

1 B: Enhancing Services to Self-Represented Litigants Through Free or Low Cost Technology

Mary Pinard Johnson, Public Services Librarian, Sacramento County Public Law Library
Robyn M. Moltzen, Public Services Librarian, Sacramento County Public Law Library

Google Calendar <http://www.google.com/calendar>

Free online calendar that can be viewed and modified by others with the password. Users can create private, shared, and public calendars.

See ours at <http://tinyurl.com/3vfvbjo>

Meebo <http://www.meebo.com>

Free instant messaging service. Users are not required to have their own messaging account to chat. This service offers live chat and video chat capabilities, as well as widgets for quick access from your website or social networking page.

Self-Produced Videos

Existing classes and workshops can be recorded and easily uploaded to YouTube.

See ours at http://www.saclaw.org/pages/selfhelp_video.aspx

Slideshare <http://www.slideshare.com>

Largest online community for sharing presentations. This service offers users the ability to upload and share PowerPoint presentations, Word documents and Adobe PDF Portfolios.

See ours at <http://www.slideshare.net/saclaw>

Audacity <http://audacity.sourceforge.net>

Audacity is a free, easy-to-use and multilingual audio editor and recorder.

See ours at <http://www.saclaw.org/pages/podcasts.aspx>

Camtasia <http://www.techsmith.com/camtasia/>

Screen recording software used to capture what is happening on your computer screen. Users can add voiceovers, music tracks, webcam videos and other media clips to enhance their screencasts.

See ours at <http://www.saclaw.org/pages/screencasts.aspx>

Go!Animate <http://goanimate.com/>

Online tool for creating animations.

See ours at <http://www.saclaw.org/video2/personal-service.htm>

Constant Contact <http://www.constantcontact.com>

Marketing software that makes it easy to create professional-looking email campaigns, promote events, and get survey feedback from customers.

WordPress <http://www.wordpress.com> (hosted), <http://www.wordpress.org> (downloaded)

Open source blogging and content management system. Two versions are available, depending on your needs and technical skills.

See ours at <http://blog.saclaw.org/>

Winksite www.winksite.com

Online service for creating mobile websites and QR Codes.
