Subject: Comments re SEC report

I am writing to urge immediate implementation of all SEC recommendations immediately. The past failed structure of the AOC and the Judicial Council can no longer be tolerated. The AOC must be reduced to its core statutory functions of ensuring uniform accounting and reporting of trial court funding and expenditures and administrative support of the Judicial Council.

The Judicial Council is not a governing body and must show strict oversight of the AOC. Judicial Council has the sole constitutional duty to survey "...judicial business, making recommendations, adopting uniform rules of court not inconsistent with statute"(Article VI, Section 6d).

It is imperative this be done immediately. Thank you.

David Richmond, Judge
Superior Court, County of Amador
