## **County Reporting on Local Courthouse Construction Funds**

The Trial Court Facilities Act of 2002 (Sen. Bill 1732 (Escutia); Stats. 2002, ch. 1082) requires counties to report receipts to and expenditures from local courthouse construction funds. Government Code section 70403 mandates that each county submit a report to the Judicial Council's Administrative Director of all local courthouse construction fund receipts and expenditures from January 1, 1998 to December 31, 2005.

Counties retaining funds to pay bonded indebtedness must submit to the Judicial Council and the state Department of Finance annual updates of all receipts and expenditures within 90 days after the end of each fiscal year. Government Code section 70403 further requires the Judicial Council to submit a report to the Legislature on the information received from the counties regarding the status of local courthouse construction funds. This report covers the period from July 1, 2021 to June 30, 2022.

Government Code section 70402(a) requires that any amount in a county's local courthouse construction fund be transferred to the State Court Facilities Construction Fund at the later of the following dates: (1) the date of the last transfer of responsibility for court facilities from that county to the Judicial Council, or December 31, 2009, if there is no outstanding bonded indebtedness; or (2) the date of the final payment of the bonded indebtedness for any court facility paid from that fund is retired.

Below is a summary of the status of the 58 counties' courthouse construction funds as of June 30, 2022:

Thirty-three counties have closed out their local courthouse construction funds in accordance with statute.

- San Francisco ceased collection of courthouse construction funds by amending its Board of Supervisors' resolution and completing all close out activities in the reporting period. The county remitted a fund balance of \$1.4 million to the State Court Facilities Construction Fund after all project commitments were completed.

Twenty-five counties<sup>1</sup> are statutorily required to continue to report their courthouse construction funds because they have bonded indebtedness, approved outstanding projects for which the funds are used, or they have not completed the required close out activities with their Board of Supervisors. Counties are required to submit annual reports on their courthouse construction fund revenues and expenditures until such time that their Board of Supervisors have passed revised resolutions and the remaining balance of their

<sup>1</sup> The statewide totals in this report do not include Lassen County as the county did not submit its revenue and expenditure data for the reporting period.

courthouse construction funds have been remitted to the State Court Facilities Construction Fund.

- Two counties (San Joaquin and Santa Barbara) concluded their bond indebtedness in this reporting period and are expected to close out their courthouse construction funds during the next reporting period.
- Four counties (Humboldt, Lassen, Napa, and Ventura) concluded their bond indebtedness in prior reporting periods and have not completed the close out of their courthouse construction funds. The Judicial Council continues to work with these counties to facilitate the required close out activities.

### **County Reporting Under Government Code Section 70403(b) for July 1, 2021 through June 30, 2022**

The Judicial Council received reports on the condition of local courthouse construction funds from 24 of the 25 counties that are required to report during the period from July 1, 2021 to June 30, 2022. The submitted reports were received as of October 1, 2022 and were analyzed for compliance with section 70403(b) (Attachment A).

As reported by the 24 counties, the local courthouse construction fund receipts totaled \$23.4 million and expenditures totaled \$35.1 million for 2021–22. Lassen County did not submit its revenue and expenditure data as required under Government Code section 70403(a) and has not submitted a report since 2019–20. The Judicial Council continues to work with the county to obtain the required information.

### **Status of Reviews**

When a county submits its annual report on the condition of its local courthouse construction fund, Judicial Council staff review the report to determine compliance, including the beginning and ending fund balances and an explanation of expenditures by project. Each review includes a determination of whether the receipts and expenditures were made in accordance with the provisions of Government Code section 76100, including verifying that outstanding debt service still exists. If the Judicial Council concludes, based on the information provided, that a county made an expenditure not permitted by statute, the Judicial Council will notify the county and the state Department of Finance of the amount due for repayment to the state. Pursuant to Government Code section 70403(d), no repayments have been identified for 2021–22.

### **County Reporting for All Prior Reporting Periods**

Based on the reports received from the counties for these reporting periods, there is no update to the previously reported receipts and expenditures. All reports follow the

requirements of the statute for the reporting period. No further detailed reviews will be conducted on reports beyond 2014–15 unless warranted. Reports from previous fiscal years are available on the California Courts website, “Legislative Reports” webpage, at [www.courts.ca.gov/7466.htm](http://www.courts.ca.gov/7466.htm).
