discretion by preventing courts from imposing upper term in the absence of certain findings.
SB 260	Hancock	2013	Oppose	Requires a sentencing court, on a motion by an inmate, after 60 days’ notice to the prosecution, to hold a hearing to review the sentence of a person who meets specified criteria. Allows the judge to suspend or stay all or a portion of the sentence, reduce the sentence to any sentence that could lawfully have been ordered at the time of the original judgment, or both reduce and suspend or stay all or a portion of the sentence. Authorizes the court to consider specified evidence relating to the person’s rehabilitation and the circumstances at the time of the offense, in conjunction with any other evidence the court considers relevant, in making this determination. Requires the court to state on the record the criteria relied on in reaching its decision and to provide a statement of reasons for reliance on those criteria. Permits each person granted review whose sentence is not suspended, stayed, or reduced, to file a new petition for review three or more years after the prior hearing. AB 1667	Santiago	2020	Oppose, unless amended	For the estates of decedents with a date of death on or after January 1, 2021, provides that a will executed in compliance with the provisions applicable to written wills is not invalid solely because it is written or stored in an electronic record, as defined, or signed by the testator or witnesses using an electronic signature, as defined. Provides, for the estates of decedents with a date of death on or after January 1, 2021, that a will that was not executed in compliance with specified requirements relating to witnesses to a will be treated as if the will was executed in compliance, if the proponent of the will establishes by clear and convincing evidence that the testator intended the will to constitute the testator’s will. Authorizes an electronic record to be deemed a valid will if the proponent of the will establishes by clear and convincing evidence that, at the time the testator finalized the will, the testator intended the will to constitute the testator’s will. Provides the methods for a testator to revoke a will that is written, signed, or stored in an electronic record, including, among other methods, a physical act by the testator performed on a copy of the will stored in an electronic record that shows the testator’s intent to revoke the will by clear and convincing evidence. Clarifies that the custodian of a will stored in an electronic record is required to comply with the same requirements described for other wills, and also requires the custodian of a will stored in an electronic record to certify the copy of the will by attaching to the copy a declaration, under penalty of perjury, that the copy is a complete, true, and accurate copy of the original will as entrusted to the custodian.	I, II, III	Significantly increases probate litigation by failing to protect testators’ interests in crafting an electronic will.

SB 303	Wieckowski	2019	Oppose	Provides the presumption that the personal residence of the conservatee is the least restrictive appropriate residence for the conservatee and that, in any hearing to determine if removal of the conservatee from the conservatee's personal residence is appropriate, that presumption may be overcome by clear and convincing evidence. Requires a conservator to notify the court of the proposed sale of a present or former residence before the conservator commits any significant resources to the proposed sale, except as specified, and further requires the conservator to provide the court with additional information about the projected effect of the sale on the conservatee's capital gains income, tax liability, and eligibility for public benefits. Substantially limits the court's discretion to grant a conservator authority to sell a conservatee's personal residence without court confirmation of the sale. In addition, requires the conservator to demonstrate to the court, by clear and convincing evidence, a compelling need to sell the residence for the benefit of the conservatee, and deletes the authority of a court to waive certain requirements for a sale, including the requirement for a conservator to obtain an appraisal. The proposed legislation would provide statutory authority for remote criminal proceedings, provide statutory authority for courts to order the physical presence of a misdemeanor defendant, and expand a defendant's right to waive their physical and remote presence in a felony case.

Recommendation

The Legislation Committee and the Criminal Law Advisory Committee recommend that the Judicial Council sponsor legislation to amend Penal Code sections 977, 1043, 1043.5, 1148, and 1193, and to enact Penal Code section 977.3. The new statute would provide authority for remote criminal proceedings; the amendments would authorize courts to order the physical presence of a misdemeanor defendant and would expand a defendant’s right to waive their physical and remote presence in a felony case.

Relevant Previous Council Action

In 2014, the Commission on the Future of California’s Court System (Futures Commission) was formed. Its primary purpose was to study and recommend to the Chief Justice initiatives to serve the public effectively and efficiently by enhancing access to justice. The Futures Commission released its final report in 2017 and noted that, “the option to attend court proceedings remotely should ultimately be available for all noncriminal case types and appearances, and for all witnesses, parties, and attorneys in courts across the state.”¹

In 2018, in response to the Futures Commission recommendation on remote proceedings in noncriminal cases, the Information Technology Advisory Committee (ITAC) formed the Remote Video Appearances Workstream (the workstream), which analyzed the state of video and digital appearances in California courts, and made recommendations to “broaden the adoption of this emerging model for court appearances.”² The workstream made several recommendations to develop legislative and rule proposals that would facilitate the use of video appearances in most civil proceedings. Following the workstream’s report, the Civil and Small Claims Advisory Committee, Family and Juvenile Law Advisory Committee, Probate and Mental Health Advisory Committee, and ITAC formed a joint ad hoc subcommittee to move forward with development of legislative and rule proposals. In the Spring of 2020, these advisory committees circulated for public comment a proposal to sponsor legislation for courts to permit remote video appearances in any civil action or proceeding, including trials and evidentiary hearings.³

Also, in the Spring of 2020, in response to the Covid-19 pandemic, the Judicial Council adopted Emergency Rule 3, Use of technology for remote appearances, and Emergency Rule 5, Personal appearance waivers of defendants during health emergency. These emergency rules permit a defendant in a criminal proceeding to waive their personal appearance and appear remotely or permit counsel to appear on the defendant’s behalf. In light of the emergency rules, the Judicial

Council adopted as one of its key legislative priorities for 2021 the continued sponsorship and support of legislation to improve judicial branch operational efficiencies. These efficiencies included cost-savings and cost-recovery measures as well as the ability to conduct proceedings remotely in order to expand safe and reliable access to justice

In line with these priorities, the council sought budget trailer bill language to the 2021-2022 budget to allow continued use of remote technology in civil proceedings. Negotiations ultimately resulted in the passage of SB 241 (Umberg; Stats. 2021, ch. 214) and accompanying Budget Trailer Bill Language contained in AB 177 (Ting; Stats. 2021, ch. 257). The Judicial Council supported SB 241.

SB 241 enacts the “2021 California Court Efficiency Act,” which, among other things, authorizes the use of remote technology in civil proceedings until July 1, 2023. The remote technology provision of the bill authorizes, in civil cases where a party has provided notice they intend to appear remotely, a party to appear remotely and the court to conduct conferences, hearings, and proceedings, in whole or in part, through the use of remote technology. AB 177 requires the Judicial Council, by January 1, 2023, to submit a report to the Legislature and the Governor on the use of remote technology in civil actions by the trial courts, and requires the Judicial Council to convene a working group for the purpose of recommending a statewide framework for remote civil court proceedings that addresses equal and fair access to justice, including consideration of and recommendations on (1) court reporter availability and future workforce, (2) statewide procedural and technical guidelines to ensure court users receive the best possible levels of service and access, (3) case types and proceeding types for which remote proceedings are appropriate, (4) protocols for ensuring court users fully understand their options for accessing the court remotely, and (5) whether changes are needed to existing laws protecting the accuracy of the official verbatim record and preserving parties’ rights to appeal.

Analysis/Rationale

Guided by the Judicial Council’s legislative priorities and lessons learned from the Covid-19 pandemic, the Criminal Law Advisory Committee developed this proposal as a companion to the civil remote proceeding legislative proposal. The proposal provides statutory authority for remote criminal proceedings, for courts to order the physical presence of a misdemeanor defendant, and for defendants to waive the right to be physically or remotely present in a felony case.

After public comment was received on this proposal, SB 241 and AB 177 were chaptered, and the Legislation Committee revised this proposal for consistency with the framework and terminology in those bills. This included replacing references to “personal presence” or being “personally present” with references to a defendant’s physical or remote presence, referring to proceedings through the use of remote technology rather than remote appearances through the use of technology, and ensuring that the judge’s ability to order the physical presence of the defendant was consistent throughout the different provisions. These changes did not circulate for public comment. The statutory revisions recommended by CLAC are underlined or struck

through in black, and the revisions incorporating the framework and terminology of SB 241 and AB 177 are highlighted on pages 7–13.

Policy implications

This proposal supports the Judicial Council’s current legislative priority to continue to sponsor and support legislation to improve judicial branch operational efficiencies, including the ability to conduct proceedings remotely in order to expand safe and reliable access to justice. In addition, the proposal supports the branch’s longstanding priority to increase public access to the courts.⁴

While the Judicial Council ultimately successfully negotiated amendments favorable to the courts in SB 241 and AB 177, the use of remote technology in civil proceedings encountered considerable resistance in the Legislature. The primary objections came from labor, in particular representatives of court reporters and court interpreters. While there has been general support for the proposal in the legal community and Administration, the council was not able to get permanent approval for civil remote proceedings at this time, with the implementing statute, Code of Civil Procedure section 599, set to expire on July 1, 2023.

Comments

This proposal circulated for comment from April 9, 2021 to May 21, 2021 and received six comments, which were submitted by the director of operations of a superior court, a county bar association, a public defender’s office, an individual public defender, an interpreter, and a member of the public. Two commenters agreed with the proposal, one agreed if modified, two did not agree, and one did not declare a position but appeared to agree with the proposal.

The commenter who agreed with the proposal if modified read the proposal as amending Penal Code section 977(b)(2) to permit a victim of crime to require a defendant to be physically present in court, noting that there is no such requirement in case law, statute, or a constitutional provision, including Marsy’s Law. The committee clarified that the proposed language does not require the court to order the defendant to be physically present upon request of a victim, but states that the court may do so upon request of the victim, to the extent required by Section 28 of Article I of the California Constitution.

A commenter who disagreed with the proposal stated that remote appearances did not further the interests of the accused, and did not think that requiring the defendant’s consent for a remote appearance was sufficient to override this concern. The committee disagreed, noting that in addition to requiring the defendant’s consent, most defendants are represented by counsel who

⁴ In 2013, Chief Justice Tani G. Cantil-Sakauye proposed a framework to increase public access to the courts. Her vision, entitled Access 3D, combines strategies from the courts—actions that will ensure greater public access—with a reasonable reliance on funds reinvested into the judicial branch. The goals of Access 3D ensure that Californians have access to the justice system they expect and deserve. The three dimensions of Access 3D are: (1) improved physical access, by keeping courts open and operating during hours that benefit the public; (2) increased remote access, by increasing the ability of court users to conduct branch business online; and (3) enhanced equal access, by serving people of all languages, abilities, and needs, reflecting California’s diversity.

can help determine whether a remote or physical appearance in a particular proceeding is in the best interests of the defendant. The commenter also stated that an effective cross-examination could not be achieved during a remote proceeding. The committee responded that section 977.3 would protect a defendant's right to cross-examination by requiring the consent of the parties for any witness in a criminal proceeding to testify remotely, as well as require the defendant to make an informed waiver, on the record, of the right to have the witness testify in person. Finally, the commenter stated that allowing defense counsel to appear remotely could pit the client's interests against defense counsel's interests in arranging for multiple appearances in various courts in order to earn more income. The committee disagreed that facilitating such conditional remote appearances by counsel in criminal matters would undermine the duty of loyalty. The committee noted that while it is conceivable that the provision might increase an individual attorney's ability to make appearances in various geographic locations without having to take into account travel time and expenses (thus reducing the cost to the clients), it is not inconsistent with any rule of professional conduct. Additionally, because such appearances may be made only with the consent of the client and subject to court approval, the committee did not share the commenter's concern that authorized remote appearances by counsel will result in prejudice to a defendant.

The other commenter who disagreed with the proposal was concerned that inadequate equipment, poor internet connections, and lack of technical knowledge, among other things, would make the work of court interpreters and stenographers difficult or impossible to do if they could not clearly hear the proceedings. Similar to SB 241, the proposal includes a provision for the Judicial Council to adopt rules of court to implement the policies and provisions of this section and CLAC plans to consider rules addressing technology standards, training, and guidance to courts on conducting proceedings with remote appearances, including defendants with limited English proficiency.

Alternatives considered

CLAC discussed whether to revise section 977 to allow the court to exercise its discretion to order a remote appearance rather than rely on a defendant's consent. Though there was a measure of support for those changes, there was an overriding concern about opposition to remote appearances without the defendant's consent, and the committee ultimately decided to develop a proposal aimed at removing statutory barriers to the optional use of remote technology, with a defendant's consent, for a remote proceeding.

The committee discussed concerns that allowing prosecutors and defense attorneys to appear remotely could result in delayed resolution of cases, but ultimately decided that providing statutory authority for remote appearances by counsel when appropriate was a valuable procedural option.

Fiscal and Operational Impacts

The proposal would provide courts with statutory authority to permit, but not require, remote proceedings through the use of technology. Courts that choose to allow remote proceedings through the use of technology would need to devote fiscal resources and modify existing

operations to support such appearances. Specifically, implementing remote criminal proceedings would result in staff, training, equipment, and software costs. However, the transition to remote proceedings during the Covid-19 pandemic has already resulted in all 58 local superior courts being able to hold proceedings remotely in at least one case type, and 39 courts in most or all case types. Further, the option to conduct remote proceedings may help courts reduce case backlogs associated with the pandemic, resulting in fiscal and operational benefits.

			<p>to an image on a screen. Empathy and sympathy for the many struggles of the client is noticeably absent when the proceedings involve remote appearances.</p> <p>That the accused must consent to the remote appearance is of no consolation. If there is one common likeness between individuals within the criminal justice system, it is a history of trauma. A large majority of the individuals who are accused of criminal conduct have been subject to, either singularly or a combination of: abuse, neglect, violence, racism, or sexual assault and exploitation.</p> <p>This maltreatment leads these individuals to believe that they are of little to no value. They are told that they are a pariah, they view themselves as such, and they seek to minimize their perceived cost to others. The consequence of remote proceedings as a result of these mistaken – but internalized – beliefs: the individuals are content to watch court actors make weighty decisions about the individuals’ futures rather than participate in the decision-making process. In essence, court becomes a reality tv show, the ending of which is often a prison sentence for the viewer. By requiring</p>	<p>The proposal requires a defendant’s consent to appear remotely through the use of technology in a criminal proceeding and does not permit a remote appearance over a defendant’s objection. Further, most defendants are represented by counsel who can help determine whether a remote or physical personal appearance in a particular proceeding is in the best interests of the defendant.</p>

			<p>individuals to personally attend court, the courts convey a fundamental truth about the adjudication process: that the accused is a stake holder, has worth, and whose dignity must be respected.</p> <p>B. Effective advocacy cannot be achieved during a remote proceeding.</p> <p>An exacting cross-examination is necessary for effective advocacy; it is vital to the determination of credibility and reliability. This much was recognized by the United States Supreme Court: “Admitting statements deemed reliable by a judge is fundamentally at odds with the right of confrontation. To be sure, the Clause’s ultimate goal is to ensure reliability of evidence, but it is a procedural rather than a substantive guarantee. It commands, not that evidence be reliable, but that reliability be assessed in a particular manner: by testing in the crucible of cross-examination. The Clause thus reflects a judgment, not only about the desirability of reliable evidence (a point on which there could be little dissent), but about how reliability can best be determined.”</p>	<p>The committee acknowledges the commenter’s concerns. However, section 977.3 would require the consent of the parties for any witness in a criminal proceeding to testify remotely, as well as require the defendant to make an informed waiver, on the record, of the right to have the witness testify physically in the courtroom. These requirements would protect the defendant’s right to cross-examination.</p>

			<p>Confronting a witness with prior statements is a basic and fundamental component of cross-examination. More often than not, this is most effective with the visual component of defense counsel actually walking up to the witness and asking the witness to confront a prior inconsistent statement made by that witness. This is impossible when the witness is testifying by video. In this way, embracing a rule that permits witnesses to testify remotely will correspond to less-effective advocacy, which is antithetical to truth determination.</p> <p>C. Permitting defense counsel to appear remotely has the potential to undermine the duty of loyalty.</p> <p>Defense counsel cannot represent an individual if the representation will be materially limited because of the attorney’s own interest. The proposal implicates this particular rule section in two ways. First, it allows an attorney to appear for court without having to be personally present with the client. Second, it permits an attorney to appear remotely without being personally present in the courtroom.</p>	<p>The committee does not agree that allowing attorneys to appear remotely (with the consent of the defendant and subject to judicial approval) poses a danger of undermining the right to effective assistance of counsel. While the committee recognizes and agrees with the assertion that competent counsel must have the capacity to engage in confidential communication with a client during a hearing at which the defendant’s presence is required in order for the</p>

			<p>The right to counsel includes the ability to confer with counsel during the proceedings. Competent defense counsel often speak with clients during proceedings and answer any questions that clients may have. An attorney cannot effectively do that while not standing or sitting immediately next to the client.</p> <p>Though the proposal has obvious implications to the right to counsel, it can be argued that this defect is cured if the attorney first gets permission from the client – and this is why the proposal implicates the duty of loyalty. An attorney may prefer the comfort of the attorney’s office to the courtroom. In fact, for retained attorneys, remote appearances may even permit multiple appearances in various courts across counties; this means more income. A situation where the attorney considers the attorney’s own comfort or income, i.e., the attorney’s own interest, compromises the attorney’s sober judgment and can materially limit the representation.</p> <p>The COVID-19 public health crisis introduced an immediate need to conduct court proceedings in a manner where individuals were distanced from each other. There was a cost to this, but</p>	<p>right to counsel to be effectuated, the proposed provision does not foreclose the use of technology to allow for such communication, as needed. Additionally, the committee does not share the view that facilitating such conditional remote appearances by counsel in criminal matters undermines the duty of loyalty. While it is conceivable that the rule might increase an individual attorney’s ability to make appearances in various geographic locations without having to take into account travel time and expenses (thus reducing the cost to the clients), it is not inconsistent with any rule of professional conduct. And, because such appearances may be made only with the consent of the client and subject to court approval, the committee does not share the commenter’s concern that occasional authorized remote appearances by counsel will result in prejudice to a defendant.</p>

			the cost was outweighed by the dangers of the novel virus. The emergency measures that were put in place should not become the new normal. Instead, as the danger subsides there should be a corresponding restoration of the rights of the accused. For the aforementioned reasons, we oppose the LEG21-01 proposal.

			<p>required. My experience is that video remote has had many problems that interfere with the ability of LEP persons to fully participate in hearings. I request the Legislature to NOT adopt the trailer bill on remote hearings, but instead take time to speak with those of us working in the courts, so that we can share the many problems we have experienced during the Covid-19 Pandemic.</p> <p>Technology is not up to par with the court needs of anyone participating in the judicial process. Bad equipment, poor internet connections, lack of knowledge and/or improper use of technology, among other things, difficult and sometimes make impossible the work of court interpreters and stenographers, who cannot hear part of the proceedings. Add to that issues related to acoustic shock, mental fatigue, remote audiovisual processing, discourse practices, and forensic linguistics, and the services cannot be adequately provided.</p> <p>Special times call for special circumstances, and the unexpected court shutdowns imposed by the unprecedented pandemic forced us to adapt to make the best with what we had.
