**Judicial Council Restructuring Directives Webpage:** To provide easier access to information regarding the AOC's progress in implementing the council's restructuring directives, the AOC Restructuring webpage (<http://www.courts.ca.gov/19334.htm>) now includes information on directives addressed at council meetings, associated actions (including links to reports and audio), and highlights from the Executive and Planning Committee's report to the council.

**AOC All-Staff Meetings:** A series of one-hour staff meetings were held in San Francisco, Sacramento, and Burbank offices for AOC leadership to provide context for staff around the issues and decisions affecting our judicial branch and the AOC, and to answer their questions on internal issues ranging from the pending classification and compensation study to our efforts to home in on essential services and manage workload with 300 fewer employees.

**Funding for AB 1058 Child Support Program:** Staff successfully negotiated with the State Department of Child Support Services to provide conditional, advance grant funding to courts following receipt of program invoices for reimbursement. This will shorten the time from court expenditures to reimbursement. In addition, streamlined AOC contract and invoicing procedures for the program have been implemented to expedite execution of contracts with local courts and reduce the turnaround time for reimbursement of court invoices. Further details will be provided to courts in the contract transmission letter and at the Annual AB 1058 training conference in September.

**Substance Abuse Focus Grants:** Staff distributed the California Collaborative Justice Courts Substance Abuse Focus Grants Request for Application to presiding judges and court executive officers. This is a non-competitive grant program funded through the 2013 Budget Act available to all local collaborative justice courts.

**Legislative Advocacy:** A status report on 2013 legislation considered by the Judicial Council's Policy Coordination and Liaison Committee during the 2013–2014 legislative session may be viewed at: <http://courts.ca.gov/documents/Legislative-Status-Chart-2013.pdf>.

**Judicial Council-Sponsored Legislation:** AOC Office of Governmental Affairs advocates continue to facilitate the passage of Judicial Council-sponsored legislation through the legislative process:

- **AB 619 (Garcia) – Court facilities:** Contains one of the six efficiency proposals approved for Judicial Council sponsorship in April 2013. *Status:* Heard before the Senate Judiciary Committee on June 18, 2013 and passed to the Senate Appropriations Committee.
- **AB 648 (Jones-Sawyer) – Court reporter fee clean-up:** Cleans up language from last year that created a new \$30 fee for court reporters in civil proceedings lasting one hour or less. *Status:*

Heard before the Senate Judiciary Committee on June 18, 2013, and passed to the Senate Floor.

- AB 1004 (Gray) – Electronic signatures on arrest warrants: Contains one of the 17 efficiency proposals approved for Judicial Council sponsorship in December 2012. *Status*: Heard before the Senate Public Safety Committee on June 18, 2013, and passed to the Senate Floor.
- AB 1293 (Bloom) – Efficiencies not accepted by the Department of Finance: After discussions with Assembly Judiciary Committee staff, the bill was amended. It now contains only one of the 17 efficiency proposals approved for Judicial Council sponsorship in December 2012: a new \$40 probate fee for filing a request for special notice in certain proceedings. *Status*: This bill is in the Senate but has not yet been referred to committee.
- AB 1352 (Levine) – Court records retention: Updates and revises court record retention provisions. *Status*: Passed out of the Senate Judiciary Committee on June 11, 2013, and referred to the Senate Appropriations Committee.
- SB 378 (Block) – Official record of conviction: admissibility of electronically digitized copy: Contains one of the six efficiency proposals approved for Judicial Council sponsorship in April 2013. *Status*: Passed out of the Assembly Public Safety Committee on June 11, 2013, and referred to the Assembly Appropriations Committee Consent Calendar.
- SB 406 (Evans) – Tribal Court Civil Judgment Act: *Status*: Due to continuing opposition to this bill, it has been made into a two-year bill.

**Attorney General Liaison Meeting:** The Chief Justice, Policy Coordination and Liaison Committee Chair Justice Marvin Baxter, and AOC executives met with California Attorney General Kamala Harris and members of her executive staff to discuss issues of mutual interest including the courts' new role in parole revocation, the affect on courts of the Fair Debt Buyers Practices Act, and the creation by the Attorney General of the Office of Solicitor General.

**International Assistance on Continuity of Operations Planning:** The AOC's Office of Security provided a briefing and hands-on training for a representative of the School of Law at the University of Canterbury, Christchurch, New Zealand, on continuity of operations planning. The visit was prompted by the Christchurch earthquake two years ago. The New Zealand representative has been in California meeting with courts and other agencies about emergency preparedness.

## **Facilities**

### **SB 1407 Capital Projects:**

- There are 35 active capital projects totaling over \$4.4 billion; 13 projects, totaling over \$1.8 billion, are currently in construction; another two projects will begin construction in 2013 bringing the total value of projects in construction to over \$2 billion.

- The 2013–2014 Budget Act includes funding authorization for nine projects as follows: Construction phases in San Diego and two projects for San Joaquin (the New Stockton Courthouse and the renovation and expansion of the Juvenile Justice Center); the Working Drawings phase for five projects in Glenn, Imperial, Merced, Riverside, and Tehama; and Preliminary Plans phase for the Siskiyou project funded from local county resources.
- Two new courthouse projects for the courts in Santa Clara and Sutter have moved into construction since July 1. The Chief Justice, and court, city, county officials, and key Administrative Office of the Courts' staff attended the July groundbreaking ceremony for the new Santa Clara Family Justice Center in San Jose. The new courthouse is funded from SB 1407 and is expected to be completed in fall 2015. The new Sutter (Yuba City) Courthouse was successfully bid under budget and a notice to proceed was executed. The groundbreaking ceremony occurred on August 20, 2013. The new courthouse is funded by SB 1407 and is expected to be completed in spring 2015.

#### **Facility Modifications:**

- As of August 1, 2013, there were 400 active facility modification projects for a total estimated value of \$57.9 million.
- Implementation of facility modification projects valued at over \$10 million approved by the Trial Court Facility Modification Advisory Committee between October 2012 and July 2013 continue to face delays due to staffing shortages.

#### **Human Resources**

**Labor Relations/Negotiations:** The AOC is currently supporting 20 trial courts in labor negotiations and two court interpreter regions in bargaining sessions. Negotiations have recently concluded in one court. Staff are providing support to two trial courts in responding to a labor charge with the Public Employee Relations Board.

**Trial Court Employee Relations:** Employee relations assistance is currently being provided to 18 courts including investigation services, redrafting of personnel policies, recruitment assistance and supervisor training programs. Requests for assistance with investigations have remained high, with the unit currently assisting with 12 investigations.

#### **Financial Services**

##### **Phoenix Financial System:**

- Staff delivered a series of year-end training sessions to trial court staff, helping to ensure necessary tools to facilitate a smooth financial year-end close for fiscal year 2012–2013.

- A new Business Warehouse report has been created for Procurement to differentiate single and multiple fiscal year contracts and assist courts in tracking contract activity for blanket and contract purchase orders.
- The final phase of the Comprehensive Payment Solution campaign was concluded. Paymode and e-Payables payment processing programs have been implemented and have begun to generate associated quarterly rebates for the trial courts.
- *System Audit:* All requested data and documentation has been forwarded to the Bureau of State Audits. The focus of the audit is to ensure that the Phoenix System has the proper levels of checks and balances for all processes.

## Technology

### Phoenix Financial System Enhancements:

- An updated security encryption service was deployed to all court desktops.
- Financial interfaces for Santa Clara, Los Angeles, and Orange Superior Courts migrated to a new, more cost-effective administrative platform.
- New interfaces were developed for Riverside Superior Court trust accounting and Orange Superior Court procurement data.

**Telecommunications Infrastructure and Security Program:** The technology equipment refresh program has been completed in six courts. Twenty-three superior courts are targeted for equipment replacement by the end of the calendar year.

### Case Management Systems:

- *Civil, Small Claims, Probate and Mental Health (V3):* The V3 system is deployed in five courts (Orange, Sacramento, San Diego, San Joaquin, and Ventura), representing approximately 25 percent of the state courts' civil caseload. A software upgrade was deployed to Sacramento, San Joaquin, and Ventura. San Diego's deployment is in progress. Orange County is in the process of testing this release, along with the prior system software upgrade.
- *Sustain Justice Edition:* Maintenance in this period included production support updates, system patching, and security certificate renewals. Updates for AB 109 – Parole Revocation, were installed. Staff are meeting with member courts of the SJE Consortium to discuss the path forward for case management system needs.

**California Courts Protective Order Registry:** California Department of Justice grant-funded system deployments continued. From February through July 2013, Merced, Tehama, San Joaquin, Sutter, Glenn, Mendocino, Solano, Imperial, and San Luis Obispo Counties were added, for a total of 30 counties. Staff is working with the Department of Justice to submit a request for

2013 grant funds to install the registry in one other large and two smaller courts, to begin January 1, 2014. In July 2013, 6,569 new protective orders were entered on the system, with a total of 59,945 active orders available to 141 law enforcement agencies.

**Web Resources:**

- A new step-by-step process for how to legally change a name in California was launched on the California Courts website. This is the first of several planned step-by-step processes to improve ease of use on the Online Self-Help Center.
- Seventeen Judicial Council member court liaison reports were posted on the California Courts website and linked from Judicial Council member biography pages.

**Enterprise Architecture Program:**

- This is an ongoing tactical and strategic initiative to engineer technical solutions that promote standards for optimal use of technology resources. Staff completed a semi-annual review of technology standards. A proof of concept project is under way to determine the feasibility of implementing a private cloud to host applications.

The first proposal is a joint project of this committee and the Tribal Court/State Court Forum to address interactions between California tribal and state courts in exercising jurisdiction over tribal members who are the subject of conservatorship proceedings. **Child Support Calculations—Expanding Your Knowledge:** Three webinars provided training on either Dissomaster, XSpouse, or the Guideline Calculator for judicial officers new to a family law assignment.

**Core 40:** This one-week program for court supervisors and managers included the role of the supervisor, employment law, and performance management.

**Crawford Update Part 2: Exceptions and Application:** In 2004, the *Crawford v. Washington* opinion changed the analysis of “testimonial” hearsay. This webinar examined exceptions to the *Crawford* rule that have been carved out by case-law, including the most recent decisions from

the California Supreme Court. Using fact scenarios from the cases, participants refined their ability to analyze testimonial hearsay as it was presented during a criminal trial.

**DMV and DOJ Reporting:** This day long class was provided for 35 clerks with experience of one year or less. The class included a session on reporting convictions, failure to appear, and failure to pay occurrences to the DMV, as well as amended, corrected, or abstract reporting. Disposition codes, reportable sections, and the DMV abstract reporting manual were reviewed and discussed. The session addressed DOJ reporting, reviewing the JUS 8715 form and subsequent actions including reportable violations, the reporting of various sentences, and suspended proceedings.

**Domestic Violence Course—What Everyone New to the Bench Should Know:** This course, required by Government Code section 68555, explored the complex issues facing judicial officers that involve victim and perpetrator dynamics, recanting witnesses, effects of domestic violence on children, risks of dangerousness and lethality, and varying legal standards and technical requirements in different case types. Faculty members presented information and conducted interactive discussions to better prepare the judicial officer new to the bench for these difficult and important cases.

**Family Court Services In-Depth Technical Assistance:** In compliance with Family Code 1850, technical assistance and training programs for child custody mediators and recommending counselors are being provided at local courts, upon request. Current projects include mediation skills and models of child custody mediation.

**Family Court Services Mandatory Training Needs Assessment:** In collaboration with Family Court Services directors, managers, and supervisors, the AOC's Family Dispute Resolution staff have redesigned delivery methods for mandatory education to include a wider range of alternatives to in-person trainings. In addition to opportunities for in-person training, the fiscal year 2013–2014 plan offers mediators a wider range of options to fulfill requirements through webinar broadcasts, online video courses, and other methods that involve less time away from the job.

**Introduction to Delinquency Court:** This two-part webinar was designed for delinquency court judicial officers who began their new assignment prior to the annual Delinquency Primary Assignment.

**New Judge Orientation Faculty Training:** This two-day program trained 38 judges and subordinate judicial officers on the New Judge Orientation curriculum to enable them to serve as faculty for the program, which is offered 8–10 times a year.

**Leadership and Ethics:** This broadcast focused on ethics for trial and appellate court supervisors and managers as a basic and essential part of their leadership role. Specific ethical situations and ethical decision making were addressed.

**Realignment's Next Chapter:** This broadcast for trial court personnel discussed the changes in the parole process. Court staff who are subject matter experts on new parole procedures offered a general overview of the process, highlighted similarities and differences in the post release revocation process and the impending parole procedures. **Definitions:**

- Authorized Position (FTE)** Authorized positions include all regular ongoing positions approved in the Budget Act for that year. The number is based on the position's approved full time equivalency.
- Filled Authorized Position (FTE)** Filled authorized positions are the number of authorized positions filled based on the employee's full time equivalency.
- Headcount** The actual count of persons employed by the AOC, regardless of FTE. This number could be more than the FTE count due to part-time employees being counted as "1". This count does not include AOC Temporary Employees (909) or Employment Agency Temporary Workers.
- Vacancy (FTE)** The number of vacancies is the number of authorized positions minus the number of filled authorized positions.
- Vacancy Rate (FTE)** Vacancy Rate is calculated by dividing the number of authorized positions by the number of vacant authorized positions. This number excludes AOC temporary employees ("909" funded employees). See definition of AOC temporary employees below.
- AOC Temporary Employees (909)** The "909" category is the State Controller code the AOC uses to reference a temporary position or a temporary employee.  
909 Position - It is a position that may not be funded through the Budget Act and it is categorized by the Office of the State Controller as a temporary position used in the absence of an authorized position. 909 positions may be occupied by regular full-time employees due to the unavailability of an authorized vacant position. 909 Employee - An employee whose salary is not funded through the Budget Act. 909 employees may receive benefits if employed at least half-time and the term of employment is for more than six months. Types of "909" Temporary Employees include: Retired Annuitants: A retired annuitant is a retiree who is hired by his or her former employer or by another employer that participates in the same retirement system as the former employer. This includes a former participant in a state retirement system who has previously retired and who is currently receiving retirement benefits. Temporary: Employees employed by the AOC on a temporary basis - they do not receive full benefits (but do receive CalPERS retirement service credit).
- Employment Agency Temporary Worker (FTE)** These are workers from an employment agency. They are employees of the employment agency, not the AOC, but provide short-term support for AOC workload.
- Contractor (FTE)** Individuals augmenting the work of the AOC and providing services for a limited period of time or on a specific project, where a particular skill set is required that is either (1) not within an existing AOC classification and/or job description or (2) where recruitment issues require the use of a contractor.
- Full Time Equivalency (FTE)** Full Time Equivalency is the number of total maximum compensable hours designated in a year divided by actual hours worked in a year. For example, the work year for the AOC is defined as 2,080 hours; one employee occupying a paid full time job all year would consume one FTE. One employee working for 1,040 hours each would consume .5 FTE.
- Time Base** Full time: Employee is scheduled to work 40 hours per week. Receives full benefits.  
Part time: Employee is scheduled to work less than 40 hours per week. Employees that work more than 20 hours per week receive full benefits.  
Intermittent: Employees have no established work schedule and work on an as-needed basis that varies from one pay period to the next. Eligibility for certain benefits may be limited for these employees.
- Regular Employee** Commonly referred to as "permanent employees" – They receive full benefits.

**External Recruitments:** With a staffing reduction of more than 300 during the past 24 months, and increasing requests for assistance from courts as a result of service reductions in their own courts, the AOC has initiated a comprehensive review of its essential services to ensure that the organization can most effectively manage workload while maintaining service quality. This is a significant undertaking that began in May and will take several more months to complete. There are, however, areas within the organization where the depletion of staff is severely impairing the AOC's ability to provide immediate and critical services to the courts, and for which external recruitments are necessary. These include labor and employment lawyers, as well as site inspectors for court construction projects scheduled to begin in this fiscal year, and courthouse facility managers to oversee substantial court modification projects.
