"No government ever voluntarily reduces itself in size. Government programs, once launched, never disappear. Actually a government bureau is the nearest thing to eternal life we'll ever see on this earth."
Ronald Reagan

In more than twenty years as a superior court judge, I have observed with concern, disappointment, and disgust the creation and growth of the AOC into an unresponsive, unnecessary, and irresponsible organization purportedly supervised by a feckless and equally irresponsible Judicial Council. The AOC is more than just an embarrassment. It is a travesty.

I strongly urge that all the recommendations of the Strategic Evaluation Committee Report be approved and implemented without delay.
