Subject: Support of SEC report
Date: Sunday, July 22, 2012 4:21:29 PM

I have read and reviewed the SEC report in its entirety. It appears that the Committee's exhaustive report involved a complete analysis and critical deliberation in arriving at its conclusions and recommendations. I strongly urge the adoption of the report and its findings without further delay. It is imperative that these recommendations be implemented by the Judicial Council with utmost due diligence if the Court is to continue to provide access to justice for the citizens of the State of California.

Judge Patricia Nieto
Los Angeles Superior Court
