## **From the Judges of the Santa Clara Superior Court**

The Executive Committee of the Santa Clara Superior Court has voted to direct me to respond to this report on behalf of the judges of our court.

We ask that the Judicial Council exercise its leadership and review carefully each recommendation of the report and, along with the new Administrative Director of the Administrative Office of the Courts, take action as they see fit on those recommendations that, in their collective judgment, are in the best interests of the judicial branch.
